This is Pope's classic study of the actual casting quality and strength of the best specimens of bows of different aboriginal tribes and nations of the world. Pope undertook a detailed test of shooting quality of a series of bows as well as a correlated study concerning the penetration of arrows. Most of the bows were selected from hundreds in possession of the Museum of Anthropology of the University of California. Illustrated with twenty plates. XLH883, XL883R, XLH1100, XL/XLH1200 A Classic Handbook on Traditional Navigation Methods by Celestial Body Observation This unabridged reprint Legacy Edition of E. T. Morton's *Navigation for the Amateur* is a classic manual on how to find your way with just the sun and stars to guide you. Originally published in 1912, Stone collects the traditional methods of navigation using celestial bodies and time measurements. Over 100 years old, this antique handbook is a wonderful study on the history of sailing, water sports, and boating in the early days before electricity and technology! Chapters in this classic handbook include how to use the tools of navigation including sextant, chronometer and compass, how to set sights and take readings of celestial bodies, how to find latitude and longitude based on your position and the sun, how to make use of the Sumner Line when taking readings, worked out navigation problems showing by example, and a glossary of fundamental terms for navigating on the open waters and use of cartographic principles. Also, multiple numeric tables are included, but some may be out of date based on the perpetual movements of celestial bodies - new tables would need to be

acquired for some methods. This vintage book includes timeless knowledge about navigation, sailing, the history of oceanic exploration. As this information is over 100 years old, some of the mathematical formulas may not correspond to the precise placement of celestial bodies, which are in constant motion. However, the methods in this book are timeless for navigating in the traditional way. Although this book represents thought from a former time, it also reveals much about the rich history of naval and outdoors recreation, and many of the tips, tricks, and discussions are still relevant for study today!

A part of The Classic Outing Handbooks Collection: Volume 19 This Doublebit Legacy Edition facsimile reprint of *Navigation for the Amateur* is professionally restored and presented from the original source, including inspiration from the book's original cover, with the highest degree of fidelity possible. Readers can enjoy this Legacy Edition for generations to come and learn from its timeless knowledge. A profound call to Christian discipleship. An intensive course in Christian faith. A creative freedom to serve God that is deeply grounded in Scripture. These are ways to describe Sacred Listening, James L. Wakefield's adaptation of the classic Spiritual Exercises of Ignatius Loyola. Central to the Society of Jesus (Jesuits), the Spiritual Exercises is a manual used to direct a month-long spiritual retreat. Now adapting these time-honored Exercises specifically for Protestant Christians, James L. Wakefield

encourages readers to integrate their secular goals with their religious beliefs and helps them reflect on the life of Jesus as a model for their own discipleship. Combining scholarship with classic forms of spirituality, Sacred Listening will interest church leaders and lay Christians who want to deepen their faith. WIRING DIAGRAMS Volume II of the manual that has been absolutely indispensable to the ship's engineer for over forty years was completely updated by a team of practicing marine engineers in 1991. Chapters on obsolete equipment were deleted; those on systems that are still current were updated; and new chapters were written to cover the innovations in materials, machines, and operating practices that evolved recently. For Harley-Davidson aficionados, the very name Sportster conjures an image of a fire-breathing mechanical beast scorching the world's tarmac image the Sportster itself often does not live up to. Straight from the factory, in its standard form, the Sportster routinely proves an entry-level motorcycle providing a relatively tame ride. This book aims to change all that and to show every Sportster rider how to free the beast in his or her bike. With expert, detailed advice on the proper mechanical massaging and plenty of helpful diagrams and photos this updated, third edition of Buzz Buzzelli's best-selling handbook shows how the Sportster can be transformed into the superbike of old. Including a history of the Sportster from its birth in 1957 to the recent introduction of a new engine (only the third in its long life), this book has everything it takes to open up the gates of hell and give the Sportster its head. Referred to as the "bible of karate" by famous master Chojun Miyagi, for hundreds of years the *Bubishi* was a secret text passed from master to student in China and later in Okinawa. All of karate's legendary masters have studied it, applied its teachings, or copied passages from it. No other classic work has had as dramatic an impact on the shaping and development of karate as the *Bubishi*. Karate historian and authority Patrick McCarthy spent over ten years researching and studying the *Bubishi* and the arts associated with it. The first English translation of this remarkable martial arts manual includes numerous explanations and notes. McCarthy's work also includes groundbreaking research on Okinawan and Chinese history, as well as the fighting and healing traditions that developed in those countries, making it a gold mine for researchers and practitioners alike. For the final word on the true origins and spirit of classic Okinawan martial arts, one need look no further. This karate book is one of the best karate training supplements available.
