The memoir of a young diplomat's wife who must reinvent her dream of living in Paris—one dish at a time When journalist Ann Mah's diplomat husband is given a three-year assignment in Paris, Ann is overjoyed. A lifelong foodie and

Francophile, she immediately begins plotting gastronomic adventures à deux. Then her husband is called away to Iraq on a year-long post—alone. Suddenly, Ann’s vision of a romantic sojourn in the City of Light is turned upside down. So, not unlike another diplomatic wife, Julia Child, Ann must find a life for herself in a new city. Journeying through Paris and the surrounding regions of France, Ann combats her loneliness by seeking out the perfect pain au chocolat and learning the way the andouillette sausage is really made. She explores the history and taste of everything from boeuf Bourguignon to soupe au pistou to the crispiest of buckwheat crepes. And somewhere between Paris and the south of France, she uncovers a few of life’s truths. Like Sarah Turnbull’s *Almost French* and Julie Powell’s *New York Times* bestseller *Julie and Julia*, *Mastering the Art of French Eating* is interwoven with the lively characters Ann meets and the traditional recipes she samples. Both funny and intelligent, this is a story about

love—of food, family, and France. A *NEW YORK TIMES* "SUMMER READING" PICK! From the incomparable John Baxter, award-winning author of the bestselling *The Most Beautiful Walk in the World*, a sumptuous and definitive portrait of Paris through the seasons, highlighting the unique tastes, sights, and changing personality of the city in spring, summer, fall, and winter. When the common people of France revolted in 1789, one of the first ways they chose to correct the excesses of the monarchy and the church was to rename the months of the year. Selected by poet and playwright Philippe-Francois-Nazaire Fabre, these new names reflected what took place at that season in the natural world; Fructidor was the month of fruit, Floréal that of flowers, while the winter wind (vent) dominated Ventôse. Though the names didn’t stick, these seasonal rhythms of the year continue to define Parisians, as well as travelers to the city. As acclaimed author and long-time Paris resident John Baxter

himself recalls, “My own arrival in France took place in Nivôse, the month of snow, and continued in Pluviôse, the season of rain. To someone coming from Los Angeles, where seasons barely existed, the shock was visceral. Struggling to adjust, I found reassurance in the literature, music, even the cuisine of my adoptive country, all of which marched to the inaudible drummer of the seasons.” Devoting a section of the book to each of Fabre’s months, Baxter draws upon Paris’s literary, cultural and artistic past to paint an affecting, unforgettable portrait of the city. Touching upon the various ghosts of Paris past, from Hemingway and Zelda Fitzgerald, to Claude Debussy to MFK Fisher to Francois Mitterrand, Baxter evokes the rhythms of the seasons in the City of Light, and the sense of wonder they can arouse for all who visit and live there. A melange of history, travel reportage, and myth, of high culture and low, A Year in Paris is vintage John Baxter: a vicarious thrill ride for anyone who loves Paris. NEW

YORK TIMES BESTSELLER • From the bestselling master espionage writer, hailed by Vince Flynn as “the best in the business,” comes a riveting novel about the French Resistance in Nazi-occupied Paris. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST 1941. The City of Light is dark and silent at night. But in Paris and in the farmhouses, barns, and churches of the French countryside, small groups of ordinary men and women are determined to take down the occupying forces of Adolf Hitler. Mathieu, a leader of the French Resistance, leads one such cell, helping downed British airmen escape back to England. Alan Furst’s suspenseful, fast-paced thriller captures this dangerous time as no one ever has before. He brings Paris and occupied France to life, along with courageous citizens who outmaneuver collaborators, informers, blackmailers, and spies, risking everything to fulfill perilous clandestine missions. Aiding Mathieu as part of his covert network are

Lisette, a seventeen-year-old student and courier; Max de Lyon, an arms dealer turned nightclub owner; Chantal, a woman of class and confidence; Daniel, a Jewish teacher fueled by revenge; Joëlle, who falls in love with Mathieu; and Annemarie, a willful aristocrat with deep roots in France, and a desire to act. As the German military police heighten surveillance, Mathieu and his team face a new threat, dispatched by the Reich to destroy them all. Shot through with the author's trademark fine writing, breathtaking suspense, and intense scenes of seduction and passion, Alan Furst's *A Hero of France* is at once one of the finest novels written about the French Resistance and the most gripping novel yet by the living master of the spy thriller. Excerpt from *My Years in Paris* I have a horror of people who talk so much, and do so little. The Italians asked the French to pull the chestnuts out of the fire for them, and the French most foolishly (and how they must have regretted it later on!) set out with drawn swords

to deliver the heroic Italians from the infamous yoke of Austria! Thinking people in France were absolutely anti-italian, while the Fau bourg St. Germain frankly detested them maybe because his Majesty had a certain amount of sympathy with them. The day after the troops entered Paris, the Emperor and Empress left for Biarritz, where they settled down at the Villa Eugenie. Book Review Paris lost none of its magical allure for artists and expatriates in the 1930s. Jazz orchestrated Parisian nights, surrealism flourished, haute couture reinvented itself. James Joyce redefined modern literature with *Finnegans Wake* and at her cabaret Josephine Baker redefined the derriere. At salons and galleries, palaces and cafes, Henry Miller, Helena Rubinstein, Anais Nin, Coco Chanel, Salvador Dali, Elsa Schiaparelli, T.S. Eliot, and Katherine Anne Porter joined illustrious exiles of the twenties like Gertrude Stein, Sylvia Beach, Pablo Picasso, Janet Flanner, and Man Ray. *The Twilight Years* tells their story, and the city's. Jauntily narrated and lavishly illustrated with a superb selection of period photographs, it chronicles the decade that continued to foster the brilliant creative revolution of the expatriate era - an era that ended with perhaps the grimmest event in modern French history: the fall of Paris and the Nazi occupation in 1940. *Reminiscences of the wife of the Austrian*

An illustrated study brings to life the atmosphere and personalities of pre-revolutionary Paris, traces their influence on the American envoy, and recounts his participation in the life of the city and its intrigues at court. UP. Paris was a Mecca for artists in the early 20th century. Anyone who wrote, sculpted,

acted, drew, painted, composed, or philosophized was drawn to the bustling, European city. World War I was over, and the future, which had been so uncertain for Europe, now seemed bright. For nearly a decade, F. Scott Fitzgerald lived and wrote in the City of Lights. This is the story of those productive years in Paris, France. "Jean Guéhenno's [diary] ... is the most oft-quoted piece of testimony on life in occupied France. A sharply observed record of day-to-day life under Nazi rule in Paris and a bitter commentary on literary life in those years, it has also been called 'a remarkable essay on courage and cowardice' ... Here, David Ball provides not only the first English translation of this important historical document, but also the first ever annotated, corrected edition"-- The celebrated author of *The Flâneur* traces his relocation to 1983 Paris in spite of his unfamiliarity with the language and culture, tracing how he established intimate, intellectual relationships with the city and new

friends while advancing his literary career. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. Countless American students have been lured by that vision--and been transformed by their sojourn in the City of Light. These stories tell of that experience, and how it changed the lives of three extraordinary American women. NATIONAL BESTSELLER • From the Pulitzer Prize-winning and best-selling author: a captivating, brilliantly imaginative story of three extraordinary animals—and a young boy—whose

lives intersect in Paris in this "feel-good escape" (The New York Times). Paras, short for "Perestroika," is a spirited racehorse at a racetrack west of Paris. One afternoon at dusk, she finds the door of her stall open and—she's a curious filly—wanders all the way to the City of Light. She's dazzled and often mystified by the sights, sounds, and smells around her, but she isn't afraid. Soon she meets an elegant dog, a German shorthaired pointer named Frida, who knows how to get by without attracting the attention of suspicious Parisians. Paras and Frida coexist for a time in the city's lush green spaces, nourished by Frida's strategic trips to the vegetable market. They keep company with two irrepressible ducks and an opinionated raven. But then Paras meets a human boy, Etienne, and discovers a new, otherworldly part of Paris: the ivy-walled house where the boy and his nearly-one-hundred-year-old great-grandmother live in seclusion. As the cold weather nears, the unlikeliest of friendships

bloom. But how long can a runaway horse stay undiscovered in Paris? How long can a boy keep her hidden and all to himself? Jane Smiley's beguiling new novel is itself an adventure that celebrates curiosity, ingenuity, and the desire of all creatures for true love and freedom. This intimate account offers a new, unexpected understanding of the artist's work and of the vibrant 1930s surrealist scene. In 1938, just as she was leaving Mexico for her first solo exhibition in New York, Frida Kahlo was devastated to learn from her husband, Diego Rivera, that he intended to divorce her. This latest blow followed a long series of betrayals, most painful of all his affair with her beloved younger sister, Cristina. In early 1939, anxious and adrift, Kahlo traveled

from the United States to France—her only trip to Europe, and the beginning of a unique period of her life when she was enjoying success on her own. Now, for the first time, this previously overlooked part of her story is brought to light in exquisite detail. Marc Petitjean takes the reader to Paris, where Kahlo spends her days alongside luminaries such as Pablo Picasso, André Breton, Dora Maar, and Marcel Duchamp. Using Kahlo's whirlwind romance with the author's father, Michel Petitjean, as a jumping-off point, *The Heart: Frida Kahlo in Paris* provides a striking portrait of the artist and an inside look at the history of one of her most powerful, enigmatic paintings. "A wonderful portrait of Miller in his heyday: full of beans and braggadocio, overflowing with the lust to live and write."—Erica Jong His years in Paris were the making of Henry Miller. He arrived with no money, no fixed address, and no prospects. He left as the renowned if not notorious author of *Tropic of Cancer* and *Tropic of Capricorn*. Miller

didn't just live in Paris—he devoured it. It was a world he shared with Brassai, whose work, first collected in *Paris by Night*, established him as one of the greatest photographers of the twentieth century and the most exquisite and perceptive chronicler of Parisian vice. In Miller, Brassai found his most compelling subject. *Henry Miller: The Paris Years* is an intimate account of a writer's self-discovery, seen through the unblinking eye of a master photographer. Brassai delves into Miller's relationships with Anaïs Nin and Lawrence Durrell, as well as his hopelessly tangled though wildly inspiring marriage to June. He uncovers a side of the man scarcely known to the public, and through this careful portrait recreates a bright and swift-moving era. Most of all, Brassai evokes their shared passion for the street life of the City of Light, captured in a dazzling moment of illumination. Covering 2000 years of Paris's history, Andrew Hussey presents a vivid portrait of an endlessly fascinating city. If you are in a Paris mood, you should definitely open this book. It is a photography book consisting of 400 images of the city of lights. Days and nights in Paris, sunny or rainy, snowy or foggy, no matter

what... it gets you in the Paris mood. The photographer gets you straight on the Parisian streets, in the city center and in the neighbourhoods in the same time, making you breathe the Parisian air. Vogue Paris has always been so much more than a fashion magazine. It has assumed a central and vital role on the international cultural stage, with a history that spans the most inventive decades in fashion and taste, and in the arts and society. It has acted as a cultural bellwether, putting fashion in the context of the larger world in which we live and mirroring its times - the postwar renaissance of Paris and haute couture, the New Wave, the radical seventies, the glamorous eighties. As it enters its second century, it remains at the cutting edge of photography and design. Published to mark the magazine's centenary, this book celebrates Vogue Paris's history from its first issue in 1920 to its current incarnation with Emmanuelle Alt at the helm. On its pages are creations by some of the greatest artists of

their era, whether distinguished illustrators such as Lepape, Gruau and Benito, or photographers such as Man Ray, Helmut Newton, Guy Bourdin and Mario Testino. Here, too, are iconic faces: Catherine Deneuve, Audrey Hepburn, Brigitte Bardot, Kate Moss and more. And of course, it showcases the fashion designers who defined the century - Chanel, Dior, Balenciaga, Saint Laurent, McQueen - and explores more broadly the changing mores of the past hundred years. The concluding volume of Reynolds' biography covers the last 20 years in Hemingway's life. Drawing on a wealth of new material and period documents, the author of *The Young Hemingway* traces Ernest Hemingway's development from promising young novelist to a master during the thirties, illuminating his literary evolution and the people, places, and times that influenced it. An illustrated love letter to the City of Light. Excerpt from Twenty Years in Paris: Being Some Recollections of a Literary Life Although, in the writing of it, this book has grown to bulk which much surpasses that which was proposed at the outset, and although at all times what precept was kept in mind by which the severe Boileau proclaims it the great art of authorship to leave certain things unsaid, I am yet conscious as I read its pages over again that many people have been left unnamed who ought to have been named, and that many things have not been told which ought to have been told. I begin now to understand why it is that the writers of memoirs usually require several volumes for their

narratives, and I can appreciate the truth of those words of the poet Baudelaire which Alphonse Daudet used often to quote in my hearing, "J'ai plus de souvenirs que si j'avais mille ans." The purpose of this explanatory note is to pay a collective tribute to those still living and to the memory of those who are dead, whose names are not recorded in friendship in these pages. To have written about all the distinguished people who by the privilege of their companionship and the graciousness of their hospitality have embellished the twenty years of my life in Paris would indeed have necessitated a record of many volumes.
