Have Christians compromised their stand on truth and morality until there is almost nothing they will speak out against? Has the evangelical church itself sold out to the world? A provocative and challenging book—but one that is tempered by Dr. Schaeffer's deep commitment to Christ

and love for the church. The Three Stories that Inspired the Movie With a foreword by Pedro Almodóvar Alice Munro is cherished for her exquisite, affecting meditations on the human heart. In these three linked stories, "Chance," "Soon," and "Silence"—which, together, inspired Pedro Almodóvar's film Julieta—her virtuosic talents are once again on display. The stories follow a schoolteacher named Juliet as she is swept up by fate: meeting an older man on a train and starting an affair; later, visiting her parents as a young mother; and later still, searching for contact with her estranged daughter. As with all of Munro's characters, Juliet radiates warmth, dignity, and hope, even as she is unflinching in the face of betrayal and loss. In Munro's hands, her journey is as surprising, extraordinary, and precious as life itself. "If a mother can kill her own children, then what can be next?" Mother Teresa once asked. What indeed? Once the value of human life has been depreciated, as in Roe v. Wade and

the Baby Doe Case, no one is safe. Once "quality of life" is substituted for the absolute value of human life itself, we all are endangered. Already respected scientists are calling for a time period following birth (a week or so) to decide if newborns have "sufficient quality of life" to be allowed to live. Already committees of "medical professionals" would like to decide whether the "quality of life" of the elderly or anyone seriously ill is high enough to allow them to go on living. In this moving book, the renowned pediatric surgeon and Surgeon General of the United States, C. Everett Koop, M.D., joins with one of the leading Christian thinkers of our day, Francis A. Schaeffer, to analyze the widespread implications and frightening loss of human rights brought on by today's practices of abortion, infanticide, and euthanasia. They see the present as a crucial turning point. Choices are being made that undermine human rights at their most basic level. Practices once labeled "unthinkable" are now considered acceptable.

The destruction of human life, young and old, is being sanctioned on an ever-increasing scale by the medical profession, by the courts, by parents, and by silent citizens. "But what can I do?" you ask. "I'm just one person." You can start by reading this book. Yes, it will shock you. And it will make you weep. But it will also help you see how you can actually make a difference. Caught between the beauty of his grandchildren and grief over a friend's death, Frank Schaeffer finds himself simultaneously believing and not believing in God--an atheist who prays. Schaeffer wrestles with faith and disbelief, sharing his innermost thoughts. He writes as an imperfect son, husband and grandfather whose love for his family, art and life trumps the ugly theologies of an angry God and the atheist vision of a cold, meaningless universe. Ideal for readers who want to discover what the Bible actually says regarding real problems in the real world. These studies guide the reader through passages that answer the most fundamental questions about

God. A dynamic commentary on the first eight chapters of Romans by one of the most influential Christian thinkers of this century. Schaeffer provides fresh biblical insights and an arresting perspective on our times. Newly redesigned. This authoritative biography draws on over 150,000 words of specially collected oral history to reveal who Francis Schaeffer was and how he became one of the foremost shapers of modern evangelical Christianity. "The story is set in the 1980s and is about Billy, a young fundamentalist Christian who feels called to go to Hollywood to make "God's movie." But everything goes off the rails when he accepts a job to direct a soft-porn slasher/exploitation film in apartheid-era South Africa"--Page 4 of cover. In this collection of Francis Schaeffer's letters, the personal, spiritual, and practical side of Dr. Schaeffer's work comes shining through so clearly. Each of us will find here something of ourselves, our frailty and our human need, but also something of what we might become

through the transforming presence of Jesus Christ in our lives. Are you prepared to address the most challenging cultural issues of your time? Mass media and technology are exploding. Popular entertainment relentlessly pushes the envelope. Biomedicine stretches ethical boundaries. Political issues shift with the polls. The world in which you live is in the midst of a major cultural transformation—one leading to a widespread lack of faith, an increase in moral relativism, and a rejection of absolute truth. How are we to remain faithful followers of Christ as we live in this ever-shifting culture? How should we think about—and respond to—the crucial moral questions of our day? How can we stand up for the truth? In *Culture Shift*, Dr. R. Albert Mohler—one of today’s leading Christian thinkers and spokespersons—addresses these tough topics clearly, biblically and passionately:

- Christian faith and politics
- The Supreme Court and religion
- The truth about terrorism
- Christian parents and public schools
- The

abortion debate

- Christian response to global tragedies
- And many more

Here is trustworthy help for developing a comprehensive Christian worldview. It’s timely information powerfully connected to timeless truth that will equip you to stand strong and speak out. With her best friend, Kovit’s, life in danger, Nita is determined to take down the black market once and for all.

FRANCIS SCHAEFFER was one of the most influential apologists of the 20th century. Through his speaking, writing, and filmmaking, Schaeffer successfully transformed the way people thought of the Christian faith, from a rather private kind of piety to a worldview that addressed every sphere of life. This volume—written by a man converted from agnosticism within days of meeting Schaeffer—is the first book devoted to exploring the heart and soul of Schaeffer’s approach to the Christian life, and will help readers strive after the same kind of marriage of thought and life, of orthodoxy and love. Part of the *Theologians on the Christian*

Life series. As one of the foremost evangelical thinkers of the twentieth century, Francis Schaeffer long pondered the fate of declining Western culture. In this brilliant book he analyzed the reasons for modern society's state of affairs and presented the only viable alternative: living by the Christian ethic, acceptance of God's revelation, and total affirmation of the Bible's morals, values, and meaning. 16 Encouraging Sermons on Human Weakness and God's Sufficiency by Francis Schaeffer Most Christians take an honest look at themselves and conclude that their limited talents, energy, and knowledge mean that they don't amount to much. Some even ask, Can I really make a difference? Francis A. Schaeffer counters this claim with truth from the Bible, arguing that with God there is no such thing as little people. No Little People contains sixteen sermons from Schaeffer that explore the weakness and significance of humanity in relationship to the infinite and personal God.

The focus of this collection is the lasting truth of the Bible, the faithfulness of God, the sufficiency of the work of Christ, and the power of the Spirit. Readers will be encouraged by the value that God places on each person made in his image to accomplish his redemptive plan. "Twisty, grisly, genre-bending and immersive, Not Even Bones will grab you by the throat and drag you along as it gleefully tramples all of your expectations." —Sara Holland, New York Times best-selling author of Everless Dexter meets This Savage Song in this dark fantasy about a girl who sells magical body parts on the black market—until she's betrayed. Nita doesn't murder supernatural beings and sell their body parts on the internet—her mother does that. Nita just dissects the bodies after they've been "acquired." Until her mom brings home a live specimen and Nita decides she wants out; dissecting a scared teenage boy is a step too far. But when she decides to save her mother's victim, she ends up sold in his place—because

Nita herself isn't exactly "human." She has the ability to alter her biology, a talent that is priceless on the black market. Now on the other side of the bars, if she wants to escape, Nita must ask herself if she's willing to become the worst kind of monster. Now available as a Webtoon! Challenging modern skepticism, Francis A. Schaeffer shows why Genesis provides solid ground for answering the questions of humanity's origin and purpose. Gotham meets Strange the Dreamer in this thrilling young adult fantasy about a cowardly girl who finds herself at the center of a criminal syndicate conspiracy, in a city where crooked politicians and sinister cults reign and dreaming means waking up as your worst nightmare. Ever since her sister became a man-eating spider and slaughtered her way through town, nineteen-year-old Ness has been terrified—terrified of some other Nightmare murdering her, and terrified of ending up like her sister. Because in Newham, the city that never sleeps, dreaming

means waking up as your worst fear. Whether that means becoming a Nightmare that's monstrous only in appearance, to transforming into a twisted, unrecognizable creature that terrorizes the city, no one is safe. Ness will do anything to avoid becoming another victim, even if that means lying low among the Friends of the Restful Soul, a questionable organization that may or may not be a cult. But being a member of maybe-cult has a price. In order to prove herself, Ness cons her way into what's supposed to be a simple job for the organization—only for it to blow up in her face. Literally. Tangled up in the aftermath of an explosive assassination, now Ness and the only other survivor—a Nightmare boy who Ness suspects is planning to eat her—must find their way back to Newham and uncover the sinister truth behind the attack, even as the horrors of her past loom ominously near. Truth is no longer based on reason. What we feel is now the truest reality. Yet despite our obsession with the emotive and the experiential,

we still face anxiety, despair, and purposelessness. Tracing trends in twentieth century thought, Francis A. Schaeffer shows that Christianity offers meaning where there is purposelessness and hope where there is despair. Dr. Schaeffer was one of the 20th century's champions of reasoned faith, recognized internationally for his work on Christianity and culture. He and his wife, Edith, founded L'Abri Fellowship international study and discipleship centers. Though he died in 1984, his influence continues through his writings. This set contains all 22 of Schaeffer's books. When Grandma comes to the Becker's home to recover from an operation, the Beckers find it very difficult to do the Lord's work because Grandma, with her ill-temper and bad mouth, ruins the spiritual atmosphere of the home, in the final volume of the Calvin Becker trilogy. Reprint. A Redesign of the Classic Work by Francis A. Schaeffer Few Christians had a greater impact on the Christian response to

modernism and postmodernism during the last half of the twentieth century than Francis A. Schaeffer, whose works offered a seemingly prophetic perspective that anticipated shifts in culture long before they happened. In *Death in the City*, originally written against the backdrop of the 1960s countercultural upheaval, Schaeffer shows that when the intellectual and spiritual foundation of a society fails, the society itself is destined to crumble. The death that follows subtly suffocates truth, meaning, and beauty out of the culture. Schaeffer offers a simple response to the rejection of biblical principles we see in our day—commitment to God's word as truth. This commitment is often a costly practice, but it is compassion for a world that is lost and dying without the gospel. *Death in the City* encourages us to respond to the changing culture—not by hiding away, but by living each aspect of life in supernatural communion with the Lord. Calvin is the son of a missionary family, and their trip to Portofino is the highlight

of his year. But even in the seductive Italian summer, the Beckers can't really relax. Calvin's father could slip into a Bad Mood and start hurling potted plants at any time. His mother has an embarrassing habit of trying to convert "pagans" on the beach. And his sister Janet has a ski sweater and a miniature Bible in her luggage, just in case the Russians invade and send them to Siberia. His dad says everything is part of God's plan. But this summer, Calvin has some plans of his own ... Portofino is the prequel to the noted trilogy that includes Zermatt. A huge bestseller, Portofino has been translated into seven languages. Irresistibly drawn to mysteries, if only to debunk them, reporter Lionel Page exposes supernatural frauds, swindlers, and charlatans. His latest case is an obsession--at least for an ancient and wealthy heiress: verify the authenticity of a lost Edgar Allan Poe manuscript circulating through New York City's literary underworld. But the shrewd Regina Dunkle offers more than money. It's a

pact. Fulfill her request, and Lionel's own notorious buried past, one he's been running from since he was a child, will remain hidden. As Lionel's quest begins, so do the warnings. And where rare books go, murder follows. It's only when Lionel meets enigmatic stranger Madison Hannah, his personal usher into the city's secret history, that he realizes he's being guided by a force more powerful than logic...and that he isn't just following a story. He is the story. Now that the true purpose of his mission is revealing itself in the most terrifying ways, it may finally be time for Lionel to believe in the unbelievable. Edith Schaeffer comes directly to grips with the eternal question of why we face suffering and affliction in this life, showing us how to trust in God alone for comfort. Christians serving the Lord can fall into two traps: depending too heavily on their own power or underestimating their God-given purpose. In this collection of classic sermons, renowned theologian and philosopher Francis A. Schaeffer teaches

believers how to rely on the Holy Spirit—not personal effort or status—in matters of service and leadership. This short book includes an excerpt from Schaeffer’s sermon, “The Lord’s Work in the Lord’s Way,” plus 2 sermons from the book No Little People. Covering topics including humility and servanthood, Christian office, spiritual battles, and trusting God’s methods, Schaeffer encourages pastors, students, and church members to live as consecrated people, working humbly for God’s approval instead of human praise. Considered foundational to his entire life’s work, this text was revised shortly before the renowned theologian’s death. With her self-healing ability widely known, Nita’s only chance for survival is to become too feared to be targeted again, starting with killing her betrayer, Fabricio. Wade Whitehouse, divorced, estranged from his young daughter, spends his days as a well-driller, snow-plow operator, and policeman, his nights in a wind-swept trailer park. But when a union boss

is killed in an apparent hunting accident near Wade’s home, and he is convinced that it is murder, he seizes the event as a chance to right many wrongs—unaware that as he unravels the mystery he himself will become unravelled. Soon his hunger for justice and self-respect become inseparable from a desperate violence. Everyone has a worldview. How did we get it? How is it formed? Is it possible by persuasion and logic to change one’s worldview? In *Rethinking Worldview*, writer and worldview teacher J. Mark Bertrand has a threefold aim. First, he seeks to capture a more complex, nuanced appreciation of what worldviews really are. Then he situates worldviews in the larger context of a lived faith. Finally, he explores the organic connections between worldview and wisdom and how they are expressed in witness. Bertrand’s work reads like a conversation, peppered with anecdotes and thought-provoking questions that push readers to continue thinking and talking long after they have put the book down.

Thoughtful readers interested in theology, philosophy, and culture will be motivated to rethink their own perspectives on the nature of reality, as well as to rethink the concept of worldviews itself. Francis Schaeffer (1912-1984) was probably the single greatest intellectual influence on young evangelicals of the 1960s and '70s. He was cultural critic, popular mentor, political activist, Christian apologist, founder of L'Abri, and the author of over twenty books and two important films. It is impossible to understand the intellectual world of contemporary evangelicalism apart from Francis Schaeffer. Barry Hankins has written a critical but appreciative biography that explains how Schaeffer was shaped by the contexts of his life - from young fundamentalist pastor in America, to greatly admired mentor, to lecturer and activist who encouraged world-wary evangelicals to engage the culture around them. Drawing extensively from primary sources, including personal interviews, Hankins paints a picture of

a complex, sometimes flawed, but ultimately prophetic figure in American evangelicalism and beyond. This time the soul of America really is at stake. Sure, for many years we've heard this language dramatically and cynically utilized during political campaigns, but this time it's actually true. American Exceptionalism faces more systemic threats and existential peril than ever before. A culture that can't agree on what a border, citizen, criminal, law, constitution, life, or even the truth is probably doesn't have long to last. But as Jesus warned in Matthew 9:37, "The harvest is plenty but the workers are few." Either we will stand boldly now for what we believe, or our way of life will be lost to the ash heap of history. Pilgrims "having undertaken the glory of God" and Great Awakenings are what gave birth to liberty on this continent in the first place. And without a revival of those first things in our time, that liberty will be lost for good. This will be the generation that determines the fate of the West. This is a blueprint and

battleplan for such a time as this. By the time he was nineteen, Frank Schaeffer's parents, Francis and Edith Schaeffer, had achieved global fame as bestselling evangelical authors and speakers, and Frank had joined his father on the evangelical circuit. He would go on to speak before thousands in arenas around America, publish his own evangelical bestseller, and work with such figures as Pat Robertson, Jerry Falwell, and Dr. James Dobson. But all the while Schaeffer felt increasingly alienated, precipitating a crisis of faith that would ultimately lead to his departure—even if it meant losing everything. With honesty, empathy, and humor, Schaeffer delivers “a brave and important book” (Andre Dubus III, author of *House of Sand and Fog*)—both a fascinating insider's look at the American evangelical movement and a deeply affecting personal odyssey of faith. Francis Schaeffer's *Classic Analysis of the Rise and Decline of Western Thought and Culture* civilizations throughout

history have built societies around their own limited value systems including rulers, finite gods, or relativism—only to fail. The absence of a Christian foundation eventually leads to breakdown, and those signs are visible in present-day culture as well. Can modern society avoid the same fate? In this latest edition of *How Should We Then Live?*, theologian Francis A. Schaeffer traces the decline of Western culture from the fall of Rome, through the Middle Ages and the Enlightenment, and up to the twentieth century. Studying humanism's impact on philosophy, science, and religion, he shows how this worldview historically results in apathy, chaos, and decline. Schaeffer's important work calls on readers to live instead by Christian ethics, placing their trust in the infinite personal God of the Bible. Originally written in 1976, *How Should We Then Live?* remains remarkably applicable today. Francis Schaeffer had been serving as a pastor for over a decade when he began to wonder if Christianity really made a

difference in people's lives. True Spirituality, a twentieth-century spiritual classic, outlines the result of his effort to "start at the beginning" and re-examine his faith. The book is a treasure trove of wisdom for Christians trying to discover what true spirituality looks like in everyday life. Includes a foreword by Chuck Colson and an introduction by Dr. Jerram Barrs, director of the Schaeffer Institute. "A penetrating analysis of political extremism, with a moving and at times hilarious account of growing up in one of the Christian right's most influential families. Few writers command Frank Schaeffer's intimate understanding of right-wing radicalism, and even fewer are able to share their insight as entertainingly and with as much moral weight as he has in Sex, Mom, and God."—Max Blumenthal, author of Republican Gomorrah "Mom was a much nicer person than her God. There are many biblical regulations about everything from beard-trimming to menstruating. Mom worked diligently to recast

her personal-hygiene-obsessed God in the best light." Alternating between laugh-out-loud scenes from his childhood and acidic ruminations on the present state of an America he and his famous fundamentalist parents helped create, bestselling author Frank Schaeffer asks what the Glenn Becks and the Rush Limbaughs and the paranoid fantasies of the "right-wing echo chamber" are really all about. Here's a hint: sex. The unforgettable central character in Sex, Mom, and God is the author's far-from-prudish evangelical mother, Edith, who sweetly but bizarrely provides startling juxtapositions of the religious and the sensual throughout Schaeffer's childhood. She was, says Frank Schaeffer, "the greatest illustration of the Divine beauty of Paradox I've encountered ... a fundamentalist living a double life as a lover of beauty who broke all her own judgmental rules in favor of creativity." Charlotte Gordon, the award-winning author of Mistress Bradstreet, calls Sex, Mom, and God "a

tour de force . . . Sarah Palin, 'The Family,' Anne Hutchinson, adultery, abortion, homophobia, Uganda, Ronald Reagan, B. B. King, Billy Graham, Hugh Hefner—it's all here. This is the kind of book I did not want to end." **SEARCHING FOR ABSOLUTES IN A POSTMODERN WORLD.** In this postmodern age, truth--especially religious or moral truth--is widely criticized and constantly challenged, yet perhaps more important than ever. It was this realization that led James Emery White to examine the concepts of truth as held by five twentieth -century theologians: - Cornelius Van Til - Millard J. Erickson - Francis A.
