Yamaha YZF-R1 1998-2003 "I read My Body Politic with admiration, sometimes for the pain that all but wept on the page, again for sheer exuberant friendships, for self-discovery, political imagination, and pluck. . . . Wonderful! In a dark time, a gift of hope. -Daniel Berrigan, S.J. "The struggles, joys, and political awakening of a firecracker of a narrator. . . . Linton has succeeded in creating a life both rich and enviable. With her crackle, irreverence, and intelligence, it's clear that the author would never be willing to settle. . . . Wholly enjoyable." -Kirkus Reviews "Linton is a passionate guide to a world many outsiders, and even insiders, find difficult to navigate. . . . In this volume, she recounts her personal odyssey, from flower child . . . to disability-rights/human rights activist." -Publishers Weekly "Witty, original, and political without being politically correct, introducing us to a cast of funny, brave, remarkable characters (including the professional dancer with one leg) who have changed the way that 'walkies' understand disability. By the time Linton tells you about the first time she was dancing in her wheelchair, you will feel like dancing, too." ---Carol Tavris, author of Anger: The Misunderstood Emotion "This astonishing book has perfect pitch. It is filled with wit and passion. Linton shows us how she learned to 'absorb disability,' and to pilot a new and interesting body. With verve and wonder, she discovers her body's pleasures, hungers, surprises, hurts, strengths, limits, and uses." -Rosemarie Garland-Thomson, author of Extraordinary Bodies: Figuring Physical Disability in American Culture and Literature "An extraordinarily readable account of life in the fast lane... a brilliant autobiography and a great read." -Sander L. Gilman, author of Fat Boys: A Slim Book While hitchhiking from Boston to Washington, D.C., in 1971 to protest the war in Vietnam, Simi Linton was involved in a car accident that paralyzed her legs and took the lives of her young husband and her best friend. Her memoir begins with her struggle to regain physical and emotional strength and to resume her life in the world. Then Linton takes us on the road she traveled (with stops in Berkeley, Paris, Havana) and back to her home in Manhattan, as she learns what it means to be a disabled person in America. Linton eventually completed a Ph.D., remarried, and began teaching at Hunter College. Along the way she became deeply committed to the disability rights movement and to the people she joined forces with. The stories in My Body Politic are populated with richly drawn portraits of Linton's disabled comrades, people of conviction and lusty exuberance who dance, play-and organize--with passion and commitment. My Body Politic begins in the midst of the turmoil over Vietnam and concludes with a meditation on the U.S. involvement in the current war in Iraq and the war's wounded veterans. While a memoir of the author's gradual political awakening, My Body Politic is filled with adventure, celebration, and rock and roll-Salvador Dali, James Brown, and Jimi Hendrix all make cameo appearances. Linton weaves a tale that shows disability to be an ordinary part of the twists and turns of life and, simultaneously, a unique vantage point on the world. Filled with 100 interviews with

The person who is our confidant and hero, or role model, may well be a teacher, parent, sibling, or friend who is appreciated too late. For me, my role model was my brother, Andy, who died too soon, at the age of twentyone. Unexpected? Yes. Andys story and my own as it unfolds will tell the tale of two brothers who were each others best friend. We had a childhood filled with love, joy, laughter, and sadness. Unfortunately for me, I was so busy being my brothers keeper that I never realized the phenomenal human being my brother, Andy, had become. It took Andys death for me to realize the role model I had lost. Death stole my chance ever to say thank you while Andy was alive. This memoir shares the emotions of a brothers love. Each of my lifes accomplishments has in some way been shaped by my brothers life and the way he lived it. Born with a cloud over his head, Andy struggled to learn and to fit in. Born with a rainbow in his heart, Andy would love and be loved in a way that I finally came to understand too late. This memoir is my gift of gratitude to my hero and role model. May it inspire those who read it to express their appreciation to those people who have made them into who they are today. In my case, it is my brother, who I loved more than I ever knew. A Brothers Love is Andys story and mine; it is a love story for all ages. Author's note:Please visit www.abrothersloverun.org for more information on Andy's Charities and my upcoming charity run! Cuba's Car Culture drives through Cuba's love of American cars of the '40s and '50s, and the ingenuity that keeps them running despite the U.S. embargo. 2017 Silver Medal Winner of the International Automotive Media Competition! The story of how Cuba came to be trapped in automotive time is a fascinating one. For decades, the island country had enjoyed healthy tourism trade and American outpost status, and by the 1950s it had the highest per capita automotive purchasing of any Latin American country. But when Cuba fell to communist rebels in 1959, so ended the inflow of new cars. Since then, trade embargo forced Cuba's car enthusiasts to develop a unique and insular culture, one marked by great creativity, such as: -Keeping a car alive with no opportunity to acquire replacement parts -Customizing a car with no access to aftermarket parts -Drag racing with no drag strip In many ways, Cuba is an automotive time warp, where the newest car is a 1959 Chevy or perhaps one of the Soviet Ladas. Cuba's Car Culture offers an inside look at a unique car culture, populated with cars that have been cut off from the world so long that they've morphed into something else in the spirit of automotive survival. Authors Tom Cotter and Bill Warner (founder of the Amelia Island Concours) take readers on a whirlwind tour of all things automotive, beginning with Cuba's pre-Castro car and racing history, up

to today's lost collector cars, street racing, and the challenges of keeping decades-old cars on the road. Cuba's Car Culture is illustrated throughout with rare historical photos as well as contemporary photos of Cuba's current car scene. For anyone who enjoys classic cars, whether they're old Chevy Bel-Airs, Studebakers, or Ford Fairlanes, a cruise around Cuba will make you feel like a kid in a candy store. "Filled with 100 interviews with people who live, work, and adventure all over Italy, this book will give you: Directions to that pizza place that's always packed with locals and rarely sees a tourist; Lists of must-try dishes for each town and region; Names of those off-the-beaten-track towns with the best wineries in the region; Tips on how to spot authentic gelato, make friends with the locals, and avoid rip-offs and pick-pockets; Brutal honesty about how you should never ever order a cappuccino after lunch or wear flip-flops to a monument...It's time to experience authentic, local Italy--through the eyes of those who have lived there for years."-- Back cover.
