[Securitizing Youth](#) Apr 06 2021 Securitizing Youth offers new insights on young people's engagement in a wide range of contexts related to the peace and security field. It presents empirical findings on the challenges and opportunities young women and men in their efforts to build more peaceful, inclusive, and environmentally secure societies. Those included in this edited volume examine the diversity and complexity of young people's engagement for peace and justice in different countries across the globe and in different types and phases of conflict and violence, including both conflict and relatively peaceful societies. Chapter contributors, young peacebuilders, and seasoned scholars and practitioners propose ways to support youth's agency and facilitate their meaningful participation in decision-making. The chapters are organized around five broad thematic issues that correspond to the 5 Pillars of Action identified by UN Security Council Resolution 2250. Lessons learned are intended to inform the global youth, peace, and security agenda so that it responds to on-the-ground realities, hence promoting more sustainable and inclusive approaches to long-lasting peace. [Placemaking with Children and Youth](#) Jan 27 2023 An illustrated, essential guide to engaging children and youth in the process of urban design From a history of children's rights to case studies discussing international initiatives that create child-friendly cities, Placemaking with Children and Youth offers comprehensive guidance in how to engage children and youth in the planning and design of local environments. It explains the importance of children's active participation in their societies and presents ways to bring all generations together to plan cities with a high quality of life for people of all ages. Not only does it delineate best practices in establishing programs and partnerships, it also provides principles for working ethically with children, youth, and families, paying particular attention to the inclusion of marginalized populations. Drawing on case studies from around the world—in Australia, New Zealand, Canada, India, Puerto Rico, the Netherlands, South Africa, and the United States—Placemaking with Children and Youth showcases children's global participation in community design and illustrates how a variety of methods can be combined in initiatives to achieve meaningful outcomes. This book features more than 200 visuals and detailed, thoughtful guidelines for facilitating a multiplicity of participatory processes that include drawing, photography, interviews, surveys, discussion groups, role playing, mapping, mural-making, city tours, and much more. Whether seeking information on individual methods and project planning, interpreting and analyzing results, or establishing and evaluating a sustained program, readers can find practical ideas and inspiration from six continents to connect learning to the realities of students' lives and to create better cities for all ages.

Youth Development and Neighborhood Influences November 25 2022 On January 25, 1996, the Committee on Youth Development of the Board on Children, Youth, and Families convened a workshop to examine the implications of research on social settings for the design and evaluation of programs that serve youth. The January workshop provided an opportunity for a committee to examine the strengths and limitations of existing research on interactions between social settings and adolescent development. This research has drawn attention to the importance of understanding how, when, and where adolescents interact with their families, peers, and unrelated adults in settings such as home, school, places of recreation, and recreational sites. This workshop builds on previous work of the National Research Council and reiterates its support for integrating studies of social settings into more traditional research on individual characteristics, family functioning, and relationships in seeking to describe and explain adolescent behavior and youth outcomes. Not only does this report describe the strengths and limitations of research on social settings and adolescence and identify important research questions that deserve further study in developing this field, but it also explores alternative methods by which the findings of research on social settings could be better integrated into the development of youth programs and services. Specific themes include the impact of social settings on differences in developmental pathways, role expectations, and youth identity and development of skills, as well as factors that contribute to variations in community context.

Youth Programs as Builders of Social Capital April 04 2021 This volume builds understanding of practices in youth and community development that create or build social capital assets at the individual, group, and community levels. It explores whether programs contribute to the development of social capital at the individual and community scale and how fostering and enhancing positive youth development as well as community development. It includes articles on developing and measuring social capital through instruments designed to document impact and also to engage program participants. The authors then discuss program practices that build social capital in a wide range of youth development settings, from community-based service-learning to 4-H community clubs. Finally, they focus on building social capital in particular contexts, including work in rural communities with the most vulnerable youth. The volume is designed to help practitioners refine their dual focus on youth and community development. Clarify constructs that help translate the public value of positive youth development to community stakeholders. Provide examples of practices that link youth and youth development more intentionally to the social relationships that knit communities together. This is the 138th volume of New Directions in Youth Development, the Jossey-Bass quarterly report series dedicated to bringing together everyone concerned with the development of young people, including scholars, practitioners, and people from different disciplines and professions.

At-Risk Children & Youth **Feb 16 2022** What assistance can be provided to disadvantaged youngsters to help them overcome the many challenges they face while growing up? *At-Risk Children & Youth: Resiliency Explored* analyzes the results of accumulated research on the risk and resiliency of children and youth in Ireland. Author Niall McElwee explains the challenges faced by children, including poor literacy and numeracy skills, poverty, distrust, and other difficult issues. Practical strategies are presented to help disadvantaged children and youth to overcome societal and self-imposed barriers for improvement. A detailed review and assessment is provided on the efficacy of Ireland's Youth Encounter Project, an important resource focuses on what works and what does not in youth services. *At-Risk Children & Youth: Resiliency Explored* closely examines risk factors, and what it specifically means to be 'at-risk'. Going further beyond the standard risk factors usually considered such as drug use or dropping-out of school, this probing text explores the full range of coping and healing mechanisms. The author challenges several of the views and beliefs about risk and resiliency held by many in child and youth services and in society. This book is extensively referenced and includes helpful tables to clearly present information. Topics in *At-Risk Children & Youth: Resiliency Explored* include: A breakdown of risk factors in terms for risk behaviors and predictors of risk Issues of social class and social exclusion The impact of school on the lives of students, including truancy and poor academic standing Strategies to build on student strengths The quality of the school experience as a determination of success Strategies for intervention A review of literature on risk and resiliency A relational research model, including methodology and ethical issues Description and functions of Youth Encounter Projects—and an assessment of their value Results of risk studies over the past decade Recommended changes to youth services *Risk Children & Youth: Resiliency Explored* is a valuable addition to the libraries of educators, students, and child and youth service providers everywhere.

Youth to Power **Nov 01 2020** In a luxury spa hotel in the Swiss Alps, octogenarian friends Fred Ballinger and Mick Boyle look back on their eventful and successful lives as composer and film director, surrounded by a host of colorful and eccentric guests, ranging from a South American soccer star to a famous Californian actor and a reigning Miss Universe. Fred Ballinger is there simply to enjoy his retirement, while Boyle is working with five scriptwriters on his last film, which he hopes will be his masterpiece. When Ballinger is invited by Buckingham Palace to conduct his most famous piece at Prince Philip's 80th birthday celebration and accept a knighthood in return, he refuses, citing personal reasons. As for Mick Boyle, he eventually receives a visit from Brenda Morel, his signature actress, who comes all the way from California to give her opinion of the film in which she is to star. At the same time as these two men face these turning points, the marriage of Fred's daughter and her new son brings further complications. Only by reconciling with their muses, and by coming to terms with old age and the fading of memory that comes with it, can the two friends move forward with what remains of their lives.

Youth to Power **Feb 28 2023** "Jamie Margolin is among the powerful and inspiring youth activists leading a movement to demand urgent action on the climate crisis. With determined purpose and moral clarity, Jamie is pushing politicians to develop ambitious plans to confront this existential threat to humanity. *Youth To Power* is an essential how-to guide for anyone of any age who feels called to act to protect our planet for future generations." --- Former Vice President Al Gore and climate change activist and Zero Hour founder Jamie Margolin offers the essential guide to changemaking for young people. From the 1963 Children's March. The 2016 Dakota Access Pipeline protests. March for Our Lives, and School Strike for Climate. What do all these social justice movements have in common? They were led by passionate, informed, engaged young people. Jamie Margolin has been organizing and protesting since she was fourteen years old. Now the co-leader of a global climate action movement, she knows better than most how powerful a young person can be. You don't have to be able to hold high positions of power to change the world. In *Youth to Power*, Jamie presents the essential guide to changemaking for young people, on writing and pitching op-eds, organizing successful events and peaceful protests, time management as a student, and utilizing social and traditional media to spread a message, and sustaining long-term action. She features interviews with prominent young activists including Tokata Iron Eyes of the #NoDAPL movement and Nupol Kiazolu of the #BlackLivesMatter movement, who give guidance on handling backlash, keeping your mental health a priority, and how to avoid getting taken advantage of. Jamie walks readers through every step of what effective, healthy, intersectional activism looks like. Young people have a lot to say, and *Youth to Power* will give you the tools to raise your voice.

Beyond Resistance! Youth Activism and Community Organizing **May 07 2021** The failure of current policy to address important quality of life issues for urban youth remains a substantial barrier to civic participation, educational equity, and economic mobility. This volume brings together the work of leading urban youth scholars to highlight the detrimental impact of intolerance policies on young people's educational experience and well being. Inspired by the conviction that urban youth have the right to more equitable educational and social resources and political representation, *Beyond Resistance!* offers new insights into how to increase the effectiveness of youth development and education programs, and how to implement responsive youth policies at the local, state, and federal level.

Chronic Youth Jan 15 2022 The teenager has often appeared in culture as an anxious figure, the repository for American dreams and worst nightmares, at once on the brink of success and imminent failure. Spotlighting the "troubled teenager" of pop cultural, medical, and governmental intervention, Chronic Youth traces the teenager as a figure through whom various threats to the normative order have been negotiated and contained. Examining television, popular novels, science fiction, new media, and public policy, Julie Passanante Elman shows how the teenager became a cultural touchstone for American notions of able-bodiedness, heteronormativity, and neoliberalism in the late twentieth century. By the late 1970s, television industries as well as policymakers began developing new problem-driven 'edutainment' prominently featuring narratives of disability—from the immunocompromised The Boy in the Plastic Bubble to ABC's After School Specials and teen soap operas. Although this conjoining of disability and adolescence began as a storytelling convention, disability became much more than a metaphor as the process of medicalizing adolescence intensified by the 1990s, with parenting books containing scientific warnings about the incomplete and volatile "teen brain." Undertaking a cultural history of youth that combines disability, queer, feminist, and comparative media studies, Elman offers a provocative new account of how American producers, policymakers, and medical professionals have mobilized discourses of disability to cast adolescence as a "condition." By tracing the teen's uneven passage from postwar rebel to 21st century patient, Chronic Youth shows how teenagers became a lynchpin for a culture of perpetual rehabilitation and neoliberal governmentality. Youth Without Youth and Other Novellas Aug 15 2022 Three novellas set in Romania. In "The Cape," a saboteur prints phony copies of the Romanian party organ, Scinteia, antedating them by three years. The secret police, highly agitated, deduce that a worldwide peace organization is sending coded messages through the paper, derived from the beatitudes. "Youth Without Youth," an old man is struck by a bolt of lightning and becomes young again. Now endowed with perfect memory and comprehension, he receives "thought" messages from the supernatural. "Nineteen Roses" concerns the story of a famous writer who finds himself reliving an experience that happened to his employer 30 years ago. The writer disappears and is presumed dead, but is he?

Childhood, Youth, and Social Work in Transformation Jun 08 2021 Social workers today not only face competing claims concerning the rights and needs of children and youth, but they also confront contradictions between policy and practice. Social workers are expected to fight for the best interests of the child, even though financial support for child care and education grows scarce. They are asked to save "children at risk," while, at the same time, they are urged to protect communities from "risky children"; and they are encouraged to "leave no child behind," while also implementing "zero tolerance" policies to keep educational environments free from troubled youth. A cutting-edge text that deals directly with the confusion and complexity of modern child welfare, Childhood, Youth, and Social Work in Transformation features contributions from a truly interdisciplinary group of practitioners, scholars, and activists. Examining the theoretical, political, and practical aspects of working with youth today, this volume breaks free from existing modes of thought and strategies of practice and prompts readers to critically reflect on accepted approaches and new possibilities of youth work. Contributors analyze how economic, political, and cultural changes over the last several decades have reshaped the experiences and representations of children and youth in the United States. They examine conceptions of troubled children and youth in contemporary policies and programs and assess why certain discourses about troubling youth are dominant to professionals, policymakers, and the public. In conclusion, these skilled professionals explore the reinvention of youth work policy and practice, including the need to forge relationships that respect the experiences, rights, and perspectives of children and youth.

Toward Positive Youth Development Dec 02 2020 Social settings have enormous power to promote or hinder positive development. Researchers and practitioners know a great deal about features of schools and programs for youth development, but much less about how to transform settings to bring about these desirable features. This book harnesses the power of settings. It shifts the debate from simply enhancing youth outcomes at the individual level to the settings of youths' daily lives. The book offers researchers and practitioners blueprints for creating and changing influential settings including classrooms, schools, universities, out-of-school time programs, ethnic systems of social education, and other community-based programs. Leading scholars in psychology, education, human development, sociology, anthropology, economics, law, and public policy discuss a wide array of social change strategies, and how to measure key features of settings as a target and guide for change. The authors also demonstrate how institutional structures - such as school districts, community coalitions, community data resources - can support change. Multiple chapters describe ways to make settings work for all youth, including those marginalized by reason of race, ethnicity, class, or sexual orientation. **Toward Positive Youth Development** will guide researchers, educators, administrators, and policy makers to improve schools and youth programs for all of America's youth.
