"Willem de Liefde constructed an ingenious matrix he calls the Universal Life Cycle (ULC) to help you understand yourself, your team, and your company. This process leads to the realization that our success lies in working together in harmony to become a WE driven organization thus moving to an African ubuntu approach." Professor van der Merwe, executive Dean Faculty of Economic Sciences and Information Technology, Vanderbijlpark , South Africa. William James, the father of American psychology, said that the power to move the world is in your subconscious mind. If we are able to understand and align the interaction between our conscious and subconscious mind, the power released is unimaginable, it's like an erupting volcano of positive energy; creative energy, logic and feelings of joy and harmony. If we can break these mental barriers we create a better life for all of us. The App or Android tablet tool: "EgosEcho" is the Universal Life Cycle's profiling, provides you with this knowledge and insights. You awaken the universe within. Qualitative Research Methods is based on the authors' highly successful multidisciplinary qualitative methods workshops, which have been conducted for over a decade. In this book the authors propose a 'qualitative research cycle' that leads students through the selection of appropriate methods, the collection of data and the transformation of findings into a finished project. It provides a clear explanation of the nature of qualitative research and its key concepts. Topics covered include:

- o formulating qualitative research questions
- o ethical issues
- o in-depth interviews
- o focus group discussions
- o observation
- o coding
- o data analysis
- o writing up qualitative research

This text is ideal for any students taking a qualitative methods course or producing a qualitative research project at undergraduate or graduate level. It is illustrated throughout with case studies and field examples from a range of international contexts. The practical techniques are also accompanied by the author's own research tools including interview guides, real coded data and comprehensive research checklists. IAEI Study Guides will educate you on the National Electrical Code, not just provide answers. Electrical General Study Guide, based on NEC-2011 is the first in the series. Questions are formulated to be similar to test formats you are likely to find in the electrical inspector certification examinations. This guide will teach you how to navigate through the National Electrical Code and how to find the answers quickly and

efficiently. This is important because codes change on a three-year cycle; but if you learn how to find Code requirements, you will always be able to stay abreast of the changes and succeed in your job. One of the great thing about the end to end challenge is that it is a big, bold and ambitious challenge that everybody can understand (which helps if for your trying to raise sponsorship for charity) and that most people can achieve if they spend the right amount of time on the ride for their level of riding ability. The concept of cycling from Land's End to John O'Groats is quite simple, get on your bike at one end of the country and ride to the other end. That is why it is often referred to as cycling end to end (it's also less of a mouthful!). The problems start when you come to actually start thinking in detail about planning an end to end cycle. It suddenly looks a whole lot more complicated. Which is probably why you are here, looking for some advice. This book covers everything you need to know to plan and train for your epic cycle from Lands End to John O'Groats (LEJOG) or John O'Groats to Lands End (JOGLE). Like you, I scoured the internet looking for sites or guides that would tell me what I needed to know to plan my route from John O' Groats to Lands End train for the ride. I found an enormous quantity of sites and guides but most of them, whilst interesting, were of little help. I bought Land's End to John O' Groats route books that looked good but when I got into the detail I realised

the proposed end to end route was not what I wanted. Eventually I found everything I needed, or learnt the hard way, but it took a long time. I just wished that someone had written: The Book I am Looking For That Has All The Answers I Need to Plan and Complete That Lands End to John O'Groats [or Vice Versa] Ride I've Always Talked About Doing But Never Got Around To But they hadn't. So, I decided to write it myself! (But the title was a bit of a mouth full so I changed it.) Reader comments: '...if you've never planned a ride like this before I would highly recommend this book...' '...really helpful and amusing enough to overcome my woefully short attention spa...' '...full of very practical tips and advice...' '...it's worth every penny...' '...excellent read for potential End to Enders...' '...the best by far of all that I have read; informative, practical, thoughtful and best of all humorous and entertaining...' '...I was finding the lack of information in a single source frustrating and then found this!...' '...enough detail and humour to leave the reader with the optimism that they too can meet the challenge themselves...' '...packed with useful information and practical guidance...' '...this book really aided my planning and training...' Like you, I scoured the internet looking for sites or guides that would tell me what I needed to know to plan my route from John O' Groats to Lands End train for the ride. I found an

enormous quantity of sites and guides but most of them, whilst interesting, were of little help. I bought Land's End to John O' Groats route books that looked good but when I got into the detail I realised the proposed end to end route was not what I wanted. Eventually I found everything I needed, or learnt the hard way, but it took a long time. I just wished that someone had written: The Book I am Looking For That Has All The Answers I Need to Plan and Complete That Lands End to John O'Groats [or Vice Versa] Ride I've Always Talked About Doing But Never Got Around To But they hadn't. So, I decided to write it myself! (But the title was a bit of a mouth full so I changed it.)
