A photography book celebrating the nomadic lifestyle and community of vanlife through interviews, essential advice for living on the road, and more than 200 photos of tiny rolling homes. Inspired by the blog and Instagram account, Vanlife Diaries is an inspiring and detailed look into the world of the rolling homes built and occupied by a new generation of modern nomads: a range of professionals and creatives who have ditched conventional houses for the freedom of the road and the beauty of the outdoors. More than 200 photographs feature the vanlifers, their pets, and their converted vans and buses--VWs, Sprinters, Toyotas, and more--with the interiors uniquely customized and decorated for their work and hobbies, as well as the stunning natural locations that are the movement's inspiration. Interviews and narrative captions share the stories of these nomads and how they decided to pursue vanlife, and provide practical tips and inspiration for downsizing, finding and converting your vehicle, and working and living on the road. Living a mobile lifestyle is now more possible than ever before. It's the new option. Forget hostel costs or rent. You have transport and your own home. You're free to travel the world and you can do it on a budget. This book shows you how. A book documenting 80,000 miles and counting in a self build campervan. He returned home a hero. My Old Man and the Mountain is Leif Whittaker's engaging and humorous story of what it was like to "grow up Whittaker"—the youngest son of Jim Whittaker and Dianne Roberts, in an extended family of accomplished climbers. He shares glimpses of his upbringing and how the pressure to climb started early on. Readers learn of his first adventures with family in the Olympic Mountains and on Mount Rainier; his close yet at times competitive relationship with his brother Joss; his battle with a serious back injury; and his efforts to stand apart from his father's legacy. With wry honesty

he depicts being a recent college grad, still living in his parents' home and trying to find a purpose in life—digging ditches, building houses, selling t-shirts to tourists—until a chance encounter leads to the opportunity to climb Everest, just like his father did. Leif heads to Nepal with all the excitement, irony, boredom, and trepidation that are part of high-altitude climbing. Well-known guides Dave Hahn and Melissa Arnot figure prominently in his story, as does "Big Jim." But Leif's story is not his father's story. It's a unique coming of age tale on the steep slopes of Everest and a climbing adventure that lights the imagination and fills an emotional human endeavor with universal meaning. Are you bored with living in the city, going to work, and never seeing anything outside of your house or office? Do you feel like the walls are closing in on you? Do you finally want to say "goodbye" to the city streets and "hello" to the open road? They seem to live the ultimate lives of freedom, rebellion, and carefree, peaceful existence. Are you ready to join them? Van Life is a lifestyle associated with freedom. With four wheels on the road at all times, you can go anywhere and do anything. No more stuffy conference rooms. No more waiting. And in many cases, no idea what to do next! In her debut publication, Kristine Hudson guides her audience from the wishful thinking stages, through the various levels of preparation required to put the key in the ignition and leave your "stationary home" behind. Here are just a few of the things that "Every Van Lifer Needs to Know: " -Whether van life is right for you- a look into balancing the reality with the dream -Creating an environment of health and wellness no matter where you go -How to choose your new home... and how to make it your new haven on wheels -What you'll need to prepare for life on the road -How to plan your new lifestyle and secrets to transitioning to road life -Storage solutions to maximize your space -Planning a budget ...and much, much more! Take a second to imagine how badly you want to hit the road... then think of how ready you feel! No matter how deeply you wish to delve into the #vanlife lifestyle, author Kristine Hudson has tips that will help you become more prepared and confident about your plans. If you're ready to leave behind all of the noise, clutter, and frustrations of the stationary lifestyle and explore the country from a van, skoolie, or RV, click to add How to Live the Dream: Things Every Van Lifer Needs to Know to your cart now! The Camper Book will captivate all those who dream of waving good-bye to the rat race from the window of their own moveable home, be it a camper, RV, travel trailer, camper van, or tiny camper. Not just for placid retirees anymore, camper culture has sprung up among simplicity-seeking millennials, retro-loving "glampers," sports and movie stars, aging hippies, contract workers, "road-schoolers," and others. Award-winning journalist Dave Hoekstra hit the road in his own custom camper van, named Bluebird, to explore the history, culture, subcultures, and future of camper life. Traveling and talking his way through US campsites, RV parks, landmarks, and communities, Hoekstra draws out revealing stories from all walks of life—from Americans who are downsizing material goods while upsizing spiritual pursuits to RV enthusiasts such as Grammy-winning singer-songwriter John Prine and Chicago Cubs manager Joe Maddon. A modern-day Studs Terkel, Hoekstra provides a delightful mix of oral history, in-depth reporting, and practical information, while photographer Jon Sall's beautiful color photographs illuminate the unique people, places, and rigs that typify camper life. Whether you want to fit out a van, revive an old model or build one from scratch, this manual will show you how. The text includes hands-on guidance for dealing with electrical systems and water supplies, together with ideas for storage space and weight saving. #vanlife To the reader: This book is just an introduction in the great world of easy2rv products. Jumping into van life and living in a home on wheels doesn't mean you need to give up comfort or modernity. This book will guide you through every step, from choosing a van, to designing the layout, to plumbing and electrical systems, to self-building your new dream home -- all in as little as 21 days.- Zero Experience Required. We built our dream van with zero prior experience! Before the build, we had desk jobs -- and had never even touched many of the tools we used.- 220 pages of details. We cover every step of the process with charts, lists, photos, and descriptions to help you design and build your own campervan or motorhome from scratch. - Save Money & Time. We spent 9 months planning for our build, scouring an overwhelming number of articles and videos for the best and most useful information. This book will save you months of research, and help you make fewer mistakes. Ron and Jill, after six months together, discovered the house of their dreams: a landmark Victorian row house that had belonged to a notorious fraternity in Baltimore. Unfortunately, it was now a condemned, abandoned property. But Jill wanted the house and Ron wanted Jill. Beyond the wall-to-wall graffiti, collapsed fireplaces and banisters, and three dumpsters worth of trash, the couple envisioned this as their future dream home. So Ron bought the 4,500-square-foot ruin, despite the fact that neither Ron nor Jill knew anything about home renovation, and that the project might ruin them both financially and emotionally. A book for lovers, dreamers, and do-it-yourselfers, *From Animal House to Our House* recounts Ron and Jill's decade-long adventure in house restoration, offering inspiration, insight, and hilarity as they hammer away at the American dream of home ownership and true love. Your very own home on wheels awaits... **An Amazon Editors' Pick -- Best Cookbooks, Food & Wine** "Wild Edibles: A Practical Guide to Foraging, with Easy Identification of 60 Edible Plants and 67 Recipes has taught me that my backyard is full of free food! Way to go, Sergei." —John Mackey, CEO of Whole Foods Market In this field guide to foraging wild edible plants, Sergei Boutenko explores the health benefits of wild-harvested food, explains how to safely identify trailside weeds, herbs, fruits, and greens that grow worldwide, and shares his delicious, nutrient-dense recipes. Sergei Boutenko has been gathering wild plants since he was 13, when, early on in a 6-month hike from Mexico to Canada, he and his raw-food family ran out of provisions and turned to foraging for survival in the wild. Back in civilization, Boutenko was dismayed by the inferior quality of store-bought food and industrial agriculture, and began to regularly collect wild plants near his home and on his travels. Now, in Wild Edibles, he shares knowledge gleaned from years of live-food wildcrafting and thriving in harmony with nature. This practical guide to plant foraging gives hikers, backpackers, raw foodists, gardeners, chefs, foodies, DIYers, survivalists, and off-the-grid enthusiasts the tools to identify, harvest, and prepare wild edible plants. The book outlines basic rules for safe wild-food foraging and discusses poisonous plants, plant identification protocol, gathering etiquette, and conservation. Boutenko explores in detail the many rewards of eating wild flora: environmental protection, sustainability, saving money, economic self-sufficiency, and healthy living. He draws on thoroughly researched nutrition science to make a compelling case for the health benefits of a diverse, local-food diet that includes wild greens. The majority of the 60 edible plants described in this field guide can be found worldwide, including common-growing trees. Over 300 color photos make plant identification easy and safe. A chapter containing 67 high-nutrient vegan recipes—including green smoothies, salads and salad dressings, spreads and crackers, main courses, juices, and sweets—provides inspiration to join Sergei on the trail to radiant health. It's the feisty third edition of How to Shit in the Woods, jam-packed with new information for outdoor enthusiasts of every stripe. Hailed in its first edition as "the most important environmental book of the decade" by Books of the Southwest, and in its second as "the real shit" by the late, great, outdoor photographer Galen Rowell, this bestselling guide is often called the "backpacker's bible" and has sold more than 2.5 million copies in eight languages. Author Kathleen Meyer continues to pioneer the way with her inimitable voice—at once humorous, irreverent, and direct—examining the latest techniques for graceful backcountry elimination, and answering a desperate cry from nature concerning environmental precautions in our ever-shrinking wilds. World changes come fast and furious, and in the backcountry it is no different. The practice of "packing-it-out," adopted to protect high use areas and fragile eco-systems, is here to stay. We are now often urged to haul our poop home. Or with increasing frequency, the whole business is mandatory. To assist with all this responsible human waste disposal, Meyer's new edition features the latest in product innovations, from classy high-tech to inexpensive do-it-yourself. She covers the most current solutions to the health risks of drinking straight from wilderness waterways; presents a raft of natural substitutes for the purist swearing off toilet tissue; and offers a wealth of new recommendations for ladies who must make do without a loo. This down-to-earth guide has been employed as a training aid for scout troops, outdoor schools, and wilderness programs for inner-city youth; for rangers with the U.S. Forest Service, National Park Service, and Bureau of Land Management; as well as for whitewater rafting guides, backcountry outfitters, and members of the military. In rowing hundreds of urbanites down whitewater rivers, Meyer honed her squatting skills and found she "wasn't alone in the klutz department." Her delightfully shameless discussion of a once-shameful activity, her erudite examination of its associated vocabulary, and her unapologetic promotion of its colorful vernacular make How to Shit in the Woods essential and vastly entertaining reading for anyone who's ever paused at the edge of the forest and pondered: "Where do I go to go?" Ever wonder what it might be like to explore all 50 states in a conversion van? Taking in each state's unique scenery and stopping at many destinations on-and-off the beaten path.
