As civilization reels from the scouring of China by the Formics and the threat of war still looms, Mazer Rackham's squad endeavors to create a weapon that will defend humanity in the next conflict. From Orson Scott Card, the bestselling author of Ender's Game, and his daughter Emily Janice Card, comes a 384-page omnibus edition containing the first two books of an all-ages manga series! Out of deep space, a mysterious alien race known as "The Givers" came to Earth. They gave the human race the greatest technology ever seen—four giant towers known as Ladders that rose 36,000 miles into space. Each tower culminated in a space station that harnessed the energy of the Sun to power the entire planet. As suddenly as the Givers arrived, they vanished, leaving the human race with one solemn instruction: maintain and preserve the Ladders at all costs. Due to the unique alien construction of the Laddertop space stations, however, only a skilled crew of children could perform the

maintenance necessary to keep the stations running. Twenty-five years later, back on Earth, competition is fierce to enter Laddertop Academy. Robbi and Azure, two eleven-year-old girls who are best friends, are among those vying for a spot at the prestigious academy. While one is rejected, the other takes off into space for the adventure of a lifetime. Yet soon, their destinies will collide, as they must decipher an alien message and solve an ancient mystery that could either save the Earth from invasion...or trigger its imminent destruction. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. As the saying goes, nine losses in ten bets, everything depends on fate. However, this was not the case. In reality, many of the 'victorious generals' did not rely on so-called 'luck', but rather had mastered some unknown and absolutely unfair 'gambling techniques'. To put it bluntly, they were called 'Thousand Arts'. "Qian" was a person who knew how to use a thousand techniques, and an organized group was known as the Qian Sect! As for me, I'm an idiot. You might be surprised to learn that many of the consumer brands and products we enjoy today exist because of streetcar advertising. The Industrial Revolution of the early 1900 s and a massive consumer audience riding over 50,000 streetcars in nearly 3,000 cities and towns in every state of the union provided a great opportunity for Barron Collier, a native of Memphis, Tennessee. He simply used streetcar advertising to bring these two forces together and created the largest streetcar advertising empire in the world. By age twenty-six, he was a millionaire and at one time had business offices in 70 cities with business interests in more than a thousand cities. Most of these advertising cards have remarkable color graphics; over 250 of them are included in this book for your viewing pleasure. While streetcar advertising is definitely not a major advertising medium today, the advertising community might be surprised to learn that the basic principles of consumer advertising have not changed that much in the last one hundred years. Investors might do well to review this book to see which companies are still producing these popular products and brands as they represent some of the most successful businesses in America today. REVIEWS As a longtime trolley museum motorman, I have often observed the interest our passengers show in the vintage interior advertisements above the windows, the car cards. Now there s a book on the history of car cards that fills a gap in the literature. Woodson Savage has been collecting car cards and researching their history...After relating the history of car cards, the majority of the book is devoted to a colorful gallery of the cards themselves. The color and reproduction on coated paper are excellent. Most of them are national brands, many of which survive today. The galleries are divided into product types, with histories of these ad campaigns. Savage s personal collection can be viewed online at [fineartamerica.com/artists/Woodson Savage](http://fineartamerica.com/artists/Woodson_Savage). Savage has joined the Western Railway Museum, and is working with them to catalog and scan their 900-card collection...the book is well produced, fun to browse through and may deserve a place in your museum store. Tourist Railroads & Railway Museums, The Magazine of ATRRM" Jack of Spades, Vol. 1: A Wild Card collects The Origin of Plasmaster (from
