The Veritas Project team has a new assignment:
To find the truth behind the mysterious
disappearance of two runaways. When one
runaway turns up totally out of his mind and a
government agent steps in to take over the
case, the Springfield's continue their own
investigation. The twins-Elijah and Elisha-go
undercover, posing as runaways. What happens
next will keep readers on the edge of their
seats as the twins end up in a strange academy
where Truth is continually challenged, a gang-
like war develops, and Elijah is taken to an
ominous mansion from which no one has ever
returned. A great thriller with a realistic look at
right and wrong. Tessa Bailey, the #1 New
York Times bestselling author of It Happened
One Summer and Hook, Line, and Sinker, turns
up the heat with this spicy new adult rom-com
trilogy... She's got probable cause to make her
move . . . Danika Silva can't stand Lt. Greer

Burns. Her roommate's older brother may be
sexy as hell, but he's also a cold, unfeeling
robot. She just wants to graduate the police
academy and forget about her scowling
superior. But when a dangerous mistake lands
Danika on probation—under Greer's
watch—she's forced to interact with the big,
hulking jerk. Call him daily to check in? Done.
Ride shotgun in his cruiser every night? Done.
Try not to climb into his giant, muscular lap and
kiss him? Umm... Greer doesn't let
anything—or anyone—distract him. Except
lately, all he can think about is Danika. He's
wanted the beautiful, cocky recruit since the
moment he saw her. But she's reckless and
unpredictable, and Greer is painfully aware of
what can happen when an officer doesn't follow
the rules. Probation seemed like a good idea,
but now Danika's scent is in his car and he's
replayed her voicemails twenty times. Christ,
he's a goner. Danika's melting Greer's stone-
cold exterior one ride-along at a time. Being
together could have serious consequences...
but breaking a few rules never hurt anybody,
right? Rose Cinderella and her magical
classmates Astoria Rapunzel, Joy Le Frog,
Hawk Snowwhite, and Travis Beast are all on a
team to win the top mark at Regal Academy.

She was whisked away to an academy for witches to learn how to use the element she controls-air. Except Summer doesn't have air magic. Instead, she controls metal and gems-an ability no witch has demonstrated before. As if not knowing her magical heritage isn't troublesome enough, Summer discovers she's soulmates with the most mysterious guy at the school-Zane Caldwell. But Zane's been keeping a secret of his own. He's an immortal, and his heritage isn't Greek. It's Norse. He infiltrated the academy two years ago to spy on the Greeks, and now Summer has to make a choice: reveal the truth about Zane and risk his life, or keep his secret and turn on her people. Because the Norse gods are rising. When they do, it's going to be all-out war. And Summer will eventually have to pick a side. Dive into the second book of the Elementals Academy series by USA Today bestselling author Michelle Madow and get lost in this thrilling journey full of magic,

romance, adventure, and twists you'll never see coming! This open access book analyzes barriers to inclusion in academia and details ways to create a more diverse, inclusive environment. It describes the implementation of UC Davis ADVANCE, a grant program funded by the National Science Foundation, to increase the hiring and retention of underrepresented scholars in the STEM fields (science, technology, engineering and mathematics) and foster a culture of inclusion for all faculty. It first describes what the barriers to inclusion are and how they function within the broader society. A key focus here is the concept of implicit bias: what it is, how it develops, and the importance of training organizational members to recognize and challenge it. It then discusses the limitations of data collection that is guided by the convention assumption that being diverse automatically means being inclusive. Lastly, it highlights the importance of creating a collaborative, interdisciplinary, and institution-wide vision of an inclusive community. *Beast Academy Guide 2A* and its companion *Practice 2A* (sold separately) are the first part in the planned four-part series for 2nd grade mathematics. Book 2A includes chapters on place value, comparing, and addition. The answer to your question will be revealed on the Lunar Eclipse. But when finding the truth, don't let the shadows take you. The week of *The Reckoning* has begun. And senior students have been tasked with making the freshmen's lives pure hell as we prepare to take the assessment

that will decide whether we stay at Zodiac Academy or lose our places here forever. With the Lunar Eclipse on the horizon, my sister and I have more to worry about than just passing our exams. A dark plot is unfolding and the shadows are drawing closer. It looks like our enemies could be more powerful than we ever realised. The good news: my four guardians are more than just a brood of cocky dragons. I was drawn to this island to find them ... my mates. The sucky news: an ancient evil has marked me as its vessel, but I suppose one girl can't have all the luck, right? I was warned that second term would be a challenge, but nothing could have prepared me for this. As if things aren't already hard enough, one innocent slipup threatens to cost me big time. Every day, it gets harder to tell friend from foe. Especially with more than one enemy who wants to make sure I lose everything. Thing is, no one has any idea how fiercely I'm willing to fight. I guess they'll learn the hard way that I'm no pushover. Giving up simply isn't in my blood.***Note: *DRAGON FIRE ACADEMY* is an upper YA/NA reverse harem romance. This series will take you on a brand-new journey with a descendant of the beloved Seaton Falls shifters, featured in *THE LOST ROYALS SAGA*. So, keep an eye out for cameos from some of your favorite characters! New readers, rest assured; it's completely unnecessary to read the first five books before embarking on this fresh chapter set in a world filled with fierce wolves, hotheaded dragons, and powerful witches you don't want to cross.

This book explores the capacities and desires of academic women to reimagine and transform academic cultures. Embracing and championing feminist scholarship, the research presented by the authors in this collection holds space for a different way of being in academia and shifts the conversation toward a future that is hopeful, kind and inclusive. Through exploring lived experiences, building caring communities and enacting an ethics of care, the authors are reimagining the academy's focus and purpose. The autoethnographic and arts-based research approaches employed throughout the book provide evocative conceptual content, which responds to the symbolic nature of transformation in the academy. This innovative volume will be of interest and value to feminist scholars, as well as those interested in disrupting and rejecting patriarchal academic structures. "A girl from the forest enlists at Pennyroyal Academy, where princesses and knights are trained to battle the two great menaces of the day: witches and dragons"-- One secret between princes, six students called in to see the headmaster. The last couple of days haven't been easy on Litha, being sent to a world she had no knowledge of, finding out she's part of a prophecy which will bring peace to the four kingdoms, getting pursued by four sexy princes and finally walking in on her hot roommate getting ready for bed. The last one she definitely didn't do on purpose. But things between the princes aren't going as well as they appeared either, Rune has been keeping a big secret and Kit is very hurt when he finds out about it, putting strain on the friendships of all four men. Having added another member to their harem, daughter of the highest witch priestess, Phoenix, the six are called to the headmaster's place for a 'chat', and that can't mean anything good... This is the third novella in the Lughnasadh Elite Academy serial, a reverse harem #WhyChoose story. This novella may include any of these elements: steamy scenes, 'I need tissues NOW' moments, cries of 'why, oh, why' and cliffhangers that make you bite your nails (and curse the author). This

story includes MF, MM and also FF scenes, but everyone is primarily focused on Litha and there are no sexy scenes between the guys and the other girl.
