Whether you want to improve your grammar for school, study, exams (including TOEFL and IELTS), work, or travel, this is the perfect reading companion. Series Overview: English for Everyone series teaches all levels of English, from beginner to advanced, to speakers of English as a second language. Innovative visual learning methods introduce key language skills, grammar, and vocabulary, which are reinforced with a variety of speaking, reading, and writing exercises to make the English language easier to understand and learn. Visit www.dkefe.com to find out more. A handbook of alphabetized entries which provide answers

to questions of use, meaning, grammar, punctuation, precision, logical structure, and color. "Avoid common grammatical errors, get to grips with apostrophes, structure sentences correctly [and] use verbs and find the right tense." - cover. Prepositions (words like above, from, in, of and with which relate one part of a sentence to another) are, though few in number, among the most frequently used words in English. They are also among the most frequently misused: writers and speakers alike seem to have endless trouble in choosing the right or acceptable preposition. The sad result is widespread uncertainty, confusion and misunderstanding. Addressed to both native speakers and to learners of English as a second language, *Saving our Prepositions: A Guide for the Perplexed* offers many examples of standard and non-standard practice with the aim of helping its readers avoid slipping up on what have been called "the banana peels of modern speech." Informative as well as entertaining, this timely guide will be of interest and value to all who cherish the English language and want to use it clearly and effectively. While teaching writing to undergraduate science students, Gilpin and Patchet-Golubev discovered that although many relatively sophisticated manuals for scientific writing exist, most are aimed at mainly professionals or specialists and are of little practical use to the majority of students. This introductory guide fills that large gap. Direct and friendly in tone the book provides clear and concise explanations of the basic elements of scientific writing required of students. The various genres are detailed – in particular lab reports and research essays – as well as scientific articles, poster presentations, proposals, and even essay exams. Similarities and differences among these genres are underlined in order to illustrate structural principles and to provide practical writing tips. A detailed chapter covers the elements of grammar and punctuation that are fundamental to all good writing; it also outlines some key points about scientific style in particular. Using accessible language throughout, the authors organize their material with helpful lists, copious examples, and boxed writing and research tips. There are several useful appendices (including a classification chart of organisms and an international units conversion chart), an index, and selected bibliography on science and technical writing. Unique in its field, this guide offers a practical and valuable guide to the basic principles and conventions of science writing. This book provides an integrated account of the main prepositions of English, outlining their various forms and illustrating contrastive senses. The three chapters in Part I delineate grammatical contexts of occurrence and special uses, exploring grammatical roles, phrasal verbs, and prepositional verbs respectively. In Part II, each chapter deals with a set of related prepositions, providing an integrated account of the meanings for each, and explaining how these are linked to their grammatical properties. There are two chapters on relational prepositions - principally of, for, by, and with - which have only minor reference to space or time. These are followed by seven chapters on prepositions whose basic meaning is spatial, with many extensions to abstract senses, and one that ties together the varied ways through which prepositions deal with time. The final chapter outlines how some people have attempted to prescribe how language should be used; it also covers dialect variation, foreign learners' errors, and prospects for the future. The book is written in Dixon's accustomed style - clear and well-organized, with easy-to-understand explanations, and with limited use of technical terms. The book will be of interest to students and scholars of the English language, including instructors of English as a second language. A self-study handbook for English speakers learning Spanish introducing them to English grammar and pointing out the similarities and differences with Spanish grammar. An elementary comparative grammar which complements any textbook and any method. Prepositions (words like above, from, in, of and with which relate one part of a sentence to another) are, though few in number, among the most frequently used words in English. They are also among the most frequently misused: writers and speakers alike seem to have endless trouble in choosing the right or acceptable preposition. The sad result is widespread uncertainty, confusion and misunderstanding. Addressed to both native speakers and to learners of English as a second language, *Saving our Prepositions: A Guide for the Perplexed* offers many examples of standard and non-standard practice with the aim of helping its readers avoid slipping up on what have been called "the banana peels of modern speech." Informative as well as entertaining, this timely guide will be of interest and value to all who cherish the English language and want to use it clearly and effectively. The *Preposition Book* is intended as a thorough guide and workbook to address students' questions and misconceptions regarding English prepositions and improve their ability to use prepositions fluently. The book comprehensively covers prepositions and also provides opportunities to practice many other essential points of English grammar and usage practice. The *Preposition Book* is organized by level of difficulty but was written for intermediate-level students. Many exercises are included within each chapter, and *Putting It Together* and *Expansion Exercises* are designed to give students even more opportunity to practice. A *Comprehensive Test* appears at the end of each chapter. Welcome to the fascinating world of prepositions! If you want to speak English fluently, you need to learn and practice prepositions. Pronunciation and vocabulary are important, but the real secret of speaking well is to know how to connect your words and ideas so that people are able to understand you and interact with you. This book is intended for students of English as a second or foreign language who are, or will soon be, using English for professional, academic, or social purposes—and for anyone interested in improving their conversation skills. With more than 2,000 real-life examples, *Prepositions by Example* is an ideal companion for students, travelers, and business people who need to learn English prepositions quickly and effectively. Andrew Bruckfield's English Language Reference Library: • *Prepositions: The Ultimate Book – Mastering English Prepositions, The Key to Fluency in English Conversation* • *Prepositions by Example – The Quickest Way to Learn and Practice English Prepositions* • *Understanding the Concepts of English Prepositions – The Container Effect, Dimensional Prepositions, The Proximity Effect, The Concept of Magnitude, The Sound-Wave Effect, The Platform Effect, Complex Prepositions: including Spatial, Nonspatial & Temporal Uses* • *Essential & Practical English Grammar – A Compendium of Verbs, Phrasal Verbs, Idioms, Prepositions, Vocabulary, Punctuation & more.* Outlines--largely without jargon--an approach for therapists to help families alter self-destructive routines. Incorporates elements of family therapy, script theory, and recent findings in attachment research into a systemic attachment concept, "The secure family base," from which individuals can feel safe enough to explore and improvise new scripts. Annotation copyright by Book News, Inc., Portland, OR From Singapore to Scotland, Canada to the Channel Islands, Namibia to New Zealand and beyond, *International English* takes you on a fascinating journey through the varieties of English spoken around the world. Comparisons across the varieties provide a comprehensive guide to differences in phonetics, phonology, grammar and vocabulary, making this a useful resource for teachers of English as a foreign language and linguistics students alike. This sixth edition has been thoroughly updated to include the following: new sections on the Death of RP, Estuary English, Multicultural London English, the Dublin accent and Fijian English; updated material on RP phonology, New Zealand English phonology, Australian English lexis, North American English lexis and the Northern Cities Chain Shift; revised and updated references and bibliography. This textbook comes with free-to-download MP3 files at www.routledge.com/9781138233690, which demonstrate the different varieties featured in the book – ideal for use in class, at home or on the move. *International English* remains a key and indispensable resource for teachers and students, and is essential reading for anyone studying varieties of English in a global context. Updated and expanded from one of the most popular grammar sites on the web, this book provides a modern guide to English usage for the 21st century. With topics arranged alphabetically and written in an enjoyable and readable tone, *The English Language: A User's Guide* will help students and writers understand the nature of the language, explaining the 'why' of the rules as well as what constitutes good grammar and style. Going beyond the prescriptive wrong /right examples, Jack Lynch includes examples of weak/strong, good/better, disputed/preferred, and informal/formal usage. This completely revised and expanded edition of "English Prepositions Explained (EPE)," originally published in 1998, "covers approximately 100 simple, compound, and phrasal English prepositions of space and time with the focus being on short prepositions such as "at, by, in, "and "on. "Its target readership includes teachers of ESOL, pre-service translators and interpreters, undergraduates in English linguistics programs, studious advanced learners and users of English, and anyone who is inquisitive about the English language. The overall aim is to explain how and why meaning changes when one preposition is swapped for another in the same context. While retaining most of the structure of the original, this edition says more about more prepositions. It includes many more figures virtually all new. The exposition draws on recent research, and is substantially founded on evidence from digitalized corpora, including frequency data. "EPE" gives information and insights that will not be found in dictionaries and grammar handbooks." *Barron's ESL Proficiency Series: Prepositions* provides comprehensive coverage of this most difficult topic in English grammar. The idiosyncratic nature of prepositions often makes them a barrier to achieving English language proficiency. Jean Yates offers clear explanations with lots of examples and opportunities to practice. Content is organized into simple 15-minute units each of which

has its own practice exercises. An answer key is included in the back of the book. The ESL Proficiency Series is a valuable tool for ESL teachers, tutors and learners who want to advance their English language skills for work, school or to prepare for proficiency tests such as TOEFL, IELTS, or TOEIC. It is ideal for independent study. The absence of an efficient guide to the prepositions and conjunctions in English, certainly a drawback in the learning process, has led me to dedicate hundreds of hours to this project. This work is above all, a reference book, meant for both foreign and native students and teachers who must understand how the English prepositions and conjunctions work so they can adopt an efficient learning and teaching method from the start. It must be remembered that students will never learn to construct a sentence correctly unless they know what to do with the prepositions or the conjunctions. This book is not a novel to be read and put away. Only through repetition and constant reading and even memorization of idiomatic expressions, formulas and verbs followed by their prepositions, would you succeed in understanding both these parts of speech. A native speaker of any language considers this topic irrelevant. However, you as a foreign student must understand how the English prepositions or conjunctions work and thus, avoid translating word for word. If you choose this easy and effortless way out, the result will almost always be frustration and disappointment. Aware of your difficulties after twenty-five years of teaching English to Spanish speaking students in Spain, I have made a unique effort to explain to you, my way of getting across to my students that there is no secret or difficulty in the understanding of these two parts of speech in English. This tool will serve as your teacher who will always be there to assist you when you need help. As high frequency words, prepositions are one of the most dynamic parts of speech. Perfect Prepositions shows the meanings and usage of prepositions in Modern English. Used in unstressed syllables and pronounced fast and softly in oral speech, prepositions are often barely distinguishable to the listener. Prepositions can also pose communication problems for English learners and even native speakers. Author Galina Kimber provides general and specific information on the meanings of prepositions as well as ideas on usage as they are applied today. Living languages constantly evolve over time, and reference books like Perfect Prepositions reflect these changes. Perfect Prepositions details different ways of defining the meanings of almost one hundred prepositions written in semantic categories and subcategories that are easy to understand and use in daily life. It's a useful resource for those desiring to improve their communication skills. Prepositions: The Ultimate Book - Mastering English Prepositions - Revised Edition - A guide for developing successful speakers, Prepositions: The Ultimate Book proposes a pedagogical approach to the prepositions of the English language. Designed for all levels of students for easy comprehension and quick learning, over 2,000 examples of simple and complex (phrasal) prepositions and prepositional idioms help readers understand and create the intended message. By learning how to correctly link words to their specific meanings, students will be able to build fluency and accuracy while working with creativity and autonomy. Organized by function and subject, with over 400 prepositions and prepositional entries-including more than 100 illustrations-this book helps students identify and use context cues through a variety of examples of real-world situations. Whether you are in the English classroom or out in the professional world, Prepositions: The Ultimate Book is an indispensable and comprehensive reference tool for all international learners seeking to communicate more effectively and naturally in the English language. Andrew Bruckfield's English Language Reference Library: - Prepositions: The Ultimate Book - Mastering English Prepositions, The Key to Fluency in English Conversation - Prepositions by Example - The Quickest Way to Learn and Practice English Prepositions - Understanding the Concepts of English Prepositions - The Container Effect, Dimensional Prepositions, The Proximity Effect, The Concept of Magnitude, The Sound-Wave Effect, The Platform Effect, Complex Prepositions: including Spatial, Nonspatial & Temporal Uses - Essential & Practical English Grammar - A Compendium of Verbs, Phrasal Verbs, Idioms, Prepositions, Vocabulary, Punctuation & more. Here's a quick-reference summary covering sentence structure, punctuation, advice on essay and letter writing styles, and more. The guide is addressed to all those who begin or continue studying English. This completely revised and expanded edition of English Prepositions Explained (EPE), originally published in 1998, covers approximately 100 simple, compound, and phrasal English prepositions of space and time – with the focus being on short prepositions such as at, by, in, and on. Its target readership includes teachers of ESOL, pre-service translators and interpreters, undergraduates in English linguistics programs, studious advanced learners and users of English, and anyone who is inquisitive about the English language. The overall aim is to explain how and why meaning changes when one preposition is swapped for another in the same context. While retaining most of the structure of the original, this edition says more about more prepositions. It includes many more figures – virtually all new. The exposition draws on recent research, and is substantially founded on evidence from digitalized corpora, including frequency data. EPE gives information and insights that will not be found in dictionaries and grammar handbooks. (Workbook coming soon...) "I hate grammar! Why are English prepositions so difficult?" "I don't know why we say it that way. That's just how we speak." "There's no logic to prepositions. You just have to memorize them." Here's a secret for you: English prepositions are logical. Why your English Teacher was Wrong Imagine a farm that grows a lot of different plants. On the surface, you see all the leaves and branches. These leaves and branches are the different dictionary definitions that seem to be disconnected and random. These "surface meanings" are what native speakers are aware of. However, underground we find the root of each plant. The root is the logic that all the dictionary definitions are based on. This underground level is part of the subconscious mind, so native speakers aren't consciously aware of it. This book teaches you the hidden, logical relationships that give prepositions their meaning. What's in this Book? This book contains seventeen of the most common and confusing prepositions in the English language. Each preposition has its own chapter that's divided into sections that guide you through the process and help you learn more easily and more effectively. The sections are: A) Example Sentences (there are over 450 examples); B) The Logic, which includes the key idea(s), an explanation, and etymology notes; C) Detailed explanations of how the logic works in the example sentences from section A; D) Verbs that often use each preposition; E) Phrasal verbs; and F) Idioms. At the end of the book are a few maps of the logical relationships. Updated and revised with more examples and expanded discussions, this second edition continues the aim of providing teachers with a solid understanding of the use and function of grammatical structures in American English. The book avoids jargon and presents essential grammatical structures clearly and concisely. Dr. DeCapua approaches grammar from a descriptive rather than a prescriptive standpoint, discussing differences between formal and informal language, and spoken and written English. The text draws examples from a wide variety of authentic materials to illustrate grammatical concepts. The

many activities throughout the book engage users in exploring the different elements of grammar and in considering how these elements work together to form meaning. Users are encouraged to tap into their own, often subconscious, knowledge of grammar to consciously apply their knowledge to their own varied teaching settings. The text also emphasizes the importance of understanding grammar from the perspective of English language learners, an approach that allows teachers to better appreciate the difficulties these learners face. Specific areas of difficulties for learners of English are highlighted throughout. A witty, authoritative, and often provocative guide to the use and abuse of the English language, by the London Times's lead grammar columnist. Are standards of English alright—or should that be all right? To knowingly split an infinitive or not to? And what about ending a sentence with a preposition, or for that matter beginning one with "and"? We learn language by instinct, but good English, the pedants tell us, requires rules. Yet, as Oliver Kamm cleverly demonstrates in this new book, many of the purists' prohibitions are bogus and can be cheerfully disregarded. *Accidence Will Happen* is an authoritative and deeply reassuring guide to grammar, style, and the linguistic conundrums we all face. We are proud to present *A Comprehensive Guide on General English* which is divided into three sections: Grammar, Vocabulary and Reading Comprehension. The bilingual medium of explanation makes learning of English grammar easier, especially for the students who come from the Hindi Heartland of India. This book is an useful resource for students appearing for Banking, Insurance, SSC, AFCAT, CTET, Railways, State Level Examinations, Management aptitude test, and other Entrance exams. The bestselling workbook and grammar guide, revised and updated! Hailed as one of the best books around for teaching grammar, *The Blue Book of Grammar and Punctuation* includes easy-to-understand rules, abundant examples, dozens of reproducible quizzes, and pre- and post-tests to help teach grammar to middle and high schoolers, college students, ESL students, homeschoolers, and more.
