Assessing the Viva in Higher Education Jul 19 2022 This book makes the case for a revival in interest in the viva. As an oral assessment of a treatise or dissertation or of a student's performance in art or dance the viva has a long history dating back to the time of the Greeks. It can be found today in the form of professional, vocational and academic vivas, where a judgment of oral performance is required to gain entry into a profession or community of scholars. In a time when there are scandals about students selling essays to other students, the viva provides a fertile ground for probing the student to see whether they are in fact the authors of the work being assessed and know its content and how to think cognitively or otherwise. Given that we actually know so little about the viva, the book theorises the viva based on a unique sample of vivas that have been filmed or in which the author himself has been participant, and discusses why its format is so different in Anglo-Saxon languages and Latin and other languages. The book offers educational policy-makers and examiners a trade-off between arguments in support of the viva and the demand for other, ever more cost-effective forms of assessment as the numbers of both undergraduate and postgraduate students threaten to increase. It also argues that with demand in the labour market for qualified graduates who are better equipped with transferable skills, such as the ability to communicate complex ideas verbally in a competent, well-argued fashion and not merely through the use of rhetoric, what appear to be cost-effective forms of assessment in the short run (e.g. written exams with standardised questions or multiple choice) may actually in the long run be of less value if we are investing in a future workforce with so-called 21st century communication skills. If the viva were abandoned, the student would be robbed of the opportunity to stage a defence.

Handbook for Viva-Voce Oct 30 2020 This book is a relief for all the cold nerves of the students who get clueless before a viva examination. The clinical subjects are very vast and extensive which usually terrifies a student during examination. This handbook will ease the trouble and help students to prepare specifically for various viva and clinical examinations, as this book is a concise compilation of question and answers which are very frequently asked during clinical and bed-side vivas. It covers all the major and provides the variety of questions with their appropriate answers. This book shall also help practitioners as a diagnostic tool as it is very efficient and authentic practically and provides information regarding various examination and investigative techniques.

Viva Hollywood Sep 28 2020 Through an authoritative narrative and lavish photography, this is an in-depth history of the stars, films, achievements, and influence of the Hispanic and Latino community in Hollywood history from the silent era to the present day. Overcoming obstacles of prejudice, ignorance, and stereotyping, this group has given the world some of its most beloved stars and told some of its most indelible stories. Viva Hollywood examines the stars in front of the screen as well as the people behind-the-scenes who have created a rich legacy across more than 100 years. The role of Latin women on screen is explored through the professional lives of Dolores Del Rio, Rita Hayworth, Raquel Welch, Salma Hayek, Penélope Cruz, and many more. The book covers the films and careers of actors ranging from silent screen idol Antonio Moreno, to international Oscar-winning star Anthony Quinn, to Andy Garcia and Antonio Banderas. A spotlight is also given to craftspeople who elevated the medium with their artistry—visionaries like cinematographer John Alonzo, Citizen Kane scenic artist Mario Larrinaga, and Oscar-winning makeup artist Beatrice de Alba. The stories of these and many others begins through a lens of stereotyped on-screen personas of Latin Lovers, sexy spitfires, banditos, and gangsters. World War II saw an embrace of Latin culture as the “Good Neighbor Policy” made it both fashionable and patriotic to feature stories set south of the border. Social problem films of the 1950s and '60s brought fresh looks at the community, with performances like Katy Jurado in High Noon, the cast of West Side Story, and racial inequality depicted in George Stevens's Giant. Civil Rights, the Chicano Movement, and the work of activist actors such as Ricardo Montalban and Edward James Olmos influenced further change in Hollywood in subsequent decades and paved the way for modern times and stars the likes of Jennifer Lopez and Lin-Manuel Miranda. Illustrated by more than 200 full-color and black-and-white images, Viva Hollywood is both a sweeping history and a celebration of the legacy of some of the greatest art and artists ever captured on screen.

Viva, Rose! Nov 23 2022 Thirteen-year-old Rose takes on the wild west, outlaws, and the strict rules of the early 1900s. When Rose Solomon's brother, Abe, left El Paso, he told the

family he was heading to Brooklyn. But Rose discovers the truth the day she picks up the newspaper at Pickens General Store and spies a group photograph captioned The Southwestern Scourge of 1915! There stands Abe alongside none other than Pancho Villa and his army! Rose is furious about Abe's lie; fearful for his safety; and worried about her traditional parents who, despite their strict and observant ways, do not deserve to have an outlaw for a son. Rose knows the only way to set things right is to get Abe home, but her clandestine plan to contact him goes awry when she is kidnapped by Villa's revolutionaries and taken to his hideaway. Deep in the desert, amidst a richly rendered assortment of freedom-seekers that includes an impassioned young reporter, two sharp-shooting sisters with a secret past, and Dorotea, Villa's tyrannical young charge, Rose sees no sign of Abe and has no hope of release. But as she learns to lie, hide, and ride like a bandit, Rose discovers the real meaning of freedom and what she's willing to risk to get hers back. The Baby Jul 07 2021 A former superstar of Andy Warhol's Factory offers an intimate tale of sex, drugs, art, and motherhood, based on video recordings The Baby is not your average parenthood novel. Viva, a.k.a. Viva Superstar—actor, writer, painter, denizen of Andy Warhol's world-famous Factory, and early pioneer in video arts—weaves a tale of childbirth and motherhood with often-shocking candor, exploring a new mother's mixed emotions and her internal and external conflicts. Based on filmed records created by Viva's husband, Michael Auder, of their daughter's difficult birth and early development, and interspersed with stills from their life, Viva's addictive video novel tells the story of a fictional couple, Augustine and Frederick Marat, whose unorthodox parenting takes them from New York to Paris to Casablanca to California. In her own unique style, Viva explores breast-feeding and breast pumps, infidelity and incest while offering startlingly intimate details of a family's singular lifestyle. An unabashedly autobiographical literary invention, alternately outrageous and honest, revelatory and touching, The Baby is truly one of a kind.

The Clinical Anaesthesia Viva Book Jan 01 2021 The second edition of the hugely popular The Clinical Anaesthesia Viva Book builds on the success of the first by providing a thorough review of short and long case questions typically given to Final FRCA viva candidates. An introductory chapter gives invaluable practical advice on preparation for the viva. This is followed by almost 100 short cases and 25 long cases, all based on viva questions posed at recent examinations. Answers have been constructed from a combination of popular textbooks, recent publications and the extensive practical experience of the authors. Short further reading lists are provided for more in-depth preparation. Written by a team of expert consultants and senior trainees with (successful!) experience of the Final FRCA, this second edition of The Clinical Anaesthesia Viva Book, is a must-have for anyone preparing for the Final FRCA viva.

The Anaesthesia Viva: Volume 1, Physiology and Pharmacology May 25 2020 Expanded and updated to reflect the most recent changes in the viva examination

Água Viva Aug 28 2020 In *Água Viva* Clarice Lispector aims to 'capture the present'. Her direct, confessional and unfiltered meditations on everything from life and time to perfume and sleep are strange and hypnotic in their emotional power and have been a huge influence on many artists and writers, including one Brazilian musician who read it one hundred and eleven times. Despite its apparent spontaneity, this is a masterly work of art, which rearranges language and plays in the gaps between reality and fiction.

VIVA M·A·C Apr 23 2020 The first cultural history of the iconic brand M·A·C Cosmetics, VIVA M·A·C charts the evolution of M·A·C's revolutionary corporate philanthropy around HIV/AIDS awareness. Drawing upon exclusive interviews with M·A·C co-founder Frank Toskan, key journalists, and fashion insiders, Andrea Benoit tells the fascinating story of how M·A·C's unique style of corporate social responsibility emerged from specific cultural practices, rather than being part of a strategic marketing plan. Benoit delves into the history of the M·A·C AIDS Fund and its signature VIVA GLAM fundraising lipstick, which featured drag performer RuPaul and singer k.d. lang in its first advertising campaigns. This lively chronicle reveals how M·A·C managed to not only defy the stigma associated with AIDS that alarmed many other corporations, but to engage in highly successful AIDS advocacy while maintaining its creative and fashionable authority.

Viva and Structured Oral Examinations in Intensive Care Medicine May 17 2022 The structured oral examination (SOE) and viva are age-old integral components of examination pathways in the specialty training of intensive care medicine (ICM). The viva can present a complex interaction between the examiner and delegate, which can often be challenging even hostile! Organisation and structure are integral to success. This core text is tailored to provide a systematic structure covering a broad set of core topics that could legitimately be presented in an ICM exam. The style and discipline have been repeated throughout the answers to provide essential rehearsal as preparation for any viva-based exam. The book is presented as 7 sets of 6 viva examination cycles. This allows for timed practice sessions in the final few weeks leading up to the SOE and viva. The topics covered are pertinent for the British Fellowship of the Faculty of Intensive Care Medicine (FFICM), the European Diploma of Intensive Care Medicine (EDIC) exam, the Australia and New Zealand Fellowship of the College of Intensive Care Medicine (FCICM), the Indian Diploma in Critical Care Medicine (IDCCM), the American Board exams and any other viva-based intensive care medicine exams. This book is a critical companion in the final few weeks of preparation for ICM viva exams.
