His new case is a beauty: Gretchen Keene, a Hollywood starlet who's become an unwitting catalyst in an all-out demon war. It's not her soul Jesse needs to protect, but the two-hundred-and-seventy-six others she's carting around—all the souls sold to spend just one night with the blonde bombshell. That's a lot

of baggage, although it might explain her meteoric rise to fame. And it's all up for grabs by the demon world. All Jesse has to do is keep her safe until New Year's. Sounds easy. But darkness is casting a nasty shadow in the California sun—a new unseen enemy is closing in and leaving Jesse to wonder: how do you fight something you can't see coming?

A Halloween dare at her ridiculously spooky boarding school is no big deal, especially when her best friend Naya and cute local boy Caine agree to join in too. They are ordered to summon the legendary ghost of Bloody Mary: say her name five times in front of a candlelit mirror, and she shall appear... But, surprise surprise, nothing happens. Or does it? Next morning, Bobbie finds a message on her bathroom

mirror - five days - but what does it mean? And who left it there? Things get increasingly weird and more terrifying for Bobbie and Naya, until it becomes all too clear that Bloody Mary was indeed called from the afterlife that night, and she is definitely not a friendly ghost. Extinction Mar 18 2022 Some thousands of years ago, the world was home to an immense variety of large mammals. From woolly mammoths and saber-toothed tigers to giant ground sloths and armadillos the size of automobiles, these spectacular creatures roamed freely. Then human beings arrived. Devouring their way down the food chain as they spread across the planet, they began a process of voracious extinction that has continued to the present. Headlines today are made by the existential threat confronting remaining large animals such as rhinos and pandas. But the devastation summoned by humans extends to humbler realms of creatures including beetles, bats and butterflies. Researchers generally agree that the current extinction rate is nothing short of catastrophic. Currently the earth is losing about a hundred species every day. This relentless extinction, Ashley Dawson contends in a primer that combines vast scope with elegant precision, is the product of a global attack on the commons, the great trove of air, water, plants and creatures, as well as collectively created cultural forms such as language, that have been regarded traditionally as the inheritance of humanity as a whole. This attack has its genesis in the need for capital to expand relentlessly into all spheres of life. Extinction, Dawson argues, cannot be understood in isolation from a critique of our economic system. To achieve this we need to transgress the boundaries between science, environmentalism and radical politics. Extinction: A Radical History performs this task with both brio and brilliance.

The Ha-Ha Sep 11 2021 'A very fine first novel. Dawson writes very well, with . . . a poetic perception of how tremulous is the distinction between the mad world and the sane.' - "Glasgow Herald" 'A remarkably talented first novel . . . Miss Dawson is neither sentimental nor sensational . . . Her heroine is a convincing and sympathetic character, and when her mind begins to shift into the nightmare perspective of schizophrenia the writing creates an atmosphere of quiet terror.' - "Observer" 'Cool, short, tender and occasionally as prettily ruthless as the impact of a stiletto heel . . . twice as alarming because everything is implied rather than explicit.' - "Tatler" 'A cool, clever, well-constructed novel about the nature of reality . . . Miss Dawson writes very well indeed . . . [B]rilliant.' - Penelope Mortimer, "Sunday Times" 'A novel about madness which succeeds completely.' - "Daily Telegraph" 'A little masterpiece.' - "Bookman" 'I wanted the knack of existing. I did not know the rules.' So says Josephine, the heroine of Jennifer Dawson's remarkable novel, an exploration of a young woman's mental illness that met with universal critical acclaim and won the James Tait Black Memorial Prize as the best novel of the year. After suffering a breakdown following the death of her mother, Josephine finds herself confined to an institution where patients are 'treated' by such means as electroshock therapy and lobotomies. But when she falls in love with Alasdair, a fellow patient she meets on the grassy bank of the ha-ha, she realizes that her recovery will have to be on her own defiant terms. Inspired by the author's own breakdown and hospitalization, "The Ha-Ha" (1961) remains a moving and powerful examination of mental illness. This new edition includes an afterword by the author and an introduction by John Sutherland.

Hit Jan 04 2021 In order to save her mother, a teen is forced to become an indentured assassin in this sizzling "movie ready" (Kirkus Reviews) dystopian thriller. No one reads the fine print. The good news is that the USA is finally out of debt. The bad news is that it was bought out by Valor National Bank, and debtors are the new big game, thanks to a tricky little clause hidden deep in the fine print of a credit card application. Now, after a swift and silent takeover that leaves 9-1-1 calls going through to Valor voicemail, they're unleashing a wave of anarchy across the country. Patsy didn't have much of a choice. When the suits showed up at her house threatening to kill her mother then and there for outstanding debt unless Patsy agreed to be an indentured assassin, what was she supposed to do? Let her own mother die? Patsy is forced to take on a five-day mission to complete a hit list of ten names. Each name on Patsy's list has only three choices: pay the debt on the spot, agree to work as a bounty hunter, or die. And Patsy has to kill them personally, or else her mom takes a bullet of her own. Since yarn bombing is the only anarchy in Patsy's past, she's horrified and overwhelmed, especially as she realizes that most of the ten people on her list aren't strangers. Things get even more complicated when a moment of mercy lands her with a sidekick: a hot rich kid named Wyatt whose brother is the last name on Patsy's list. The two share an intense chemistry even as every tick of the clock draws them closer to an impossible choice. An absorbing, frightening glimpse at a reality that is eerily just steps away from ours—Hit is a taut, suspenseful thriller that absolutely mesmerizes from start to finish.

Dawson's Fall May 08 2021 A cinematic Reconstruction-era drama of violence and fraught moral reckoning In Dawson's Fall, a novel based on the lives of Roxana Robinson's great-grandparents, we see America at its most fragile, fraught, and malleable. Set in 1889, in Charleston, South Carolina, Robinson's tale weaves her family's journal entries and letters with a novelist's narrative grace, and spans the life of her tragic hero, Frank Dawson, as he attempts to navigate the country's new political, social, and moral landscape. Dawson, a man of fierce opinions, came to this country as a young Englishman to fight for the Confederacy in a war he understood as a conflict over states' rights. He later became the editor of the Charleston News and Courier, finding a platform of real influence in the editorial column and emerging as a voice of the New South. With his wife and two children, he tried to lead a life that adhered to his staunch principles: equal rights, rule of law, and nonviolence, unswayed by the caprices of popular opinion. But he couldn't control the political whims of his readers. As he wrangled diligently in his columns with questions of citizenship, equality, justice, and slavery, his newspaper rapidly lost readership, and he was plagued by financial worries. Nor could Dawson control the whims of the heart: his Swiss governess became embroiled in a tense affair with a drunkard doctor, which threatened to stain his family's reputation. In the end, Dawson—a man in many ways representative of the country at this time—was felled by the very violence he vehemently opposed.

Dawson's Creek Apr 06 2021 Dawson's Creek: A Critical Understanding provides a textual analysis of the WB's hit teen drama that ran from 1998 to 2003. Author Lori Bindig analyzes episodes of Dawson's Creek as a set of media texts that blur the boundaries between hegemonic and counter-hegemonic content. Exploring the ideology encoded within Dawson's Creek from a feminist cultural studies perspective, Bindig examines gender, race, class, sexuality, and consumerism as it is presented in the show. The depiction of each of these five ideological concepts is discussed beyond the framework of the series and put into a larger social context, allowing a discussion of the potential ramifications of the television program. This book suggests that although Dawson's Creek includes counter-hegemonic story lines, ultimately the political-economic realities of the current media system undercuts the oppositional content and frames the program as hegemonic. Nevertheless, Dawson's Creek is a valuable tool in navigating the ongoing struggle against social inequality, illustrating how far society has come and how far it has yet to go.

Holyoke Jan 16 2022 Originally called Ireland Parish, Holyoke was incorporated as a town in 1850 and took on the namesake of one of its founding settlers and community leaders, Captain Elizur Holyoke. It was an appropriate name for this farming community that became the premier planned industrial city of New England at the beginning of the twentieth century. By damming the Connecticut River and diverting the water into a series of man-made canals, Holyoke pioneered industrial development in western Massachusetts. This led to such rapid growth that by 1873 Holyoke's population had more than tripled, and it had become a city. In the following decades, Holyoke continued to grow and eventually became known as "the Queen of Industrial Cities," a distinction it enjoyed well into the 1920s.

La Conversation Fracturée Aug 11 2021 This project is a philosophical analysis of the dominant concepts of race that prevail within contemporary American society. It is the claim of this book that four main concepts attempt to answer the question: what is race? The four concepts are racial essentialism, race as a social construct with objective status, racial nihilism, and race as an existential/phenomenological process. Each concept fails, however, in providing the necessary and sufficient conditions for a satisfactory concept of race, and thus, the project calls for a new conceptual framework for answering the question: what is race?
