The true Scot's insider's guide to the very best Scotland has to offer. Whether you live in Scotland or are visiting, why settle for anything second-rate when you can be guided to so much that is superb? Peter Irvine's personal guide points you towards the best places to stay (whatever your budget), the best beaches, the best ice-cream, the best hill walks, the best bakers, the best spooky places, the best seafood, the best places for kids, the best ceildhs, and so the list goes on. However well you know Scotland, Peter Irvine will guide you to something excitingly new. That's why it remains the only guide to Scotland that the Scots themselves buy. Scotland the Best was first published in 1993. Since then its reputation has grown and it has been widely praised in reviews, won awards from the Tourist industry and, above all, delighted readers from all over the world. In this new edition, every recommendation has been reassessed to see whether it is still worthy of inclusion, and the selection criteria has become even more stringent. With clear colour mapping from Collins and website links for all entries, planning your trip has never been easier. Quirky,

personalized and informed, Peter Irvine's guide gives you what other travel guides only claim to - a true Scot's insider's guide. "Billow and breeze, islands and seas, Mountains of rain and sun....." Since 18th-century Highland warrior Jamie Fraser and resourceful 20th century medic, Claire Randall first met on screen in 2014, millions of viewers have been swept away by the Outlander TV series to the wild hills and craggy castles of Scotland. Now you can follow in the footsteps of Claire and Jamie with this guide to the inspiring locations where Diana Gabaldon's novels were set and the hit tv show were filmed. From the ancient cobbled streets, gabled palace and herb garden of Culross, which became fictional Cranesmuir, to the iconic 1960s Pathfoot Building at the University of Stirling, which Claire's daughter Brianna visits on her first trip to Scotland, you can time-travel through centuries. In Scotland, different eras coexist and collide – just as they do in Outlander. Focusing on easy day trips from the characterful cities of Edinburgh and Glasgow – themselves jam-packed with Outlander locations – this guide will tell you about the most rewarding sights, when to visit them and how to get there. You can count on Rick Steves to tell you what you really need to know when traveling through Europe. Part memoir and part philosophical look at why we travel, filled with stories of Matt Kepnes' adventures abroad, an exploration of wanderlust and what it truly means to be a nomad. "Matt is possibly the most well-traveled person I know...His knowledge and passion for understanding the world is unrivaled, and never fails to amaze me." —Mark Manson, New York Times bestselling author of *The Subtle Art of Not Giving a F\*ck* Ten Years a Nomad is New York Times bestselling author Matt Kepnes' poignant exploration of wanderlust and what it truly means to be a nomad. Part travel memoir and part philosophical look at why we travel, it is filled with aspirational stories of Kepnes' many adventures. New York Times bestselling author of *How to Travel the World on \$50 a Day*, Matthew Kepnes knows what it feels like to get the travel bug. After meeting some travelers on a trip to Thailand in 2005, he realized that living life meant more than simply meeting society's traditional milestones, such as buying a car, paying a mortgage, and moving up the career ladder. Inspired by them, he set off for

a year-long trip around the world before he started his career. He finally came home after ten years. Over 500,000 miles, 1,000 hostels, and 90 different countries later, Matt has compiled his favorite stories, experiences, and insights into this travel manifesto. Filled with the color and perspective that only hindsight and self-reflection can offer, these stories get to the real questions at the heart of wanderlust. Travel questions that transcend the basic "how-to," and plumb the depths of what drives us to travel — and what extended travel around the world can teach us about life, ourselves, and our place in the world. Ten Years a Nomad is for travel junkies, the travel-curious, and anyone interested in what you can learn about the world when you don't have a cable bill for a decade or spend a month not wearing shoes living on the beach in Thailand.

Claire Randall is leading a double life. She has a husband in one century, and a lover in another... In 1945, Claire Randall, a former combat nurse, is back from the war and reunited with her husband on a second honeymoon—when she innocently touches a boulder in one of the ancient stone circles that dot the British Isles. Suddenly she is a Sassenach—an "outlander"—in a Scotland torn by war and raiding border clans in the year of our Lord...1743. Hurlled back in time by forces she cannot understand, Claire's destiny is soon inextricably intertwined with Clan MacKenzie and the forbidden Castle Leoch. She is catapulted without warning into the intrigues of lairds and spies that may threaten her life ...and shatter her heart. For here, James Fraser, a gallant young Scots warrior, shows

her a passion so fierce and a love so absolute that Claire becomes a woman torn between fidelity and desire...and between two vastly different men in two irreconcilable lives.
