With the recent scrapping of GCSEs fresh in everyone's minds, The O Level Book is the perfect book to settle that age-old argument between the generations: were the exams of yesteryear really harder than anything children have to face today in the age of calculators and spell checkers? Are contemporary kids less intelligent than previous generations? Here is the chance to find out as the whole family pit their wits against one another in the ultimate generation game, contrasting the schooling of yesteryear with modern educational practices. Testing you on a range of old-school topics: English Language; General Science; Geography and History; Household Cookery; Mathematics. A wonderfully nostalgic yet testing anthology, The O Level Book encourages you to dust off your slide rules and get your thinking caps on to see who will come out on top in your family! PCCN Exam Practice Questions are the simplest way to prepare for the PCCN test. Practice is an essential part of preparing for a test and improving a test taker's chance of success. The best way to practice taking a test is by going through lots of practice test questions. If someone has never taken a practice test, then they are unprepared for the types of questions and answer choices that they will encounter on the official test. There is a tremendous advantage to someone taking the test that is already familiar with the questions and answer choices. Another advantage of taking practice tests is that you can assess your performance and see if you

need to study and practice more, or if you're already prepared enough to achieve success on your test day. If you do well on the practice test, then you know you're prepared. If you struggle on the practice test, then you know you may still have more work to do to get prepared. Taking lots of practice tests helps ensure that you are not surprised or disappointed on your test day. The guide highlights all the important information present on : 1) The Scrum Guide Nov 2020) 2) The Book Lean UX: Designing Great Products with Agile Teams by Jeff Gothelf and Josh Seiden. The Guide also contains Questions and Answers which will help you prepare for the PSU Exam. The PSU I certification assessment focuses primarily on validating that one has a fundamental level of understanding about how to integrate modern UX practices into Scrum and to work effectively within Scrum Teams. Note: 1) Information and Content found on the Scrum Guide is repeated on this Reference guide. 2) This Reference guide is not a text book or a replacement to the Scrum Guide or to the Lean UX book. It's simply your workbook which has content (present on the Scrum guide and on the Lean UX Book) presented systematically to understand and memorize for the exam. 3) The Reference guide also has questions and answers which will help you prepare for the PSU exam. 4) Your feedback is much appreciated. Please feel free to email [ScrumReferenceGuides@gmail.com](mailto:ScrumReferenceGuides@gmail.com) in case of any questions. 5) % of the book is available for you to see before you buy it in the "Look Inside" Amazon Feature. This will help you understand exactly what you are buying. The Scrum.org the PSU (Professional Scrum with User Experience) is 60-minute time boxed assessments where you will answer 80 multiple choice questions (in English), similar to the Scrum Open Assessment. You get one attempt (upon payment of fee) and you decide when and where to the exam. There is no expiration date. You are not required to attend an assessment center and can take it from the comfort of your own home. If you do not pass the exam, you can retake the exam, however you would have to pay the fees again. Following are the steps for taking (and passing) the Scrum.org the PSU (Professional Scrum with User Experience) assessment and obtaining the certification:

1. If you are new to Scrum and have never been part of a Scrum team, taking a course is recommended. Attend a Scrum.org Professional Scrum Master or Professional Scrum Product Owner course and review these notes upon completion of the course.
2. Read the Scrum Guide and Lean UX book together with this Reference book. The Scrum Guide is extremely condensed and thus we have decomposed and categorized the most important information present on the Scrum Guide in this Reference Guide.
3. All the important information present in the SCRUM Guide is in this quick Reference Guide.
