She has great friends, a decent job, and a car that breaks down only every other week or so. In other words, she's your perfectly ordinary twenty-first-century woman. Or so she thinks . . . until something extraordinary happens. When her sister is murdered, leaving a single clue to her death—a cryptic message on Mac's cell phone—Mac journeys to Ireland in search of answers. The quest to find her sister's killer draws her into a shadowy realm where nothing is as it seems, where good and evil wear the same treacherously seductive mask. She is soon faced with an even greater challenge: staying alive long enough to learn how to handle a power she had no idea she possessed—a gift that allows her to see beyond the world of man, into the dangerous realm of the Fae. . . . As Mac delves deeper into the mystery of her sister's death, her every move is shadowed by the dark, mysterious Jericho, a man with no past and only mockery for a future. As she begins to close in on the truth, the ruthless Vlane—an alpha Fae who makes sex an addiction for human women—closes in on her. And as the boundary between worlds begins to crumble, Mac's true mission becomes clear: find the elusive Sinsar Dubh before someone else claims the all-powerful Dark Book—because whoever gets to it first holds nothing less than complete control of the very fabric of both worlds in their hands. . . . Can Brigit and the rest of the Circle learn the truth in time to destroy this enemy for good? "The first time I summoned a portal, I didn't understand how I accidentally opened a doorway to another realm. The second time wasn't a mistake. I was ready and stepped through with a clear vision of my destination and the grim resolve that my mission must succeed." - Brigit Quinn Discusses buried treasures along the Atlantic coast, describing the types of treasures and attempts to retrieve them Relates local legends of hidden fortunes and lost treasures left behind by outlaws, pioneers, and prospectors The compilation of the Complete Library of the Four Treasures (*Ssu-k'u ch' ü an-shu*) was one of the most ambitious intellectual projects of the Ch'ing dynasty. Initiated by imperial command in 1772, the project sought to evaluate, edit, and reproduce

the finest Chinese writings in the four traditional categories: Confucian classics, histories, philosophy, and belles lettres. The final products, created over a twenty-two year period, were an annotated catalog of some ten thousand titles and seven new manuscript libraries of nearly thirty-six hundred titles. The project had its darker side as well, for together with the evaluation of books there developed a campaign of censorship and proscription. Guy's study gives a balanced account of the project and its significance. Dozens of celebrated Chinese scholars willingly participated in the project, though it was sponsored by the Manchu emperor, and Guy explains their reasons for doing so. He also reconsiders the issue of censorship, arguing that it grew as much from tensions and jealousies within the intellectual elite as from imperial command. Guy's work will be useful to all those interested in the relationship between intellectuals and the state in late imperial China.

Drawing connections throughout the entire Bible, the book revolves around the keys of the four allegorical creatures mentioned in Ezekiel and the Apocalypse, the four collections of Old Testament books, the four structural clues at the beginning of each gospel, and the four sets of seven hidden symbols in each gospel. Unlike the Bible Code, which requires a computer to decipher, or the execrable Da Vinci Code, the genuine "code" behind the Gospels is hidden in plain sight. Offering a view that runs counter to the received wisdom of our age--which considers Scripture as no more than a haphazard collection of writings by time- and culture-bound human authors--the four keys enable us to understand the entire Bible as the systematic work of an Infinite Mind, and ultimately allow the reader to discern the deeper meanings of the life of Jesus Christ. Collects legends and lore of buried treasure in the southern Appalachian Mountain area, with maps showing locations Learn to summon the Tuatha De Dannan so that their four treasures can be used for your benefit.
