animation designed to help
begin conversations about
mental health in the classroom
and beyond the animation and
accompanying resources have
been created by a team of
animators children teachers
and clinicians and is being
taught to web if you describe
the mind as something physical
then saying something is on it
takes on a different meaning
when it comes to speaking
about physical things like our
head for example to say
something was on our head
would mean something is
literally sitting on top of our
head like a hat web on my mind
