[AQA a Level Maths: Year 1 + Year 2 Mechanics Student Workbook \(Pack Of 10\)](#) Jun 05 2021

This Student Workbook provides supplementary support and practice for the mechanics topics in AQA's new linear specification. Designed to work alongside the AS and A Level Student Books, this Workbook offers both focussed revision sections and exam-style practice. The revision sections provide quick recaps and highlight common exam errors. The exam-style practice questions offer full coverage of the new Assessment Objectives, including the new emphasis on problem-solving and modelling. With answers being written directly onto the page, this Workbook provides realistic practice for the actual exam. Answers are in the back of the book with full step-by-step solutions provided online. The new A Level specification (2017) contains 100% prescribed content, meaning mechanics has become mandatory for the first time since 2000. This Workbook is the perfect course companion, for both the

confident and less confident students.

Collins GCSE Science - OCR Gateway GCSE (9-1) Combined Science Jan 20 2020 Covering the whole of the new 2016 GCSE Combined course, this book is structured around a brand new innovative assessment framework that uses regular check points and tailored intervention to help all students make progress. Written by a team of expert authors for the 2016 specification, this book provides a "go-to" guide to support teachers throughout the course. Teach with confidence using an introduction to the new specification, schemes of work, plans for co-teaching the different courses, and a comprehensive set of editable lesson plans and worksheets. Track students progress in the new linear GCSE course through a brand new, innovative assessment framework. Teaching is organized into four semesters that function as review checkpoints.

Tailor your teaching to suit your students needs using the flexible teaching order within each semester. Assess students across topics and also by assessment objective using the end of chapter questions and the end of semester tests. Help all students make progress with consolidation worksheets to support those at Foundation level and extension activities to challenge those at Higher level. Equip students with the skills they need for working scientifically, using math, and carrying out practicals. Prepare students for the demands of the new specification with differentiated questions and practice opportunities embedded in each lesson. Co-teach both Foundation and Higher tier with a single book (the Higher-only content is clearly flagged). Easily plan your teaching with Schemes of Work for 2, 3, or 5 years, for each tier available free from Collins website from September 2015. All resources also provided on CD-ROM."
