Whether you're a new Christian or you've walked the road for decades, it's never too late to find the critical truths that make life make sense. **Hope Aug 22 2022 What hope is, what hope isn't, and how to
find it in hopeless times. Hope is not optimism. It's not toxic
positivity. It's not a promise of future success or progress.
And it's definitely not something that can be reduced to a
scripty-font platitude on an Instagram post. So what is it?
One thing is certain: real hope demands that we do something
with it. That we live it out. That we use hope to participate in
a bigger story playing out behind the bleak world we see on
the news or in our social media feeds every day. It doesn't
matter whether you're a person of faith, or someone
disillusioned with faith, or someone who hardly ever thinks
about faith: if you're a human being who longs for a spiritual
counternarrative to live by, this book points to one resilient
enough to endure crises and crushing defeats. If you're tired
of hearing about some heavenly hereafter amid the pressing
need for justice here and now, this is a book about hope for
this world—not the next. After exploring what hope isn't and
then what it is, MaryAnn McKibben Dana reflects on the
surprising place where hope is often found—in the messiness
of our imperfect, flawed, beautiful human bodies. In the
second half of the book, she talks about making hope real:
sharing hope through stories, cultivating hope through
simple practices, and nurturing hope in hopeless times—when
only real hope can persevere.**
