[Explorer's Guide Iowa \(Explorer's Complete\)](#) Sep 10 2021 "Iowa? I could have sworn this was heaven."—from Field of Dreams This lively guide—the definitive comprehensive travel guide devoted entirely to Iowa—highlights the events, attractions, lodgings, restaurants, history, and culture that make the Hawkeye State great. Iowans have always known how wonderful their state is; now everyone else can experience the best that this under-appreciated gem has to offer. From railroads and the state fair to art museums and wineries; from cycling to golf to spelunking, Iowa won't fail to surprise and delight travelers. If you like spending your vacations away from crowds or exploring beautiful, perfect natural landscapes, Iowa might be just what you're looking for. Author Lauren Rice traveled throughout her home state to find the best it has to offer. Everywhere she went she learned something new—a fascinating bit of local history, a little restaurant serving great homemade food, some terrific tucked-away place to visit—and there are countless other treasures just waiting to be discovered. As with all Explorer's Guides, handy icons point out places of extra value, kid-friendly sites and activities, and lodgings that accept pets. Detailed maps and an alphabetical "What's Where" section help you plan your trip. With this book in hand, travelers will get off the beaten path and into the heart of an authentic, unspoiled place.

Governors Island Explorer's Guide Nov 12 2021 Governors Island is a 172-acre park just 800 yards from Manhattan. It was a military base for 200 years and only opened to the public in 2004. Today it draws 500,000 visitors a season. This insightful guidebook is for any visitor to the island: a bicyclist who just wants to enjoy five miles of car-free biking, the Civil War enthusiast that wants to visit Castle Williams and see where 1,000 Confederate soldiers were imprisoned, or families on a picnic. The author explores the history of the island, its place in New York and American government, and its long and distinguished military past. More than 80 locations are featured that visitors can explore—from forts to officers housing and much more.

Discovering Humor in the Bible Jul 20 2022 Some folks are surprised to find humor in the Bible; they don't think it has any. Others are embarrassed; they worry about being sacrilegious. Some laugh and don't tell anyone; others laugh out loud and share it with those around. However people respond, the Bible does, in fact, use humor. This book examines why it's there, why it matters, what it looks like, how to look for it, and what to do with it when you find it. The author's goal is to help people become better Bible readers, growing in both skill and insight. So the book doesn't just display a collection of museum pieces, showing the treasures of other explorers. Instead, it offers readers tools and field guides to become explorers discovering on their own. It's a fun how-to manual, dealing with what is routinely overlooked in teaching about biblical interpretation. Individuals will enjoy reading it, but it's also a rich resource for reading groups, Bible study groups, and classes.

The Psychedelic Explorer's Guide Jun 19 2022 Psychedelics for spiritual, therapeutic, and problem-solving use • Presents practices for safe and successful psychedelic voyages, including the benefits of having a guide and how to be a guide • Reviews the value of psychedelics for healing and self-discovery as well as how LSD has facilitated scientific and technical problem-solving • Reveals how microdosing (ultra-low doses) improve cognitive functioning, emotional balance, and physical stamina • This year 600,000 people in the U.S. alone will try LSD for the first time, joining the 23 million who have already experimented with this substance Called "America's wisest and most respected authority on psychedelics and their use," James Fadiman has been involved with psychedelic research since the 1960s. In this guide to the immediate and long-term effects of psychedelic use for spiritual (high dose), therapeutic (moderate dose), and problem-solving (low dose and microdose) purposes, Fadiman outlines best practices for safe, sacred entheogenic voyages learned through his more than 40 years of experience—from the benefits of having a sensitive guide during a session (and how to be one) to the importance of the setting and pre-session intention. Fadiman reviews the newest as well as the neglected research into the psychotherapeutic value of visionary drug use for increased personal awareness and a host of serious medical conditions, including his recent study of the reasons for and results of psychedelic use among hundreds of students and professionals. He reveals new uses for LSD and other psychedelics, including microdosing, extremely low doses, for improved cognitive functioning and emotional balance. Cautioning that psychedelics are not for everyone, he dispels the myths and misperceptions about psychedelics circulating in textbooks and clinics as well as on the internet. Exploring the life-changing experiences of Ram Dass, Timothy Leary, Aldous Huxley, and Huston Smith as well as Francis Crick and Steve Jobs, Fadiman shows how psychedelics, used wisely, can lead not only to healing but also to scientific breakthroughs and spiritual epiphanies.
