“[Singer's] enthusiasm becomes infectious . . . Wired for War is a book of its time: this is strategy for the Facebook generation.” —Foreign Affairs “An engrossing picture of a new class of weapon that may revolutionize future wars. . .” —Kirkus Reviews P. W. Singer explores the greatest revolution in military affairs since the atom bomb: the dawn of robotic warfare We are on the cusp of a massive shift in military technology that threatens to make real the stuff of I, Robot and The Terminator. Blending historical evidence with interviews of an amazing cast of characters, Singer shows how technology is changing not just how wars are fought, but also the politics, economics, laws, and the ethics that surround war itself. Travelling from the battlefields of Iraq and Afghanistan to modern-day "skunk works" in the midst of suburbia, Wired for War will tantalise a wide readership, from military buffs to policy wonks to gearheads. Preparing for war : Alabama to Richmond, January 14-June 20, 1861 -- Waiting for the great battle : Richmond to Manassas, June 21-July 21, 1861, Manassas to Centreville, Virginia : July 22-September 21, 1861 -- Camp at Centreville, Virginia : September 27-December 31, 1861 -- The road to the Peninsula : January 8-March 24, 1862 -- The Peninsula campaign and the Seven Days Battles : March 25-July 27, 1862 -- The Second Battle of Manassas to Fredericksburg, Virginia : August 9-November 18, 1862 -- The Fredericksburg campaign : December 3, 1862-February 9, 1863 -- Chancellorsville, Virginia, to Gettysburg, Pennsylvania : February 20-July 9, 1863 -- Orange, Virginia, to Petersburg, Virginia : August 22, 1863-October, 1864 -- Prison and home again : January

William Cowan McClellan's military record -- Appendix E : 9th Alabama regimental roster for Companies F and H

The gold standard of texts on the history of the Arab-Israeli conflict Palestine and the Arab-Israeli Conflict provides a comprehensive, balanced, and accessible narrative of a complex historical topic. The ninth edition explores the relationships among peoples and events and guides students through the often complex web of circumstances, parties, and personalities that constitute the story of Palestinian-Israeli relations. The narrative is supported by more than 40 primary documents that highlight perspectives from all sides of the struggle. Throughout the book, the author examines how underlying issues, group motives, religious and cross-cultural clashes, diplomacy and imperialism, and the arrival of the modern era shaped this volatile region. Maps, photographs, chronologies, public opinion polls, and discussion questions help facilitate student understanding. A fully updated final chapter makes this the most current history of the topic. "One of the best textbooks in intercultural communication for undergraduate students" —Mo Bahk, California State University, San Bernardino

How does the Syrian refugee crisis, the election of Donald Trump, and the increasing number of "walls" being built to control immigration affect our ability to communicate and function across cultures? The highly anticipated Ninth Edition of An Introduction to Intercultural Communication prepares today's students

to successfully navigate our increasingly global community by integrating major current events into essential communication skills and concepts. To spark student interest, award-winning professor and best-selling author Fred E. Jandt offers unique insights into intercultural communication, at home and abroad, through an emphasis on history, culture, and popular media. Each chapter integrates material on social media, as well as extensive new examples from recent international news and events. Throughout the text, Jandt reinforces the important roles that our own stories, personal experiences, and self-reflection play in building our intercultural understanding and competence. New to the Ninth Edition New material on religion and identity, gender identity, and gender expression enables readers to explore the most current coverage on modern theories. Focus on Skills boxes have been expanded to include more activities that provide students with additional practice of intercultural communication skills. Focus on Technology boxes illustrate the impact of the newest communication technology on intercultural encounters. The popular map program provide students with additional context for discussion of cultures and regions across the globe and dynamic data displays that are popular with students. Give your students the SAGE edge! SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review, study, and further exploration, keeping both instructors and students on the cutting edge of teaching and learning. Learn more at edge.sagepub.com/jandt9e This textbook offers a high-level survey of theories across the communication discipline. As an organizing framework, the authors

(both U. of New Mexico) consider various theoretical traditions (such as sociopsychological, critical, or phenomenological) as they apply to each of eight communication contexts. New for the ninth edition are special boxed sections containing quotations from theorists explaining what they would like students to know about their work. Annotation ©2007 Book News, Inc., Portland, OR (booknews.com). An introduction to the theory and practice of conflict management. This text first describes the components and dynamics of interpersonal conflict then the various strategies for negotiation, bargaining and resolution. Written for non-experts in jargon-free language, this work shows how to create systems within organizations that preempt the monetary, strategic, and emotional costs associated with on-the-job conflict. Its clear and simple approach translates advanced concepts into practical how-tos and provides readers with four guiding principles they can follow to create conflict control systems of their own. Amply illustrated with real-world examples, it details the policies, procedures, and practices that make for successful control systems and tells precisely how to implement them. Water is a basic human need, and despite predictions of "water wars," shared waters have proven to be the natural resource with the greatest potential for interstate cooperation and local confidence building. Indeed, water management plays a singularly important role in rebuilding trust after conflict and in preventing a return to conflict. Featuring nineteen case studies and analyses of experiences from twenty eight countries and territories in Africa, Asia, Europe, the Americas, and the Middle East, and drawing on the experiences of thirty-five researchers and practitioners from

around the world, this book creates a framework for understanding how decisions governing water resources in post-conflict settings can facilitate or undermine peacebuilding. The lessons will be of value to practitioners in international development and humanitarian initiatives, policy makers, students, and others interested in post-conflict peacebuilding and the nexus between water management and conflict. Water and Post-Conflict Peacebuilding is part of a global initiative to identify and analyze lessons in post-conflict peacebuilding and natural resource management. The project has generated six edited books of case studies and analyses, with contributions from practitioners, policy makers, and researchers. Other books in this series address high-value resources, land, livelihoods, assessing and restoring natural resources, and governance. Communicating Interpersonal Conflict in Close Relationships: Contexts, Challenges, and Opportunities provides a state-of-the-art review of research on conflict in close personal relationships. This volume brings together both seasoned and new voices in communication research to address the challenges in evaluating conflict. Contributors review the current state of research on themes related to power, serial arguments, interpersonal and family dynamics, physiological processes, and mechanisms of forgiveness by presenting theoretical reviews, original unpublished data-driven research, and discussions about the methodological challenges and opportunities in studying interpersonal conflict. An essential resource for graduate students and faculty interested in interpersonal conflict in close relationships between romantic partners, families, or friends, this volume is

intended for advanced coursework and individual study in communication, social psychology, and close relationship scholarship. The Anatomy of Peace will instil hope and inspire reconciliation. Through a series of moving stories about once-bitter enemies reunited, it shows us how we routinely misunderstand the causes of conflict - and perpetuate the very problems we're trying to solve. The Anatomy of Peace shows you how to: 1. Focus on helping things go right, rather than 'fixing' things that go wrong 2. Think about others as people with fears of their own, not obstacles in your way 3. Stop worrying about how the world sees you 4. Learn to move away from blame and bitterness Welcome to a world without conflict. Nygh's Conflict of Laws in Australia provides authoritative and comprehensive coverage of the three main areas of private international law: jurisdiction, choice of law and recognition and enforcement of foreign judgments and arbitral awards. The wide-ranging subject matter includes international commercial dealings and other civil obligations, administration of estates and succession, international child abduction, adoption, proof of foreign law, and the recognition of same-sex marriages. It covers the legislation and civil procedure rules of all Australian jurisdictions as well as important common law developments. The ninth edition has been comprehensively revised and updated. It includes discussion and analysis of many new cases, reflecting the growth of litigation involving international elements, particularly in areas of arbitration, enforcement of foreign judgments and cross border insolvency. Legislative changes include Australia's ratification of the Hague Service Convention in late 2010 and the enactment of the Trans-Tasman

Proceedings Act 2010 (Cth) and the Australian Consumer Law. The clear explanations of complex concepts make Nygh's Conflict of Laws in Australia an ideal text for both legal practitioners and students of conflict of laws or private international law. Features • Authoritative, reliable content • Complex concepts clearly explained • Expanded content includes maritime law under international Arbitration Act, the nature of marriage, including polygamous and same-sex marriages and information technology across jurisdictions. Related Titles Mortensen, Garnett and Keyes, Private International Law in Australia, 2011 This book is a brief and penetrating introduction to the study of world politics in an era of complex interdependence. This text employs lessons from both theory and history to evaluate conflict and cooperation among global actors and to provide students with a resilient analytical framework. From twentieth and twenty-first century conflicts to global trade and finance, global governance, and the information revolution, this book expands substantially on previous editions of this classic work to provide a lucid and thought-provoking survey of international relations today. Anthony Collings found himself in his share of difficult situations in his thirty-four years as a newsman. Like being captured by AK-47-toting Syrians in Lebanon in 1981 while looking for missiles that threatened a new outbreak of hostilities with Israel, or being "detained" by the KGB in Moscow in 1967 during his first foreign posting for the Associated Press filing stories about Soviet dissidents. Name a hot spot, and Collings has likely been there. From AP correspondent to Newsweek bureau chief to CNN reporter, he covered the Middle East, Rome, Moscow, London, Paris, and

Washington. Now he has gathered stories about his work in a book that is both a journalist's memoir and a commentary on the current ethical crises in the news media and how to address them. Brimming with entertaining stories about journalism, especially the chaotic early years at CNN when he and his colleagues established the first major cable news network, Collings's book reveals the dangers and pressures of covering the news and the difficulties of overcoming obstacles to the truth. He recalls smuggling tapes out of Poland after the Communists had imposed martial law; flying dangerously near Libya's "Line of Death"; interviewing world figures from Brezhnev to Kaddafi and Arafat; and winning awards for covering Iran-Contra and the Oklahoma City bombing. Collings brings fresh insights to the Oliver North affair and examines how the press was suckered in its coverage of the Jessica Lynch prisoner-of-war story in 2003. He voices his concerns regarding oversimplified reporting of complex issues and poses provocative questions about covering terrorism. In this book, Collings presents an insider's appraisal of the American news media's failings and accomplishments. Easy to read, informative, and thoughtful, Capturing the News will enlighten general readers interested in how journalists cover current affairs, while offering newsmen food for thought about the craft and ethics of journalism. This best-selling comprehensive book conveys the relevance of sociology by including a timely collection of theories, research, and examples--including its signature first-person accounts that open chapters. Experiences represented in these opening vignettes accurately mirror the richness and complexity of society, while also establishing the themes that are

carried throughout the chapters. Author Diana Kendall's vivid, inviting writing style, emphasis on applications, eye for the most compelling current examples, and use of assignable photo essays and companion videos engage readers and further highlight sociology's relevance to all students. Now in its Ninth Edition, SOCIOLOGY IN OUR TIMES is acclaimed in the field for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Go beyond theory and start to master the essential communication skills and techniques you'll need throughout all areas of nursing practice.

Communication in Nursing, 7th Edition uses a personal and empathetic approach, along with unique artistic features, to help you develop a deeper understanding of the importance of communication. Comprehensive, step-by-step guidelines teach you how to establish patient relationships, and new QSEN-specific exercises help you learn to connect more effectively with patients, co-workers, and managers for better clinical outcomes. Real-life clinical scenarios, chapter exercises, and a new writing tutorial also offer endless opportunities to hone your skills. Moments of Connection boxes highlight the outcomes and benefits of successful communication. Wit & Wisdom boxes provide a humorous, personal approach to communication theory and application. Reflections On... boxes give you a specific task to help you integrate chapter material into the broader scope of

nursing practice. Exercises throughout the book help you master chapter techniques and strengthen your communication skills. QSEN-specific exercises developed by a leading expert highlight how safety and improved care can result from better communication. UNIQUE! Online writing tutorial on Evolve helps you review and improve your technical writing skills. Case studies on Evolve give you practice using proper communication skills in a variety of real-life case scenarios. The latest information on compassion fatigue, language use, client preconceived ideas about health care, transcultural issues, technology, and the demands of electronic medical record systems provide you with the most up-to-date and relevant information needed to excel in today's nursing field. This fully updated ninth edition provides an introduction to conflict and conflict management that is firmly grounded in current theory, research, and practice. Covering a range of conflict settings, including interpersonal, group, and organizational conflicts, it includes an abundance of real-life case studies that encompass a spectrum of theoretical perspectives. Its emphasis on application makes it highly accessible to students, while expanding their comprehension of conflict theory and practical skills. This new edition features a new chapter presenting key principles students can practice to become more skillful at managing conflict, a wealth of up-to-date research and case examples, suggested readings and video resources, and integrated questions for review and discussion. This textbook can be used in undergraduate or graduate courses on conflict in communication, business and management, political science, and counseling programs. Online resources for

instructors, including PowerPoint slides and an instructor's manual, can be found at www.routledge.com/cw/folger. Time is the backdrop of historical inquiry, yet it is much more than a featureless setting for events. Different temporalities interact dynamically; sometimes they coexist tensely, sometimes they clash violently. In this innovative volume, editors Dan Edelstein, Stefanos Geroulanos, and Natasha Wheatley challenge how we interpret history by focusing on the nexus of two concepts—"power" and "time"—as they manifest in a wide variety of case studies. Analyzing history, culture, politics, technology, law, art, and science, this engaging book shows how power is constituted through the shaping of temporal regimes in historically specific ways. Power and Time includes seventeen essays on human rights; sovereignty; Islamic, European, Chinese, and Indian history; slavery; capitalism; revolution; the Supreme Court; the Anthropocene; and even the Manson Family. Power and Time will be an agenda-setting volume, highlighting the work of some of the world's most respected and original contemporary historians and posing fundamental questions for the craft of history. The Middle East is a continuing crisis area in world politics. This crisp and penetrating book, first published in 1971, analyses the historical development of the major issues in Arab politics, explains the conflicting interests now at stake in the Middle East and how the politics of the area were likely to develop. It examines, among other topics, the Palestine Liberation Movement, the prospects for Arab unity, and Great Power interference, and was written by one of the world's leading scholars writing on the Middle

East. The book deftly balances theory and history to help students develop a well-rounded, informed framework for analyzing current issues and dilemmas. Updated with the most recent scholarship, the third edition explores the international issues confronting us as we enter the 21st century.*In-depth discussion and analysis of the impact of globalization and new technology on the international power structure in the post-Cold War era (Ch. 7).*Discussion of transnational threats to global security (Ch. 8).*Updated! Text has been completely updated and revised to reflect more recent developments on the international scene such as the conflict in Kosovo, the rise of China as a world economic power, nuclear testing by India and Pakistan, and the growing role of NGOs and other non-state actors in international affairs. Updated in its 7th edition, Working Through Conflict provides an introduction to conflict and conflict management that is firmly grounded in current theory, research, and practice, covering the whole range of conflict settings (interpersonal, group, and organizational). Encompassing a broad spectrum of theoretical perspectives, the text includes an abundance of real life case studies that illustrate key concepts and help students learn how to apply theory. The book's emphasis on application of concepts makes it highly accessible to students, while expanding their understanding of both conflict theory and practical skills.

An introduction to social science research and theory on conflict Concise and comprehensive, A History of the Arab-Israeli Conflict presents balanced, impartial, and well-illustrated coverage of the history of the Arab-Israeli conflict. The authors identify and examine the issues and themes that have

characterized and defined the conflict over the past century tying in a twenty-first century perspective. The seventh edition exposes readers to recent events in the Middle East. Altering relations between Israel and neighboring states, political and religious uncertainty as a result of the Arab Spring and the increased scrutiny of Iran's nuclear program are explored in this updated edition. Interpersonal Conflict explains the key dynamics of personal conflicts that we all face. Written for courses such as Communication and Conflict, Interpersonal Conflict, Conflict Management, Conflict and Negotiation, and Conflict in Personal Relationships, this textbook examines the central principles of effective conflict management in a wide variety of contexts--whether at home or on the job. Its combination of up-to-date research and examples gives students a theoretical and practical foundation in conflict management. Instructors and students can now access their course content through the Connect digital learning platform by purchasing either standalone Connect access or a bundle of print and Connect access. McGraw-Hill Connect® is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following:

- **SmartBook® - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content.**
- **Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course.**
- **Progress dashboards that quickly show how you are performing on your assignments and tips for**

improvement. • The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping. Complete system requirements to use Connect can be found here: <http://www.mheducation.com/highered/platforms/connect/training-support-students.html> Strategic Conflict offers a research-based, accessible analysis of how people can manage conflict productively. Moving beyond the basics of conflict, it examines interpersonal situations in which conflict occurs and promotes strategic communicative responses based on the latest theoretical research. Daniel J. Canary and his colleagues add personal observations, media examples, and samples of actual interaction to provide concrete illustrations of the research findings. This comprehensive volume provides students with the tools to understand conflict in real-world contexts. Interpersonal Conflict explains the key dynamics of personal conflicts that we all face. “Raines masterfully blends the latest empirical research on workplace conflict with practical knowledge, skills, and tools to effectively manage and prevent a wide range of conflict episodes. This is a highly applicable ‘top shelf book’ that will assist anyone from the aspiring manager to top level management and leadership in the public, private, and nonprofit sectors. It will also be a fast favorite of professors, trainers, and students of business and conflict management.” - Brian Polkinghorn, Distinguished Professor, Center for Conflict Resolution, Salisbury University. “With her broad dispute resolution, teaching, and editing experience, Susan Raines is uniquely qualified to organize what is known about conflict management in the workplace. She has succeeded in providing private, public, and nonprofit managers with accessible concepts and tools to deal effectively with the internal and external conflicts they must confront every day.

Essential reading for all managers!” - Alan E. Gross, senior director, training coordinator, New York Peace Institute “After reading an advance copy of Raine’s impressive book, I can’t wait to begin to use it as a seminal text in my classes in organizational conflict. I am amazed at her ability to cover so well such disparate subjects as systems design, public policy disputes, small and large group processes, customer conflicts, conflicts in a unionized environment, and conflicts within regulatory contexts. Her user-friendly writing style is enhanced by her salient examples of exemplary and mistake-laden practices within public and private sector organizations. A ‘must-read’ for scholars, students, and practitioners interested in organizational conflict.” - Neil H. Katz, professor, Conflict Analysis and Resolution, Nova-Southeastern University “Conflict management skills are essential to a manager’s success. Raines, a leading scholar and practitioner, provides a comprehensive and strategic new guide to these critical skills and how to use them in any organization.” - Lisa Blomgren Bingham, Keller-Runden Professor of Public Service, School of Public and Environmental Affairs, Indiana University Known for its clear and engaging writing, the bestselling Race, Ethnicity, Gender, and Class by Joseph F. Healey, Andi Stepnick, and Eileen O’Brien has been thoroughly updated to make it fresher, more relevant, and more accessible to undergraduates. The Eighth Edition retains the same use of sociological theory to tell the story of race and other socially constructed inequalities in the U.S. and for examining the variety of experiences within each minority group, particularly differences between those of men and women. This edition also puts greater emphasis on intersectionality,

gender, and sexual orientation that will offer students a deeper understanding of diversity. New to this Edition New co-author Andi Stepnick adds fresh perspectives to the book from her teaching and research on race, gender, social movements, and popular culture. New coverage of intersectionality, gender, and sexual orientation offer students a deeper understanding of diversity in the U.S. The text has been thoroughly updated from hundreds of new sources to reflect the latest research, current events, and changes in U.S. society. 80 new and updated graphs, tables, maps, and graphics draw on a wide range of sources, including the U.S. Census, Gallup, and Pew. 35 new internet activities provide opportunities for students to apply concepts by exploring oral history archives, art exhibits, video clips, and other online sites. Broadly defining "conflict resolution", James A. Schellenberg gives systematic coverage to five main ways people may try to resolve their conflicts: coercion, negotiation, adjudication, mediation, and arbitration. The main theories of conflict, both classic and contemporary, are reviewed under four main categories: individual characteristics theories, social process theories, social structural theories, and formal theories.
