Undeclared Jul 06 2021 Undeclared provides an engaging and thorough picture of how a family owned business developed, overcame challenges, and interacted with the rich context of the northern Michigan tourism industry. It is a very rare story of a three-generation family-owned and family-operated business that has had to fight for survival for nearly seventy years. Fierce competition from other ferry lines, treacherous weather conditions, costly maintenance on passenger and freight vessels, changing governmental regulations, and depressed economic conditions in the State of Michigan are but a few of the challenges the Sheplers have faced over the years. This book reveals how, operating in the historically rich Straits of Mackinac waters of Lake Huron and Lake Michigan, Shepler's Mackinac Island Ferry exploits the beautiful scenery, military forts, lighthouses, and the world famous Mackinac Bridge by conducting tours accompanied by expert narration sharing both fact and fiction about the native American culture of the region, the missionaries, fur trading, and ships lost to the rough waters of the Great Lakes. In this book the reader will also get some interesting insights into Mackinac Island and St. Ignace, with their very divergent cultures and offerings that can inspire and entertain visitors.

Ticket To Ride May 16 2022 Ticket To Ride takes you through the history of roller coasters, from the first in seventeenth century St. Petersburg to today's gigantic theme park attractions—complete with a tour of the most hair-raising and fantastic examples. The adrenaline rush of a roller coaster ride provides its fans with a leg-wobbling wave of euphoria and exhilaration unmatched by any other experience. It takes a certain amount of courage—or foolhardiness—to climb onto a roller coaster, but what a ride. Fans travel the world to experience the latest and most gut-wrenching rides, and they have quite a selection to choose from. Exactly who built the very first roller coasters is contentious, but they are generally agreed to have appeared in seventeenth century St. Petersburg, where they were made of ice and wood—accordingly nicknamed “Russian Mountains.” Now a staple of amusement parks and theme parks, the first patented roller coaster appeared in the first real theme park, at famed Coney Island in 1884. It was created by “Father of the Gravity Ride” LaMarcus Adna Thompson, an American inventor and amusement park pioneer. His “scenic railways” were a sensation, so much so that he opened six at Coney Island alone. The first golden age of the roller coaster ended with the Great Depression in tandem with the decline of amusement parks in general. A roller coaster revival did not begin until 1972, with the construction of The Racer at Kings Island, Ohio. This started the second golden age of the roller coaster and led, in turn, to the construction of rides like Rebel Yell (at Kings Dominion, Virginia) and Thunder Road (at Carowinds, North and South Carolina). In 1959, the first steel track roller coaster, called Matterhorn Bobsleds, appeared at Disneyland, California, leading the way with innovative loops and corkscrews. Aficionados have their favorites; some prefer steel roller coasters for their smoother ride and ability to turn their passengers upside-down as they fly around the tracks. Conversely, others prefer the more old-fashioned wooden roller coasters that rattle along and play with negative G-forces to provide “air time” for their passengers. Today, there are numerous types of roller coasters, which broadly divide into train-type coasters, mechanical

coasters, and track layout coasters. Some of the favorites featured in this book include: Jurassic Park, Animal Kingdom theme park, Superman the Ride (Bizarro), Superman: Escape from Krypton, Batman The Ride, El Toro, Loop The Loop, Transformers: The Ride, Jack Rabbit, Th13teen, Saw: The Ride, London Eye, Back at the Barnyard Hayride, Great American Scream Machine, Revenge of the Mummy: The Ride, Apollo's Chariot, Apocalypse, Big Dipper Roller Coaster, Boomerang Coaster, Dragon, Cyclone, Medusa, Thunderbolt, The Sea Dragon, Alpine Bobsled, Rattlesnake, Shockwave, Full Throttle, Goliath, Joker 4-D coasters, Phantom's Revenge, The Big One, The Ultimate, Centrifugal Railways, Oblivion, Klondike Gold Mine, Dreamland park, and more. Ticket To Ride looks at the development of roller coasters and how they have evolved into the biggest theme park attractions in the world, taking you on a tour of the greatest, most spectacular examples.

A Walk on the Beach May 24 2020 It was a cold January afternoon when Buddy and Olivia arrived at Sea Island. They came from different corners of the state to a Georgia Association of Realtors' convention, a black tie affair that attracted nearly six hundred participants. Buddy was divorced and Olivia was a widow. Olivia smiled as she watched Buddy flirt with the young lady at the ticket counter. Little did she know his attention would become focused on her later in the evening. Whether the meeting came by chance or by destiny, the two lonely souls needed "A Walk On The Beach". Soothing music by the band after dinner was an invitation to dance. The ballroom was packed. Buddy was in the hunt. He circled the room three times leaving no stone unturned. Near the end of the third lap, he was stopped dead in his tracks. There she sat, wearing a low-cut sequined blouse, and the baby blues and the smile and the silky blond hair sent tremors through his heart. "Her beauty radiated like a beacon from a lighthouse!" It would be their first dance of many over the next few years, and at one point they danced alone to cheers from the crowd. The courtship blossomed after that first meeting, but there were challenges. Olivia lived on Tybee Island and Buddy lived in Moultrie, some four and a half hours away. Buddy did most of the driving, of course, for the chase was on. Tybee became their playground with long walks on the beach, dinner parties and romantic sunsets. Share the intimacy, humor and trials of this true love story as it unfolds through their e-mails. Feel the warmth and passion of the relationship as two adults strive to give love a second chance.

Ticket to Ride May 04 2021 In this second volume of memoirs, wistfully entitled Ticket to Ride, Robert Bowman again draws on events and experiences from his interesting international legal and commercial consultancy career, which has spanned the last four decades. In so doing, he inexorably draws the reader into the highs and lows of working internationally at the sharp end where nothing is quite what it seems and every day throws up new challenges. In this volume of Dispatches from the Coal Face of Life, the reader relives the poignancy of the early and sudden death of Beatle John Lennon in New York city, the raw excitement and deadly confusion of a live shoot-out in Downtown New Orleans, a visit to the distant River Kwai on the Thai/Burmese border before the days of package tours take the traveler there, and a desolate trip to the Delta region of Nigeria. In this new splendidly entertaining volume, the reader climbs Diamond Head above Honolulu and travels on the famous Blue Train across the Karoo from Johannesburg to Cape Town and then goes across the sea to meet the ghost of Nelson Mandela on Robben Island before shooting the rapids and climbing a volcano in the southern Philippines, and then returning in triumph through the dramatic snowy scenery of Glacier National Park and the Rockies on Canadian Pacific 1090. In this unique book, the reader gets to sample another unforgettable walk on the wild side of life. Grab it and taste it while you can, before it melts away into the distant blue yonder.
