A comprehensive guide to understanding and practicing Vedic astrology, the art of jyotish. • Teaches beginners

how to read and interpret Vedic astrology charts, based on their own birth chart as well as the birth charts of 112 notable people. • Shows how to use Vedic astrology to anticipate upcoming events and direct the cosmic energies of one's life toward a positive future outcome. For over 5,000 years the people of India have used jyotish, or Vedic astrology, to anticipate future influences and make major decisions. Now Andrew Bloomfield brings this increasingly popular tool to the West in an easy-to-follow, comprehensive format, providing the reader with everything needed to practice the Indian art of predicting the future. Vedic astrology was codified by the ancient Maharishis to help people achieve the four basic goals of human existence: kama (desire), artha (wealth), dharma (life purpose), and moksha (spiritual growth). Unlike other forms of astrology, Vedic calculations focus more on the primal, unconscious, driving forces linking our thoughts and actions. How to Practice Vedic Astrology shows how to make accurate predictions on when to expect life's changes concerning one's career, love life, children, or spirituality. Jung found astrology an effective tool. I feel he would have liked the work of the Lebanese and international astrologer, Carmen Chammas, whose reading for each sign is detailed and thought provoking." —Christopher McIntosh, writer; Bremen, Germany "Carmen Chammas is a skilled and courageous astrologer who fearlessly carries the torch for both women and the wisdom of the

stars in these challenging times. She has my utmost respect and admiration for being a positive role model for all—a true light—inside or outside of astrology.” —John Townley, astrologer and author; New York, USA “As a spiritual leader, I find astrology to be an important key to guide us. I appreciate Carmen’s wisdom and vision in her consistent studies of the stars. Her dedication to give back to humanity is reflected in her work.” —Donnagaye Williams, Miami, USA “Carmen Chammas writes from the insight of a trained astrologer. This book is a rich learning experience, helping us face every day with a greater understanding of ‘our’ timing in this universe. —Fatina Salaheddine, publisher, Al-Sahafa Newspaper; Cleveland, USA “Carmen Chammas is absolutely stunning. Her personal advice as an astrologer is very helpful in personal and business decisions. Her experience, pragmatism, and intelligence make her knowledge of star signs even more valuable.” —Martina Haas, networking expert; Berlin, Germany Easy Astrology Guide gives the reader instant interpretations. Discover: - the many ways that astrology can help you - how to read and understand your chart, with a free personalized chart provided online for every reader - the talents and challenges you were born with

- how to make simple predictions for yourself and others - how to be a better parent, friend and colleague through knowing your loved ones' charts This book was previously published under the title Astrology (Hay House Basics series). Your birth chart is a snapshot of the sky taken at the moment and place of your birth, one that reflects your character, personality, strengths, and challenges. But the moment after that picture was taken, the planets moved on--some quickly, some very slowly. Astrologers call the moving planets "transits," and by comparing their movements to your birth chart you can gain a complete view of how best to prepare for challenges, meet opportunities, and stay grounded in a constantly-changing world. In Astrological Transits, astrologer April Elliott Kent will guide you through the best ways to make the most of your birth chart. Learn how to make the most of good transits and harness and transform the energy of "bad" ones. You'll also understand planetary cycles and anticipate your own transits. Finally, you'll know how to read planetary return charts, work with planetary retrogrades, and use eclipses to recognize major patterns and turning points in your life. If you are comfortable reading a birth chart, you are ready to move your chart into the future using transits. Instructions, tables, and worksheets will make tracking your transit cycles simple and exciting! Are you looking for a complete guide on astrology? Then keep reading... Astrology has been

used for centuries to give people a clearer sense of who they are and what they need out of life, but much of the available information in the past amounted to general descriptions of personalities, as if they were set in stone with no room for change. Predictive astrology was used to look at the future, but because there are so many variables, predictions were often wrong. That's not to suggest that there are not some excellent "mundane astrologers"--that is, astrologers who predict worldly events, such as times of challenge in economics and politics. That, however, is not what most people are interested in when they turn to astrology to learn something deeper about themselves For millennia, humans have gazed up to the stars and recognized the connection between the cosmic cycles and movement of the heavens as having an effect on earth. For example, the seasons and tides are clearly affected by cosmic cycles. At some point, they came to understand that cosmic cycles also have an effect on us. In fact, astrology, in one form or another, has been around for thousands of years as a divinatory tool used to predict global and personal events. There is some evidence that the ancient Sumerians used the cosmos as a guide. The Babylonians are generally credited with creating the first organized system of astrology, but there is no specific evidence of the organization they used. The cosmos is based on cycles and circles. The movement of all atomic

structures on earth is mirrored in the movements of the planets in our galaxy and in the movement of the galaxy within the universe, moving as spirals within spirals, and so it is within us. Aligning with the planetary phases and rhythms brings flow to our lives as we evolve with the cosmic energies rather than fight against them. With this knowledge, you are able to face challenging energies with a more philosophical approach as you begin to embody the flow and cyclical nature of life, the earth, and the universe, knowing that all is evolving as you are. This book covers Astrology - history of astrology Planets - (the importance of the planet sun, the moon and all planets) The elements (fire, water, earth, air and water) The houses (how to calculate ascendant, the 12 houses) Horoscopes and transits - horoscopes 2020 Numerology The kundalini rising Understanding your sign And Much More. I invite you, alongside your reading of this book, absorbing the astrological language, and practicing the exercises in the chapters, to actually get outside and look up. Technology has given us amazing resources, such as apps like Star Walk and Sky Guide, to aid in identifying planetary bodies and helping you witness and feel the cyclical nature of the whole universe. This will help you embrace the energies and even the challenging times, knowing that growth is within the grasp of your whole being. Tune in to both your inner world and the

movement of the universe so that you can move toward your soul's evolutionary potential with relative ease and grace. Start learning more about Zodiac Signs and Astrology now!
