True Gentlemen Jan 15 2022 College fraternity culture has never been more embattled. Once a mainstay of campus life, fraternities are now subject to withering criticism for reinforcing white male privilege and undermining the lasting social and economic value of a college education. No fraternity embodies this problem more than Sigma Alpha Epsilon, a national organization with more than 15,000 undergraduate brothers spread over 230 chapters nationwide. While SAE enrollment is still strong, it has been pilloried for what John Hechinger calls "the unholy trinity of fraternity life": racism, deadly drinking, and misogyny. Hazing rituals have killed ten undergraduates in its chapters since 2005, and, in 2015, a video of a racist chant breaking out among its Oklahoma University members went viral. That same year, SAE was singled out by a documentary on campus rape, The Hunting Ground. Yet despite these problems and others, SAE remains a large institution with strong ties to Wall Street and significant political reach. In True Gentlemen, Hechinger embarks on a deep investigation of SAE and fraternity culture generally, exposing the vast gulf between its founding ideals and the realities of its impact on colleges and the world at large. He shows how national fraternities are reacting to a slowly dawning new reality, and asks what the rest of us should do about it. Should we ban them outright, or will they only be driven underground? Can an institution this broken be saved? With rare access and skillful storytelling, Hechinger draws a fascinating and necessary portrait of an institution in deep need of reform, and makes a case for how it can happen.

The Book of Lies Apr 06 2021 The Book of Lies was written by English occultist and teacher Aleister Crowley under the pen name of Frater Perdurabo. As Crowley describes it: "This book deals with many matters on all planes of the very highest importance. It is an official publication for Babes of the Abyss, but is recommended even to beginners as highly suggestive." The book consists of 91 chapters, each of which consists of one page of text. The chapters include a question mark, poems, rituals, instructions, and obscure allusions and cryptograms. The subject of each chapter is generally determined by its number and its corresponding Qabalistic meaning.

The American Fraternity Jul 09 2021 "The American Fraternity is a photobook that provides an intimate and provocative look at Greek culture on college campuses by combining contemporary photographs with scanned pages from a wax-stained 60 year old ritual manual. This book will shed new light on the peculiarities of the fraternal orders which count seventy-five percent of modern U.S. presidents, senators, justices, and executives among their members. These mysterious campus organizations are filled with arcane oaths and ceremonies and this book attempts to capture within its pages some of this dark power"--Publisher's website, January 23, 2019.

Hazing Apr 25 2020 When does becoming part of the team go too far? For decades, young men and women endured degrading and dangerous rituals in order to join sororities and fraternities while college administrators blindly accepted their consequences. In recent years, these practices have spilled over into the mainstream, polluting military organizations, sports teams, and even secondary schools. In Destroying

Young Lives: Hazing in Schools and the Military, Hank Nuwer assembles an extraordinary cast of analysts to catalog the evolution of this dangerous practice, from the first hazing death at Cornell University in 1863 to present day tragedies. This hard-hitting compilation addresses the numerous, significant, and often overlooked impacts of hazing, including including sexual exploitation, mental distress, depression, and even suicide. Destroying Young Lives is a compelling look at how universities, the military, and other social groups can learn from past mistakes and protect their members going forward.

Give Smart Jul 21 2022 In the first half of the twenty-first century, giving to family and community foundations alone will be ten times in today's dollars what it was throughout the entire twentieth century. Yet despite tremendous innovation in the social sector, philanthropy's natural state is under-performance. Not since Andrew Carnegie wrote The Gospel of Wealth has a book been written that provides practical guidance for donors to get the most impact from their giving. Almost a decade ago, Thomas J. Tierney left Bain & Company to co-found The Bridgespan Group, a nonprofit focused on helping donors and nonprofit leaders to develop and execute strategies to accelerate social change. In Give Smart, Tierney pools his hands-on knowledge with philanthropy expert Joel L. Fleishman to create a much-needed primer for philanthropists and the nonprofit organizations they support. Drawing from personal experiences, testimonials, and Bridgespan's case studies, including those of the Bill and Melinda Gates Foundation and the John D. and Catherine T. MacArthur Foundation, Give Smart picks up where Jim Collins' Good to Great and the Social Sectors left off and presents the first in-depth, expert guide for engaged donors and nonprofit leaders.

The Diversity Code Nov 01 2020 The most diligent compliance with laws and regulations can't foster true work place diversity. The best organizations have become genuine cross-cultural communities that believe equally in reconciling differences and valuing them. To that end, The Diversity Code promotes understanding by answering many of the toughest questions that professionals and their employers are often afraid to ask, including: * How do you define diversity--what it is and isn't? * Am I "safe" simply following the law? * Can't we just acknowledge that we are the same and different--then get on with our work? * How do I handle diversity problems on my staff--or worse, with people who outrank me? * What do I do if I'm accused of something? * How do I institute change without ticking people off? Each chapter begins with a challenging question, which the author answers based on years of experience as a diversity expert and attorney, and concludes with a real-world scenario and a chance for readers to test themselves on their knowledge.
