text may not be available in the ebook version. Manufacturing Systems covers the basic elements of manufacturing as a mar body of activities. Topics include materials, processes, and management techniques. The organization of the Student Activity Manual (SAM) parallels that of the student text. Activities corresponding to each Tema in the textbook recycle and reinforce the vocabulary and grammar presented in the textbook. The Di at the end of the activities for Temas 2 and 4 guides students writing paragraphs on the topics of the chapter. As in the text the communicative nature of activities has been maintained so students are required to think about the meaning of what they writing, and grammatical forms are not practiced without relating them to meaning. The order of the activities follows directly the order of presentation of vocabulary and grammar in the corresponding Tema of the textbook, so that instructors who only part of a Tema during a class can easily assign the matching activities from that Tema of the SAM. As in the textbook, the Tema of the SAM reviews material from throughout the chapter contextualized in a real-life setting. This SAM volume corresponds to Volume 2 of the Hoy día textbook. After the highly successful launch of the first edition of this popular, college-level intermediate French program, the second edition of Réseau: Communication, Intégration, Intersections expands upon the features that have made it so popular in two- and four-year colleges and universities around the world. Réseau conceives of the teaching of French as a holistic endeavor, not only in terms of language skills — speaking, listening, reading, and writing — but also in terms of cultural knowledge in the broadest sense. Based on the belief that knowledge of a second language and culture necessarily brings about a greater understanding not only of the world in an

increasingly global context, but also of the individual self, the content and activities in Réseau offer students the opportunity to reflect on the differences between their own and French and Francophone cultures and experiment with the new identities. So many researchers suggest language learning can encourage. Also available with MyLab French MyLab™ is the teaching and learning platform that empowers you to reach every student.
