Every decision is a trade. Learn to think about the ones you should do — and the ones you shouldn't. Trading books generally break down into two categories: the ones which claim to teach you how to make money trading, and the memoir-style books recounting scandals and bad behavior. But the former don't have profitable trades to teach; if they did they'd keep those trades to themselves. And the latter are frequently entertaining, but they don't leave you with much you can apply in your own life. *The Laws of Trading* is different. All of our relationships and decisions involve trading at some level. This is a book about decision-making through the lens of a professional prop trader. For years, behavioral and cognitive scientists have shown us how human decision-making is flawed and biased. But how do you learn to avoid these problems in day-to-day decisions where you have to react in real-time? What are the important things to think about and to act on? The world needs a book by a prop trader who has lived, breathed and taught trading for a living, drawing upon years of insights on the trading floor in real markets, good and bad, whether going sideways, crashing, or

bubbling over. If you can master the decision-making skills needed to profitably trade in modern markets, you can master decision-making in all walks of life. This book will teach you exactly those skills. Introduces, develops, and applies one law per chapter, making it easy not only to remember useful concepts, but also to have them at the ready in any situation. Shows you how to find and think about the “special edge” of your organization, and yourself. Teaches you how to handle the interaction of people with artificially intelligent (AI) machines that make decisions, a skill that is rapidly becoming essential in the AI-driven economy of the future. Includes a "bonus" digital ancillary, an Excel spreadsheet with various worked examples that expand on the scenarios described in the book. Do you need to make rational decisions in a competitive environment? Almost everyone does. This book will teach you the tools that let you do your job better. 55 % discount for bookstores ! Now At \$39.99 instead of \$ 61.98 \$ Your customers will never stop reading this guide !!! Day trading If you are new to trading, then you will need all the advice, tips and guidance necessary, in order to trade successfully. It is, however, first recommended that you understand a concept, apply it and master it then add more knowledge. This is a much better and more successful strategy. Here are some helpful tips and advice that should guide you as you trade online in options. This book will help you in

your success path. Online trading is very convenient. With just a few clicks, people can easily participate in buying and selling stock activities online. In addition, the process of registering is very easy. You only have to find an online platform or an online broker to be able to start. This book will act as a systematic guide on how to start online trading.

Options Trading for Beginners

The book describes options in detail. An option is one type of investment which offers a different kind of opportunity to experienced investors. To make great trades consistently, you need a solid strategic plan. On top of all this, options aren't simply buying something cheap and selling it at a higher price to make a profit. It's infinitely more complex than that. There are basically two types of options namely the call options and the put options, but they're simultaneously two kinds of strategies too. You purchase in one and sell in the other. It all depends on your inclination towards being bearish or bullish. But options wouldn't be complicated at all if there were just these two strategies. This book will help you understand concepts such as why long-term investments require knowledge on cash flow, earnings, book value, return on earnings, etc. These concepts are fundamentals when it comes to stock analysis. On the other hand, if you want to enter swing trading or short-term investment, you should also know the technicalities of stock trading. This information is essential in order to decrease the risk of losing. Buy it

Now and let your customers get addicted to this amazing book !! Success as a day trader will only come to 10 percent of those who try. It's important to understand why most traders fail so that you can avoid those mistakes. The day traders who lose money in the market are losing because of a failure to either choose the right stocks, manage risk, and find proper entries or follow the rules of a proven strategy. In this book, I will teach you trading techniques that I personally use to profit from the market. Before diving into the trading strategies, we will first build your foundation for success as a trader by discussing the two most important skills you can possess. I like to say that a day trader is two things: a hunter of volatility and a manager of risk. I'll explain how to find predictable volatility and how to manage your risk so you can make money and be right only 50 percent of the time. We turn the tables by putting the odds for success in your favor. By picking up this book, you show dedication to improve your trading. This by itself sets you apart from the majority of beginner traders. If You Want to Learn How You Can Trade Your Way to Financial Freedom Using Options Then Keep Reading... The options market can seem beyond complicated for a beginner, so much jargon and so many mind-bending calculations. Where do you even start? However, getting the fundamental education you require will open up the opportunity to an exciting new world of Options Trading. But be warned, YOU

NEED that education, unless you're okay with throwing money down the drain of course. Luckily, this book is a complete practical guide to help you FINALLY be able to navigate the options market with confidence and get started on your financial freedom journey. It's time that you fired up the markets, knew exactly what you was looking for, knew exactly what strategy you was following, and knew exactly what trade to make. Then you'll be making money in no time. But, let me clear, this isn't some get rich quick gimmick, if you're going to do this you need to be prepared to educate yourself and put the work in to truly become a successful Options Trader. And, with this book, an ongoing education and the right practice you'll be well on your way to becoming just that. Here's a slither of what's inside... How to Actually See Patterns In The Market, Spot Great Investments and FINALLY Make Money in The Options Market Why is Options Trading Even Worth The Risk? Key Options Terms and Language You Simply Must Know The 1 Thing ALL Successful Options Traders Have in Common 3 Simple, Yet Wildly Effective, Strategy for Completely New Options Traders (Complete Beginners Can Use These!) How to Protect Your Investments Against a Decline In Market Prices How to Analyze 'Mood Swings' In The Market and Why They're Important Key Technical Information You Simply HAVE TO Know Before You Get Started A Step by Step Guide to Developing Your

Very Own Killer Trading Plan (Those Who Fail to Plan, Plan to Fail Remember...) The Different Option Styles and What You Need to Know About Them Key Strategies for Minimizing Risks on Your Investments 10 Incredibly Important Tips for New Options Traders (And 5 Beginner Mistakes to Avoid) And that is barely even scratching the surface! Even if you've NEVER bought a stock before, even if you have absolutely no idea what options trading is and even if you don't even know what trading really is this book will outline exactly how you can get started making money in the Options market! So, IF You Want The Options Trading Education You Need to Start Making Money In The Markets, Then Scroll Up and Click "Add to Cart." Everyone has to start somewhere in the business of making money with money. You must have the right information from the very first day if you want to become successful in this business. You don't need to know everything all at one time nor could you, and you certainly don't have to learn how to trade every asset class there is. You don't need to become an expert in every conceivable aspect of trading. You should concentrate on becoming a specialist versus being a generalist. Beginners Guide to Self-Directed Day Trading is short; it takes the complexities of learning financial market trading and pares it down to the essentials. It does not have to be long to give you the basic information you need to actually make money investing and trading. It is all up to you

though, to take the information provided here and act on it with a vengeance if you want to make money right away once you begin trading live with real money. You will be a better and more prepared trader after reading *Beginners Guide to Self-Directed Day Trading*. *Beginners Guide to Self-Directed Day Trading* has some powerful information in it to guide the beginner investor and trader to the easiest way to reduce the long learning curve there can be in the business of making money with money. I wrote *Beginners Guide to Self-Directed Day Trading* for all the new and upcoming aspiring self-directed day traders, swing traders and investors who are coming into the business and have zero or very limited knowledge so they won't have to waste valuable learning time and money. The details in *Beginners Guide to Self-Directed Day Trading* will give you all of the information to get started making money right away and is an excellent book for brand new beginners in trading and investing. If you are looking to learn more about investing and trading from scratch, *Beginners Guide to Self-Directed Day Trading* is your start. If you don't have much investment experience or are struggling, this is probably the book you should start with. *Beginners Guide to Self-Directed Day Trading* is clearly geared towards readers who are responsible adults who are looking at self-directed investing seriously for the first time on their own who have no knowledge or information on where to start.

Beginners Guide to Self-Directed Day Trading gives you the only beginner information you will ever need to make real money in the live markets for the rest of your life if you follow what it says in here. You will have a lifelong skill that will enable you to make money anywhere, anytime you like, anyplace in the world there is WIFI. Isn't that the kind of business you would love to be in? ClydeBank Media proudly supports nonprofit AdoptAClassroom, whose mission is to advance equity in K-12 education by supplementing school funding of vital

classroom material **Learn the Art of Day Trading With a Practical Hands-On Approach** Commodities have become an asset class every bit as important as stocks and bonds. As the world adds 80 million new consumers every year, commodities' profit opportunities have grown larger than ever. If you're an active trader, you need to be in these markets. But in an era of unprecedented volatility driven by high-frequency computer trading, most commodities traders lose money. George Kleinman will help you become one of the winners. Kleinman introduces powerful new trend-based techniques for making the trades that are right in your "sweet spot" for profits. You'll learn exactly how the commodities markets have changed - and how you can use consistent discipline to avoid "shark-infested waters" and manage the market's most dangerous risks. Building on more than 30 years of success, Kleinman begins with the basics, explaining how futures and options trading work today, how trading psychology impacts commodity markets, and how to avoid the latest pitfalls. He offers extensively updated coverage of electronic trading, today's contracts, and advanced trading techniques - including his own exclusive Pivot Indicator approach. Three previous editions of this book have become international best-sellers; they've helped thousands of traders master commodities trading. But the game has changed. Win it the way it's played right now, with **Trading Commodities and Financial Futures**,

Fourth Edition. Discover how to maximize the effectiveness of your trading techniques by applying the right money management techniques. Money management is a central element of trading the financial markets, especially in uncertain times. Yet investors often misinterpret the central concepts of money management. To manage risk and obtain optimal rewards from your trades, you will benefit from a deeper understanding of how the professionals manage money. The Successful Trader's Guide to Money Management describes the operating methods that seasoned investors use. With this book, you'll avoid the common mistake of focusing too much on entry levels and stop-losses, and you'll learn to consider the impact of proper money management on your final portfolio results. Successful traders focus on risk management, avoiding opening positions that are too large with respect to the total capital they have available. Packed with practical examples and with special focus on money management or position-sizing, The Successful Trader's Guide to Money Management offers a comprehensive coverage of widely practiced risk management models, examining their strengths and weaknesses. You will learn how to use the most effective operating models, including the Fixed Fractional, Fixed Ratio, and Percent Volatility models. This book also provides a thorough analysis of portfolio management models. These essential tips will nudge you toward a

more winning position as you enter your next trades. Learn how the professionals manage money and avoid common trading mistakes Design a trading system that minimizes risk and maximizes reward through correct position sizing Understand the most important money and portfolio management models, including Fixed Ratio, Percent Volatility, Fixed Fractional, and more Equip yourself to trade smarter, individually or with a broker, on equity, derivatives and Forex markets For individual and institutional investors alike, this book is a ticket to more solid trading strategy, especially in uncertain times. How to Spot Short-Term Trends, Trading Systems That Work, Money Management Techniques, and Patterns for Profit Become the ultimate trader! The Ultimate Trading Guide is your chance to get what every trader wants, but few have: the know-how to develop and correctly use a logic-based, reliable, and profitable methodology for successful buying and selling-now. In this complete tutorial, one of today's most respected analysts and his partners provide you with all you need to know to develop an original, computerized system that works for you. "Can you make money trading the markets with a system? You bet, and this is the book that shows how it's done, based on decades of research and actual trading."-Larry Williams, Author, Day Trade Futures Online and Long-Term Secrets to Short-Term Trading "Traders at all levels of experience will find a treasure chest of knowledge and

guidance in The Ultimate Trading Guide. Advice from these expert authors, gained over decades of trading, research, and study of markets and systems, is virtually priceless. This book receives my highest recommendation." -Edward D. Dobson, President, Traders Press, Inc. "John Hill, George Pruitt, and Lundy Hill are the acknowledged masters in the design and development of mechanical trading systems. So it's no surprise The Ultimate Trading Guide gets my highest recommendation for those interested in the mechanized trading of stocks and futures." -Gary Smith, Author, How I Trade for a Living "A well-written and thoroughly enjoyable book. It is filled with refreshingly new ways of looking at the market, combined with valuable perceptions that can only come from John Hill's years of experience and the ability to see the big picture. My congratulations to John for his tenacity in delivering Futures Truth." -Perry Kaufman, Author, Trading Systems and Methods, President, Strategic Market Systems Are you one of those folks who wish to become successful in day trading? Are you interested in day trading options, but you don't know where to begin? Consider your problems solved, because this bundle is here to save you! You see, day trading is an acquired skill. No one is brought into the planet a merchant, nor can anyone turn into an efficient information investor in just a short period. Similar to other lucrative undertakings, this movement is a business.

Making informed trading decisions regardless of the market's condition Savvy traders can make money in both up and down markets. *Trading For Dummies, Second Edition* is for investors at all levels who are looking for a clear guide to successfully trading stocks in any type of market. It is also for investors who have experience trading and who are looking for new, proven methods to enhance the profitability of their investments. This no-nonsense guide presents a proven system for analyzing stocks, trends, and indicators and setting a buy-and-sell range beforehand to decrease risk in any type of market. It stresses the practice of position trading, conducting technical analysis on a company and its performance, and research methods that enable the trader to strategically select both an entry and exit point before a stock is even purchased. This updated guide features updated stock charts, position trading tips and techniques, and fresh ways to analyze trends and indicators. Test your trading knowledge and skills—without risking any money You may read the best trading book, but how much of that knowledge will you

retain a week later? This is why you need this Study Guide for *The New Trading for a Living*. It'll give you a firmer grasp of the essential trading rules and skills. This Study Guide, based on the bestselling trading book of all time, was created by its author to help you master the key points of his classic book. The Study Guide's 170 multiple-choice questions are divided into 11 chapters, each with its own rating scale. They cover the entire range of trading topics, from psychology to system design, from risk management to becoming an organized trader. Each question is linked to a specific chapter in the main book, while the Answers section functions like a mini-textbook. It doesn't just tell you that A is right or B is wrong—it provides extensive comments on both the correct and incorrect answers. This Study Guide also contains 17 charts that challenge you to recognize various trading signals and patterns. Everything is designed to help you become a better trader. Consider getting two books as a package—the Study Guide and *The New Trading for a Living*. They're designed to work together as a unique educational tool. The Study Guide for *The New Trading for a Living* is a valuable resource for any trader who wants to achieve sustainable market success. With the low cost of modern computer hardware and software combined with the communication of price data via satellite, a new and rapidly expanding market of traders using computers has developed. This essential book

bridges the gap between the basic instruction that comes with software programs and what a trader actually needs to know to develop and test profitable futures trading system. With specific information on how to set up and use computer-generated technical studies of the most popular indicators, the book includes: How to build a trading system tailored to the reader's specific need; Practical instruction on how to display and analyze technical information; Advice for developing well disciplined money management and risk control strategies; techniques for monitoring a trading system to detect if something has gone wrong before major losses occur.

and what it takes to apply it to your everyday trading endeavors. ? 55% OFF for Bookstore! NOW at \$ 34,95 instead of 44.95! ? Your customers will never stop to read this book! Not too long ago, the only people who were actively involved in stock market trading, day trading, and the likes were the major players such as financial agents for big financial houses. The information revolution brought about by the Internet has made stock market trading, day trading, and the likes so easy that you can trade just using a personal computer or even from your mobile phone. Today, you do not need to be a stockbroker or hold a Master's Degree from an Ivy League University to start trading: anyone can do it with the right knowledge and training. Day trading is one of the countless opportunities that the explosion of the World Wide Web has given us. Day trading is getting increasingly popular among investors these days. This is because day trading is such a lucrative and high-profit kind of trade but all that glitters is not gold! Trading requires stamina but above all it requires preparation. As an amateur, it is easy for you to lose interest in day trading and eventually to find it too demanding and discouraging . No argument here: learning about day trading can be quite hard and tiresome. Almost everyone feels this way at the beginning but hang on and power through because you are not just going to learn a skill, you are going to learn a high-income skill, one that can actually change your life. Trading is not for wannabes

without a plan, though. If you aren't motivated to learn, then there is no point going into day trading - unless you enjoy losing money, of course . As a beginner, you do not need to worry about the process and the steps to follow. This book will help you understanding all that and success is guaranteed. After reading this book, you will know what day trading entails, the skills needed, the mistakes to avoid, what to buy and when to sell with a profit. You will learn the best strategies and approaches to follow to be successful in this trade. The tips and tricks suggested in this book will come in handy and will guarantee that you make the best decisions. The main tools used in day trading are also illustrated: they are invaluable when trading especially when they are coupled with the tips and tricks explained in the book. This book gives a comprehensive guide on the following: - How day trading works - Finding the right stocks to trade - Day trading tools - Opening up a brokerage account - Strategic planning for options trading - Market analysis - Candlestick patterns - Trading cryptocurrencies - Risk and account management - Beginner's mistakes to avoid... AND MORE!!! Day trading is not for the faint-hearted. It requires stamina, bravery and a deep knowledge of how it works but the rewards can be huge! Let us walk through the ropes of day trading and you'll become an expert in no time! Buy now ... you can thank us later ! Margin Trading from A to Z offers a step-by-step explanation of the

mechanics of the margin account. Filled with in-depth insights and expert advice, this book uses a hands-on approach to show how a Regulation T Margin Call is arrived at; how it may be answered; and how an account looks once a call is issued and after the call is met. Other items covered by this detailed guide include minimum maintenance requirements, short selling, memorandum accounts, options, hedge funds, and portfolio margining. The book includes quiz questions and a comprehensive exam. Do you want to live an ultimate life of freedom, flexibility and endless amounts of income? If so then keep reading... Do you have problems getting started with day trading or stock investing? Not knowing how to reduce your risks when investing? Choosing the best stocks to trade? Or even selecting the best time to trade? If you do, within this book many of the top leaders in the field have shared their knowledge on how to overcome these problems and more, most of which have 10+ years worth experience. In *The Advanced Stock Market and Day Trading Guide*, you will discover: A simple trick you can do to find the most profitable stocks to trade and invest in! The best day trading strategies for making the most money in the shortest amount of time! The one method you should follow for becoming successful trader and investor! Why selecting the best time to trade and invest can help you double the amount you make in a day! Understanding why some people will lose money

investing in the stock market! And much, much more. The proven methods and pieces of knowledge are so easy to follow. Even if you've never tried stock trading and investing before, you will still be able to get to a high level of success. So, if you don't just want to transform your bank account but instead revolutionize your life, then click "Add to cart" in the top right corner NOW! A solid foundation for those looking to succeed in today's market

An excellent book for new traders, *30 Days to Market Mastery* outlines an easy-to-understand and easy-to-implement approach to learning how to trade. This book covers the fundamentals of how to structure trades in a disciplined fashion, so as to avoid vague decisions and acting on unclear trading signals. It also provides a number of strategies for entering and exiting the market in a way that maximizes the chances of making money and minimizes the potential for losing money. With this book as their guide, readers will learn the proper organizational, analytical, and behavioral skills that are vital to consistent success in trading. In *30 Days to Market Mastery* each trading day contains a single lesson, and each lesson contains a quiz to help the reader master the material. Are you interested in learning day trading strategies? If yes, then this is the right book for you! In day trading, traders keep their titles for one day only. Day trading focuses on buying and selling stock during the same day; that's why its techniques and tips are different from the other types

of trading. A successful day trader is the one who can take advantage of little movements in the prices of stock by playing around them in the right way. This game may appear to be dangerous for the newbie traders who generally don't like to adhere to a well-formulated strategy. However, anyone who wishes to make money with day trading should have a better strategy on how to predict the trend in prices of the stock to maximize profits. When day trading is done right, it allows you to use your time the way you want rather than being chained to a desk all day or any other 9 to 5 job. If you want to travel the world and explore new cultures, then this career should be a serious consideration. If you want the freedom to dictate what you do with your time, then this career should be an option for you. If you want an income that far surpasses anything you can earn in the regular grind, then this career is for you. You have to make this work for you, and that ability is what separates amateur options day traders and the professionals. Nothing is preventing you from capturing that success for yourself except you. This book covers: Challenges and Rewards Why Do Most Day Traders Lose? The Necessary Edge Getting started: Self-Evaluation Choosing What to Trade ...And much more! Click "buy now" and start learning the strategies of day trading! The Most Comprehensive Day Trading Guide in One Powerful 3-Book Bundle! This definitive guide on Day Trading for profit contains 3

manuscripts conveniently rolled up in 1: Ever wonder why, in a time when online trading makes the market so accessible, there are so few successful day traders? If you are new to the day trading business and want to know what day trading is? How it works, and how you can earn a lot of money with it? Why is it preferable over other trading methods? Do you want to see your hard-earned money grow through day trading? Read more to understand the basics of advanced aspects of day trading. The book Day trading for beginners deals with all the necessary fundamentals of day trading. It briefly explains how it resembles other trading and investing methods and what makes it different from those styles. It is filled with different strategies and methods of day trading to become successful in this business. This book is specifically written with a simple and step by step guide for beginners, like how and where to start, how to compete and win the market as a beginner, how to invest your hard-earned money to a trustable business, and how to be a successful day trader. Advantages of Day Trading Day trading has many advantages for you in the trading business. - One of the main advantages that an investor has is that he can save himself from an overnight risk which means, his money is not exposed to unexpected

situations. - You will be your own boss. - Day trading is best suitable for beginners because it is easy to start day trade as beginners. - The day trading has the ability to provide you much better leverage like 4:1 leverage if you perfectly meet the criteria. - Day trading allows you to multiple trades in a single day period, as you are trading so frequently. - It is perfect to day trade in these times because of the free sources available on the internet. - It helps you to make money fast and become a successful person in just a small period of time. Now you may have questions like - How to start as a beginner? - What is the difference between day trading and swing trading? - Does it also have the potential to help the existing traders? - Is trading just gambling? - How much money do I need to start the day trading? - Can I day trade part-time? - How much profit can I make from day trading? If you have any of the above-mentioned questions in mind, then this is your lucky day because this book not only answers all the questions but also provide solutions to them with a step by step guide for beginners. This book includes the below-mentioned content. - Fundamentals of the day trading. - A beginner's guide. - Analysis of the technicalities of the stock market and the best time to enter the market. - It teaches in-depth psychology of the day trading. - The top-notch software and tools for day trading. - How it works and how you can make money through it. - A vision to develop the mindset for being a

successful and rich person. Do you want to try day trading strategies, but you are afraid to lose everything? If yes, then keep reading! Day trading is a great option to gain your financial freedom in a short time. You may desire to discover a part-time trading position if you're looking to make additional money without devoting to trading full-time. Now, this doesn't mean you should go trading when you don't have much else to do, and it's always necessary to insist on taking 100 percent Effort any time you purchase, even though you don't have the faith you'll lose cash at the end of the day. It is needed for you to select the ideal timing of entering into and bailing out of the stock for taking advantage of short-term investing. This is how all the procedures work. This book covers Know the market How to manage risk in day trading: Stop loss and take profit Day Trading is really a business possibility Technical analysis Relationship with fundamental analysis And much more Prior to beginning share investing through online financial investment companies, you ought to collect concrete info on the variety of dissatisfied and pleased clients of the business. Such details are quickly available for the consumer to utilize any share brokerage company. The company without such info or declining to offer them ought to be prevented as they may posture severe danger in the future. The traders have lots of alternatives like the modern-day online trading or the traditional where one purchases and offers

their shares being at the stock exchange. It must be kept in mind that modern-day approaches are far way ahead of the traditional methods as they work at a quick rate within the course of a day. Want to know more about this book? Buy now! Traders are constantly learning their craft. Those who do not share information, discuss tactics and review prior trades are doomed for failure. Global-View.com knows this. It is the leading destination for Forex traders looking to learn and discuss trading. With over 33,000 registered users from 125 countries, Global-View.com exposes its users to an incredible base of knowledge. In this book, the authors dissect each of 15 chosen trades, using the material to expose some of the best (and worst) practices of a Forex trader. The book weaves a plethora of Global-View.com information into the detailed dissection. Each description will include how the trade was selected and why it was made, as well as money management and psychological aspects of the trade. Entertaining anecdotal stories are interspersed throughout each trade story. John J. Murphy has now updated his landmark bestseller *Technical Analysis of the Futures Markets*, to include all of the financial markets. This outstanding reference has already taught thousands of traders the concepts of technical analysis and their application in the futures and stock markets. Covering the latest developments in computer technology, technical tools, and indicators, the second edition features new

material on candlestick charting, intermarket relationships, stocks and stock rotation, plus state-of-the-art examples and figures. From how to read charts to understanding indicators and the crucial role technical analysis plays in investing, readers gain a thorough and accessible overview of the field of technical analysis, with a special emphasis on futures markets. Revised and expanded for the demands of today's financial world, this book is essential reading for anyone interested in tracking and analyzing market behavior. **THE ULTIMATE BEGINNER'S GUIDE TO FOREX TRADING – INCLUDES A COMPREHENSIVE ONLINE LIBRARY OF TRADING DIGITAL TOOLS!** The **ONLY** Forex Trading Book Complete With a Library of **FREE** Digital Trading Tools Including the Author's Own Trade Analyzer and a Powerful Trading Indicator Billions of dollars are moving through the forex market every hour. Are you ready to start trading? Foreign exchange traders capitalize on exposure to the largest financial market in the world. Foreign currency markets run around the clock, and with little more needed than an internet connection, popular currency pairs can be traded from anywhere on the globe. With high liquidity, a decentralized marketplace, and commission-free trading across the board, foreign exchange trading is a powerful tool for anyone who wants to take control of their own financial success story. A financial consultant and author of A Beginner's Guide to Day Trading Online provides a comprehensive, timely, and strategic introduction to online brokers and electronic

trading, discussing new trading products, assessing funds, explaining how to analyze stocks, and more. Original. 60,000 first printing. ? STOP Trading Options like Gambling Learn How to "Stick & Apply Basics" That Makes You Win Despite the Market Being Up, Down or Constant If you are Puzzled into the game of Futures and Options... Overwhelmed with information and technical terms... or even if you are planning to start your trading journey but not sure if you can make a good living out of it... then this message is just for you. Here's why... You can now fade away all your confusions and have a proper easy to follow roadmap to futures and options so that you can trade your way to success. And you need to realize; there is a cost to not dealing with this... ? If you don't do something about it, get worse What most people do while trading options and losing money is; they treat this business like a gamble and guesswork... thinks they are missing some technical aspects... some secret sauce and pro-tips... buying tons of overhyped courses... But for most people, none of that works. ?The primary problem is because of hitting the market unprepared, even though most people assume that they are prepared. ? Tips never make you successful, "learning can." This one of the biggest reasons makes the traders lose money. Yes, you may get some small temporary gain - never works in the long run. ?Trying to get into many trades without a strategic Risk- Reward assessment is a blunder for you.

?Whenever you trade emotionally, it's an invitation to disaster. ?And finally, you probably end up losing confidence and an opportunity which could be your prominent source of income. And what happens if you do nothing? If you keep doing what you've been doing? You never get the real taste of trading; remain stuck in the cycle of never-ending losses. And finally; you complain about the business model and remain broke. ? How i discovered the secrets of options trading Nothing secret, a compilation of systematic scientific approach based on the specific principles of options trading. Here's the story: I tried everything out there, just like you. After wasting much hard-earned money, being frustrated, and going through all the hardships, i decided to dedicate a year to learn, apply, and test every day and night. I was not the same trader. I successfully managed and multiplied my investment and did the same to my friends and family. More than that, a proven psychological systematic was discovered. With the encouragement of my friends and family, it reached you. ? It worked for these people, and it will work for you !! I went from a stupid broker to a successful trader in one year- living my dream life... but what's impressive is what happened to other people... ? The book contains the following topics ? Why you should invest in options trading Learn the purpose of options and when to use them Strategy for selling covered calls The pros and cons of options trading Evaluating your personal

financial situation The components of an option contract and many more... Now it's your turn...go ahead and make a successful living in options !!! Important insights into effective option strategies In *The Complete Guide to Option Strategies*, top-performing commodity trading advisor Michael Mullaney explains how to successfully employ a variety of option strategies, from the most risky--selling naked puts and calls--to more conservative strategies using covered positions. safely. In this revised edition, you'll get completely up-to-date information on: New products such as ETFs and expanded coverage on sector investing Resources for choosing an online broker New SEC (Securities and Exchange Commission) rules and regulations Updated charts and graphs with current examples A Beginner's Guide to Short-Term Trading is the hands-on book designed to get you actively involved in every step of the trading process. Now you can take control of your portfolio and secure the financial freedom you've always dreamed of. Start planning your trades today! If it's trading, then Steve Ruffley has seen it and done it! Steve Ruffley has been involved in the finance industry for 15 years and is currently chief market strategist and head of education at InterTrader. In his Ruff Guide to Trading, he shows you the markets through his eyes. He reveals how he sees trading as a whole, how he assesses and exploits trading opportunities, and how he thinks about risk. He also describes three of his winning strategies. The focus of the Ruff Guide is intraday trading; everything covered relates to finding and making money from short-term trading opportunities that arise as part of everyday market moves. At the heart of Steve Ruffley's approach is a very simple 80-20 rule for understanding market movement. This is that market moves are 80% technical and 20% fundamental. He explains the fundamental and technical aspects you need to use to get the right balance in your

market analysis and shows how to put these into practice with examples from real-life market action. Steve also explains why success at trading first requires you to understand yourself and your fellow traders, and provides guidance to help you gain this understanding. The Ruff Guide is the result of Steve Ruffley's thousands of hours of trading, charting and teaching experience. Pick it up to follow the simple and accessible guidance of someone who has seen and done it all before. Your guide to making money on day trading using expert patterns and strategies. Today only, get this bestseller for a special price.

Day trading is the act of buying and selling a financial instrument within the same day, or even multiple times over the course of a day, taking advantage of small price moves. It can be a very lucrative game if played correctly. But it can also be a dangerous game for those who are new to it or who don't adhere to a well-thought out method. This book will teach you all you need to know in order to make money with day trading, from general day trading principles, to deciding when to buy and sell, common day trading strategies, basic charts and patterns, and how to limit your losses. Here Is A Preview Of What You'll Learn...
