Norwegian Peasant Dances Op.72 - For Solo Piano Apr 28 2023

Historical Dictionary of Romantic Music Oct 30 2020
The Historical Dictionary of Romantic Music covers the history of this period through a chronology, an introductory essay, and an extensive bibliography. The dictionary section has over 500 cross-referenced entries on the most important traditions, famous pieces, persons, places, technical terms, and institutions of Romantic music. This book is a vital reference tool for students and teachers of music history, students and teachers and above all for lovers of Romantic music.

Edvard Grieg Feb 14 2022 Edvard Grieg (1843-1907) was a remarkably prolific correspondent -- over 3,000 letters from his hand have been published either in the original languages or in translation -- but his extant writings in other genres are limited to the items contained in this present volume. They include his diaries from 1865-66 and 1905-07, autobiographical sketches, articles on other composers whom he admired, and essays on a variety of topics that engaged his interest at one time or another during his career. The texts of a handful of short speeches are also known to us, primarily through contemporary newspaper accounts. All are presented in English translation here. Readers of Grieg's letters (*Edvard Grieg: Letters to Colleagues and Friends*) know that

the great composer was a writer of considerable skill, and the items contained in these pages provide further evidence of that fact. With the publication of this book, all of Grieg's most important 'literary' works -- letters, diaries, articles and speeches -- are now available in English translation.

*The Screen Music of Trevor Jones Jan 13 2022 The first significant publication devoted entirely to Trevor Jones's work, *The Screen Music of Trevor Jones: Technology, Process, Production*, investigates the key phases of his career within the context of developments in the British and global screen-music industries. This book draws on the direct testimony of the composer and members of his team as well as making use of the full range of archival materials held in the University of Leeds's unique Trevor Jones Archive, which was digitized with support from the Arts and Humanities Research Council. Through a comprehensive series of chapters covering Jones's early career to his recent projects, this book demonstrates how Jones has been active in an industry that has experienced a prolonged period of major technological change, including the switchover from analogue to digital production and post-production techniques, and developments in computer software for score production and sound recording/editing. This is a valuable study for scholars, researchers and professionals in the areas of film music, film-score production and audio-visual media.*

Edvard Grieg in England Mar 15 2022 *A fascinating exploration of Grieg's visits to England and what the country meant to him, showing how it had a far greater impact on his life and career than has hitherto been recorded. When Edvard Grieg came to give his first concerts in London, he had the world at his feet. As the first composer to transmute the sights and sounds of his own spectacular country into music, he was held to be both prophet and pioneer, and English*

writers described him as the most popular of all living composers, commenting, when he returned to London the following year, on the 'Grieg fever' that raged in the capital. Between 1862 and 1906 Grieg spent some six months of his life in this country, for most of the time engaged in giving concerts of his own music as conductor, solo pianist and accompanist. Celebrated by his fellow musicians - among them Delius, Parry, Henry Wood and Grainger - Grieg was befriended by royalty, heaped with honours that included doctoral degrees from Cambridge and Oxford, pleaded in high quarters the cause of Norwegian independence, and found new friends who effected a profound change in his religious outlook. This book explores the impact he had on England as well as examining what the country meant to him, showing how England had a far greater influence on Grieg's life and career than hitherto been recorded. It also offers an array of fascinating insights into the musical life and milieu of the time. LIONEL CARLEY is honorary archivist of the Delius Trust and respected author of many books about Delius.

Musical Anthologies for Analytical Study May 25 2020
Details the excerpts, complete pieces, and movements contained in the various anthologies for musical analysis--a benefit to teachers and students of music theory.

Teaching Performance: A Philosophy of Piano Pedagogy Sep 09 2021
How can the studio teacher teach a lesson so as to instill refined artistic

sensibilities, ones often thought to elude language? How can the applied lesson be a form of aesthetic education? How can teaching performance be an artistic endeavor in its own right? These are some of the questions Teaching Performance attempts to answer, drawing on the author's several decades of experience as a studio teacher and music scholar. The architects of absolute music (Hanslick, Schopenhauer, and others) held that it is precisely because instrumental music lacks language and thus any overt connection to the non-musical world that it is able to expose essential elements of that world. More particularly, for these philosophers, it is the density of musical structure—the intricate interplay among purely musical elements—that allows music to capture the essences behind appearances. By analogy, the author contends that the more structurally intricate and aesthetically nuanced a pedagogical system is, the greater its ability to illuminate music and facilitate musical skills. The author terms this phenomenon relational autonomy. Eight chapters unfold a piano-pedagogical system pivoting on the principle of relational autonomy. In grounding piano pedagogy in the aesthetics of absolute music, each domain works on the other. On the one hand, Romantic aesthetics affords pedagogy a source of artistic value in its own right. On the other hand, pedagogy concretizes Romantic aesthetics, deflating its transcendental pretensions and showing the dichotomy of absolute/utilitarian to be specious.

Onstage with Grieg Jan 25 2023 Reading Onstage with Grieg is almost like taking a private lesson with Einar Steen-Nokleberg, internationally acclaimed interpreter of Grieg. He offers not only practical advice on the technical execution of these pieces but insights into their compositional background, tracing the influence of Norwegian poetry, ancient songs, traditional dances, and the sound of folk instruments. Onstage with Grieg gives invaluable advice to pianists at all levels of achievement - students, teachers, and professional performers.

The Piano Handbook Jul 19 2022 Enhanced by an audio CD of selected examples and pieces, a course in playing all major styles of piano covers a history of the instrument and offers progressive instruction in all areas of technique, including posture, fingering, pedalling, scales, and exercises.

Self-Portrait of Percy Grainger Apr 04 2021 Shortly before his death, Percy Grainger (1882-1961) lodged over twenty unpublished sketches in his Australian Museum. Self-Portrait of Percy Grainger draws exclusively from these sketches, revealing for the first time an illuminating portrait of the composer's life. With such titles as "The Aldridge-Grainger-Strom Saga," "Thunks," "Ere-I-Forget," "The Love-Life of Helen and Paris," and "Anecdotes," these manuscripts were intended as precursors to Grainger's autobiography, My Wretched Tone-Life, which he only commenced in his final years. Expertly shaping these sketches, the editors have created a "self-portrait"

along the lines that Grainger himself had intended. The volume first introduces Grainger's forebears, parents, friends, wife, and himself before moving on to his views on composition, performance, and the musical world. In these sketches, Grainger addresses such topics as racial and national identity, the meaning of work, physical culture, language reform, sexual practice, and artistic patronage. Grainger also probes the nature of musical genius, discussing a broad range of composers including Igor Stravinsky, Thomas Beecham, Frederick Delius, Edvard Grieg, Charles Stanford, Cyril Scott, Fritz Kreisler, Donald Tovey, Ferruccio Busoni, and Balfour Gardiner. Among the works of his own that Grainger most featured are his *The Warriors -- Music for an Imaginary Ballet*, *Colonial Song*, the *Lincolnshire Posy* series of band pieces, his greatest "hit" *Country Gardens*, and his many settings of English folk-music. Written in Grainger's own self-created "Nordic English" as well as translated from Danish, the language of his most intimate confessions, *Self-Portrait of Percy Grainger* sheds light on some of the most revealing details of the composer's life. The sketches trace Grainger's changing self-perception, from the romantically tinged, even lustful, views of his forties and fifties, through a period of wistfulness in his sixties, to the bitterness and self-loathing of his old age. The volume also includes several of Grainger's own drawings as well as both public and private photographs. A fascinating and revealing collection of vignettes, this

extraordinary book will appeal to instructors, students, and enthusiasts in musicology, music history, cultural studies, and Australian, British, and American history.

The Romanttic Piano Jul 07 2021 Summarizes the influence of society, style, and musical trends on the great piano composers from of the Romantic era, 1790-1910. Includes historical paintings, famous quotations, information about thirteen great composers, full-length piano solos, and 2 CDs of motivating solo piano performances played by concert pianist Daniel Glover.

The Essential Canon of Classical Music Jun 18 2022 The ultimate guide to classical composers and their music-for both the novice and the experienced listener Music, according to Aaron Copland, can thrive only if there are "gifted listeners." But today's listeners must choose between classical and rock, opera and rap, and the choices can seem overwhelming at times. In The Essential Canon of Classical Music, David Dubal comes to the aid of the struggling listener and provides a cultural-literacy handbook for classical music. Dubal identifies the 240 composers whose works are most important to an understanding of classical music and offers a comprehensive, chronological guide to their lives and works. He has searched beyond the traditional canon to introduce readers to little-known works by some of the most revered names in classical music-Bach, Haydn, Mozart, Schubert-as well as to the major works of

lesser-known composers. In a spirited and opinionated voice, Dubal seeks to rid us of the notion of "masterpieces" and instead to foster a new generation of master listeners. The result is an uncommon collection of the wonders classical music has to offer.

Grieg: Illustrated Lives Of The Great Composers Apr 16 2022 A series of biographies of the great composers which present the subjects against the social background of their times. This volume focuses on Grieg and draws on personal letters and recollections, engravings, paintings and - where they exist - photographs, to build up a complete picture of the composer's life.

The Gramophone Sep 28 2020

Grieg Sep 21 2022 An examination of the role of landscape and cultural identity in the music of Edvard Grieg.

Guide to the Pianist's Repertoire, third edition Aug 08 2021 "The Hinson" has been indispensable for performers, teachers, and students. Now updated and expanded, it's better than ever, with 120 more composers, expertly guiding pianists to solo literature and answering the vital questions: What's available? How difficult is it? What are its special features? How does one reach the publisher? The "new Hinson" includes solo compositions of nearly 2,000 composers, with biographical sketches of major composers. Every entry offers description, publisher, number of pages, performance time, style and characteristics, and level of difficulty. Extensively revised, this new edition is

destined to become a trusted guide for years to come.

Chromaticism, interval cycles and linear progressions
-- Conclusion: Nature and nationalism -- Bibliography
-- Index of Grieg's works cited -- General index

Grieg Nov 30 2020 The book is declared by its author
as the first work with information regarding the life,
personality and works of Edvard Grieg in English or
German. The author is able to give a thorough account
of both Grieg the man, and Grieg the composer with
descriptions and analyses of his works. Pictures are

Painted of Grieg's life in Germany and Norway; Peer Gynt and the influence of Ibsen; the effect of composers such as Liszt and Wagner; the role of Norwegian folk music; the impression left by the Norwegian countryside; and more. A highly useful inclusion in the volume is a bibliography of works on Grieg in English, French, German, and Norwegian, as well as a complete list of Edvard Grieg's musical works. The fact that this is among the earliest books on Grieg coupled with the fact that it was written while Grieg was still alive makes the volume a most necessary addition to any collection of works by and on Grieg. It is indispensable for researchers and scholars of Grieg, and provides a clear and appealing introduction to the newcomer.

The Gramophone Classical Catalogue Jan 21 2020
Bartók for Piano Jun 06 2021 " . . . detailed and thorough . . . a wealth of information . . . David Yeomans deserves our thanks for a job exceedingly well done." —American Music Teacher " . . . a must for pianists . . . " —American Reference Book Annual
"David Yeomans's study is certainly to be recommended for all good music libraries, pianists and students of Bartók." —The Music Review "Although there are currently more than 15 books in print about composer Béla Bartók, this short volume is unique in its focus on his complete oeuvre for solo piano. . . . Recommended for pianists, piano teachers, and students from lower-division undergraduate level and above." —Choice " . . . the entire book is indispensable

for any of us before we play another Bartók piece."
—Clavier "This work collects in one place an enormous number of 'facts' about the piano music of Bartók . . . for planning concerts and student repertoire, and as a survey of an important body of 20th-century music, this listing is valuable." —Library Journal This chronological listing of more than 400 pieces and movements presents in convenient form essential information about each of Bartók's solo piano works, including its various editions, timing, level of difficulty, pertinent remarks by the composer, and bibliographical references to it.

The Oxford Dictionary of Music Aug 20 2022 This quick reference book of musical terminology includes brief biographical sketches of musicians, composers, vocalists, and conductors.

The Columbia Master Book Discography Feb 02 2021 A complete listing of the American Columbia recordings from 1901 to 1934.

Norwegian Dances and Other Works Nov 23 2022 84 masterful, short compositions, including Norwegian Dances, Op. 35, Slåtter, Op. 72, Pictures from Country Life, Op. 19, Ballade in G Minor, Op. 24, many more. Authoritative C. F. Peters edition.

The Penguin Guide to Bargain Compact Discs Dec 20 2019 Covering a wide range of modern digital recordings of high quality, this valuable reference, now completely revised and expanded, assesses the huge and growing range of mid-priced, bargain, and super-bargain CDs of classical music, including

doubles, duos, and twofers.

Daniels' Orchestral Music Aug 28 2020 Daniels' Orchestral Music is the gold standard reference for conductors, music programmers, librarians, and any other music professional researching an orchestral program. This sixth edition, celebrating the fiftieth anniversary of the original work, includes over 14,000 entries with a vast number of new listings and updates.

The Penguin Guide to Compact Discs Jun 25 2020 Edvard Grieg and His Songs Mar 03 2021 Originally published in 2003, Edvard Grieg and his Songs examines the lifetime of Edvard Grieg. His songs were among his most popular and well-known works and both historians and critics have seen in them, Grieg at his most sophisticated and innovative. Important in and of themselves, the songs also illuminate critical aspects of his other works such as his musical impressionism, his use of folk music as a source of inspiration, and his novel approach towards harmony. Fifty of Grieg's most important songs form the focus of this book. Each song is discussed individually and within the wider context of the composer's output. The book provides a translation of the lyrics, and analysis of the poem and a description of the song's form, melody, tessitura, harmony, rhythm and accompaniment, together with suggestions for interpretation. In addition to this, the book gives a brief biography of Grieg, with a chapter that analyses his approach to song writing.

Piano Duet Repertoire Nov 11 2021 A classic reference--to share with a friend.

Annual Festival of the Worcester County Musical Association May 17 2022

Grainger on Music Dec 12 2021 Prolific as a composer, performer, and recording artist, Percy Grainger was an indefatigable writer. This selection of forty-six essays about the production, promotion, and propagation of music is drawn from his over 150 public writings. Their topics range over his own and his friends' compositional plans, piano technique, 'Free Music', instrumental usage, and his ideas on artistic development in the United States, Australian, and his beloved Nordic lands.
