"Pure High Octane Space Opera" The Sol System was conquered and humans lived as slaves for 500 long years. Now, after years of brutal warfare, humanity has been liberated. Liberation, however, comes at a cost. And the Sol System has become nothing more than a puppet state for a vast galactic empire. For Jon Pike, a war hero who has lost everything, there is no substitute for freedom. He blames the aliens for humanity's troubles, especially the one living inside him. But when he is sent on a top secret mission into unexplored regions of the galaxy he discovers that humanity's troubles are just getting started. Can he find freedom for himself and humanity? Sol Shall Rise is a 75,000 word space opera. Chronicles Zebulon Pike's exploration of territories within the Louisiana Purchase early in the nineteenth century, including his discovery of what is now known as Pike's Peak. Book 3 of The Pike Chronicles A tenuous alliance. A brazen power play. A looming alien threat. A planet's future held in the balance. In a galaxy where danger waits at every turn, will former enemies be doomed by their past? Or can they fight together in the name of freedom? In life and in death, fame and glory eluded Zebulon Montgomery Pike (1779–1813). The ambitious young military officer and explorer, best known for a mountain peak that he neither scaled nor named, was destined to live in the shadows of more famous contemporaries—explorers Meriwether Lewis and William Clark. This collection of thought-provoking essays rescues Pike from his undeserved obscurity. It does so by providing a nuanced assessment of Pike and his actions within the larger context of American imperial ambition in the time of Jefferson. Pike's accomplishments as an explorer and mapmaker and as a soldier during the War of 1812 has been tainted by his alleged connection to Aaron Burr's conspiracy to separate the trans-Appalachian region from the United States. For two hundred years historians have debated whether Pike was an explorer or a spy, whether he knew about the Burr Conspiracy or was just a loyal foot soldier. This book moves beyond that controversy to offer new scholarly perspectives on Pike's career. The essayists—all prominent historians of the American West—examine Pike's expeditions and writings, which provided an image of the Southwest that would shape American culture for decades. John Logan Allen explores Pike's contributions to science and cartography; James P. Ronda and Leo E. Oliva address his relationships with Native peoples and Spanish officials; Jay H. Buckley chronicles Pike's life and compares Pike to other Jeffersonian explorers; Jared Orsi discusses the impact of his expeditions on the environment; and William E. Foley examines his role in Burr's conspiracy. Together the essays assess Pike's accomplishments and shortcomings as an explorer, soldier, empire builder, and family man. Pike's 1810 journals and maps gave Americans an important glimpse of the headwaters of the Mississippi and the southwestern borderlands, and his account of the opportunities for trade between the Mississippi Valley and New Mexico offered a blueprint for the Santa Fe Trail. This volume is the first in more than a generation to offer new scholarly perspectives on the career of an overlooked figure in the opening of the American West. Adam and his best friends never experience a dull moment living in Spooksville. Three included stories feature alien abductions, frozen zombies, and a vengeful witch. The blockbuster film Inception meets Lisa McMann's Wake trilogy in this dark paranormal thriller from #1 New York Times bestselling author Aprilynne Pike. This supernatural young adult novel is perfect for fans of Kelley Armstrong, Alyson Noel, Richelle Mead, and Kimberly Derting. Charlotte Westing has a gift. She is an Oracle and has the ability to tell the future. But it doesn't do her much good. Instead of using their miraculous power, modern day Oracles are told to fight their visions—to refrain from interfering. And Charlotte knows the price of breaking the rules. She sees it every day in her wheelchair-bound mother and the absence of her father. But when a premonition of a classmate's death is too strong for her to ignore, Charlotte is forced to make an impossible decision: continue following the rules or risk everything—even her sanity—to stop the serial killer who is stalking her town. A TASTE FOR BLOOD Maine, 1820. Lost in a blizzard, a young woodcutter seeks refuge in an isolated cabin, never suspecting that the recluse who lives there is not what he appears to be—or that the strange-tasting brew he's offered isn't tea. Too late, the woodcutter realizes that he is doomed to wander the earth, consumed by a raging thirst that can only be sated with human blood. A THIRST FOR MORE Houston, Present Day. For more than a century, he has hunted for fresh prey to feed his inhuman need. Now, his immortality threatened by a deadly blood disease raging across the globe—and pulsing in his own veins—he brilliantly reinvents himself as a world-renowned doctor, racing against time to find the cure that will save him. A HUNGER FOR DEATH As death shadows the infected doctor, ER Physician Matthew Carter and forensic pathologist Samantha Scott are in their own desperate race to find a vicious serial killer who leaves his victims' bodies horrifically drained of blood. A killer who is poised to strike again . . . and is closer than they think. "If you read one horror book this year, read this one!" —William W. Johnstone Book 6 of The Pike Chronicle A brutal attack. A deadly alliance. An alien conspiracy. A galactic invasion. As the prophesy unfolds, Jon Pike discovers that everything is not as it seems. With his life and the fate of the galaxy hanging in the balance, can Jon Pike survive long enough to vanquish his enemies? Or will a new dark age descend, yet again, on what's left of humanity? Find out in Vanquish Book 6 of The Pike Chronicles What Price Would You Pay for Freedom? The Terran Empire, the greatest empire in the history of humanity, is crumbling. Throughout the galaxy, planetary systems seek independence and freedom. Everywhere there is war. Trying to maintain its grip, the Empire has become more ruthless, and reliant on mercenary armies. The powerful Zeta Corp fills this need with its advanced weapons, and legions of genetically engineered soldiers. These soldiers, while fiercely loyal, are nothing more than slaves. Danny is a Zeta Corp mercenary who has known nothing but war, and service to Zeta Corp in his short life. But when a routine mission ends in disaster, he finds himself questioning everything he believed in. Pitted against the Empire, and Zeta Corp, can he gain freedom for himself, his friends, and the galaxy? Find out in War Without End, Book 1 of Fall of the Terran Empire. From the author of Hirohito's War comes the second edition of his magisterial modern history of Asia, Empires at War. With 13 new and 2 updated chapters, Francis Pike brings the reader up to 2020, covering what has arguably been the most important decade yet for Modern Asia and its role on the global stage. Asia - with over four and a half billion people, a huge landmass and the fastest-growing economies - has transformed the geopolitical global balance. Taking the bombing of Hiroshima on 6th August 1945 as its starting point, Francis Pike chronicles the modern fortunes of 17 Asian and 3 western countries. The iconic figures of post-World War II Asia; Mao, Gandhi, Nehru, Ho Chi Minh, Kim Il Sung, General MacArthur and Lord Mountbatten, and modern leaders such as Trump, Kim-Jong-Un and Xi Jinping feature prominently, as do a number of lesser-known but pivotal figures. Francis Pike weaves the dramatic events and episodes of the region over the last 75 years into a coherent whole, which forms the essential guide to the history of modern Asia. A reader can dip in for an overview of a specific country, or read through for a comprehensive and broad understanding of Asia in the late 20th and early 21st centuries. Incorporated in 1888, Long Beach was the nation's fastest-growing city for much of the early twentieth century. Tim Grobaty, columnist for two decades for the Long Beach Press-Telegram, looks back at the major events and compelling personalities that shaped the city's formative years. Early settlers such as William Willmore, Charles Rivers Drake and the Bixby family are brought into sharp focus as Grobaty recounts the city's defining moments. From the naming of city streets to early local newspaper wars, and culminating with the devastating earthquake of 1933, Long Beach Chronicles presents a fascinating collection of tales from the city's provocative past. The fight for galactic freedom continues Vanguard - Book 10 of The Pike Chronicles An Emperor's Despair An Assassin's Destiny A General's Ambition An Admiral's Resolve The Dvorkans were pushed out of Diakan space, and now their Empire is mired in civil war. But, the Antikitheri have returned, and Emperor Kriss is leveraging their help to regain all that he has lost. Will he succeed and again threaten the UHSF and its allies? In Kemmar space, after a decade of occupation, a growing insurgency makes occupation costly for the UHSF. When the insurgent tactics prove surprisingly lethal, Admiral Jon Pike is left with an ominous decision to make. The question is, who or what is behind the Kemmar resurgence? Just beyond human space, the Juttari Empire still threatens the human race with annihilation. Jon Pike has made great gains against the Juttari in recent years. Will the Juttari return and take back what they believe is rightfully theirs? Humanity remains surrounded by enemies and existential threats. Can Jon Pike continue his winning streak, or will this be the end for him and humanity? Find out in Vanguard - Book 10 of The Pike Chronicles This chronicle features an ensemble cast of characters and takes place in South Florida in the year 2000. Eboni and Christine Brown are sisters that are bonded by blood and magic. In the underworld, they're known as Guardians. They are feared and revered but possessing great power can also make them targets. A mysterious woman arrives in town with her gang of assassins to feast on human hearts, but her plans are more ambitious than just making everyone a snack. She wanted to convert every man, woman and child into her loyal subjects. The feral new threat was just one in many that threatened their daily lives. In addition, lately, factions have been making a play at bringing forth the End Days. Bossman owned Club Rodeo and was the overseer of the Rodeo Academy. A secret society put in place centuries ago by an evil wizard bent on destroying civilization. The regimen of duties was to destroy any semblance of humanity left within any pledge's heart. The academy consisted of several hundred acolytes from around the South Florida region who were recruited as dope boys, transporters, and lookouts—but other more promising recruits were offered more life changing opportunities. Michael Walker was born and raised in O-Town where life as shorty should not have been so tough. Life was hard and chances of becoming successful were slim to none; he spent most of adolescence in Foster homes or on the streets. A speech impediment and being poor left him mocked and ridiculed. He often times wished for a better life, when not wishing to end his own. His wishes came true when he met Bossman. The impending apocalypse was one in a laundry list of events that were over the horizon. Graduation also loomed in the immediate future. Eboni had plans to attend college in the fall, as well as some of her friends, but with agents of evil ramping up their efforts against the struggle, she may have to postpone her academic career. Alisa Perne is the last vampire. Beautiful and brilliant, she hunts alone, living among humans, living off humans. But someone is stalking her. Someone wants her dead. And Alisa has a choice to make - to keep a long held promise or protect the mortal she seems to be falling for. **A New York Times Bestseller** Former Special Forces Officer and New York Times bestselling author Brad Taylor delivers a heart-pounding thriller featuring Taskforce operators Pike Logan and Jennifer Cahill as they come face to face with a conspiracy where nothing is as it seems. Hot on the trail of a North Korean looking to sell sensitive US intelligence to the Syrian regime, Pike Logan and the Taskforce stumble upon something much graver: the sale of a lethal substance called Red Mercury. Unbeknownst to the Taskforce, the Syrians plan to use the weapon of mass destruction against American and Kurdish forces, and blame the attack on terrorists, causing western nations to reassess their participation in the murky cauldron of the Syrian civil war. Meanwhile, North Korea has its own devastating agenda: a double-cross that will dwarf the attack in Syria even as it lays the blame on the Syrian government. Leveraging Switzerland's fame for secrecy and its vast network of military bunkers, now repurposed by private investors for the clandestine storage of wealth, North Korea will use Red Mercury to devastate the West's ability to deliver further sanctions against the rogue regime. As the Taskforce begins to unravel the plot, a young refugee unwittingly holds the key to the conspiracy. Hunted across Europe for reasons she cannot fathom, she is the one person who can stop the attack—if she can live long enough for Pike and Jennifer to find her. Asia - with four billion people, almost two-thirds of the world's population, a huge landmass and the fastest-growing economies - has in the past decade transformed the geopolitical global balance. "Empires at War" gives a dramatic narrative account of how this 'Modern Asia' came into being. Taking the bombing of Hiroshima on 6th August 1945 as its starting point, Francis Pike chronicles the modern fortunes of fourteen Asian countries. The iconic figures of post-World War II Asia - Mao, Gandhi, Nehru, Ho Chi Minh, Kim Il Sung, General MacArthur and Lord Mountbatten - figure prominently but so also do a great many lesser-known but pivotal figures. Francis Pike weaves the dramatic events and episodes of the region - the great battles between American and Soviet-backed forces in Korea and Vietnam but also episodes such as Indian 'Partition', Japan's 'Lost Decade', Indonesia's 'Year of Living Dangerously' and Cambodia's 'Killing Fields' - into a coherent whole, which forms the essential guide to the history of modern Asia. Book 2 of The Pike Chronicles A battle weary Captain fighting for redemption. An impossible search for a scattered crew. Marines pushed beyond their limits. A heinous alien race bent on annihilation. When all is lost, a brave few dare to hope, and continue to fight for freedom. Do they struggle in vain? Or will they prevail? During the gilded age of rail travel in the late 1800s, Colorado Springs became one of the primary portals of westward expansion and a hub for both passenger and freight traffic. Over thousands of miles of tracks traveled merchants, industrialists, tourists, and fortune seekers, all bent on enjoying what Colorado had to offer either on a temporary or permanent basis. Much of the history of the Pike's Peak Region was predicated on the railroads, and the growth that the area enjoyed was dependent on the new residents and the trains that brought them. The fight for the galaxy has just begun Galactic War - Book 9 of The Pike Chronicles A crumbling empire. A galactic crusade. Humanity rising to power. Hidden enemies waiting to strike. Eight years have passed since the Builders and the Dark Ones left the galaxy. In that time, Jon Pike has scored successive victories against the Juttari. Once he drives them out of Diakan space, his forces will be poised to finally strike at the heart of the ruthless Juttari Empire. But, an unseen power is emerging from the shadows, threatening to destroy all of Jon Pike's progress and plunge humanity into a new galactic war. Old enemies also continue to pose a deadly threat to the Admiral. Can Jon Pike avoid disaster for himself, humanity and the galaxy? Find out in Galactic War - Book 9 of The Pike Chronicles The story continues in The Forgotten Kingdom, the second book in the epic Lost Queen trilogy, already hailed as "Outlander meets Camelot" (Kirsty Logan, author of Things We Say in the Dark) and "The Mists of Avalon for a new generation" (Linnea Hartsuyker, author of The Golden Wolf). AD 573. Imprisoned in her chamber, Languoreth awaits news in torment. Her husband and son have ridden off to wage war against her brother, Lailoken. She doesn't yet know that her young daughter, Angharad, who was training with Lailoken to become a Wisdom Keeper, has been lost in the chaos. As one of the bloodiest battles of early medieval Scottish history scatters its survivors to the wind, Lailoken and his men must flee to exile in the mountains of the Lowlands, while nine-year-old Angharad must summon all Lailoken has taught her and follow her own destiny through the mysterious, mystical land of the Picts. In the aftermath of the battle, old political alliances unravel, opening the way for the ambitious adherents of the new religion: Christianity. Lailoken is half-mad with battle sickness, and Languoreth must hide her allegiance to the Old Way to survive her marriage to the next Christian king of Strathclyde. Worst yet, the new King of the Angles is bent on expanding his kingdom at any cost. Now the exiled Lailoken, with the help of a young warrior named Artur, may be the only man who can bring the Christians and the pagans together to defeat the encroaching Angles. But to do so, he must claim the role that will forever transform him. He must become the man known to history as "Myrddin." Bitter rivalries are ignited, lost loves are found, new loves are born, and old enemies come face-to-face with their reckoning in this compellingly fresh look at one of the most enduring legends of all time. We hold a great affection for the deep tradition of American storytelling. The ability to spin a yarn that can hold our attention and provide a gentle direction for life is something that has been with us for a long time. "The Celebrated Jumping Frog of Calaveras County" by Mark Twain or Ernest Hemingway's Nick Adams stories hold us with their gentle wit and carry us away for just a little while. In Outdoor Chronicles, Jerry Hamza takes up the gauntlet of the storyteller to take readers away for a little fun. There are already plenty of how-to fishing and outdoor books, and this is not one. Hamza's stories will not make you a better caster or shooter, but they will make you want to spend more time fishing or hunting. This book is a collection of outdoor stories wrapped in the human condition.

They were written with an eye toward honesty and cynicism. They will make you laugh out loud, and you will want to carry them with you wherever you go. If this book goes missing, it's a sure thing that, when you do find it, it will be in the possession of a member of your household, regardless of their interest in casting a fly. The stories cover the gamut from a fishing trip to northern Canada to a little stream that was actually better than remembered, to how the baby boomers almost trampled a sport to death, to a solitary trek along railroad tracks during a cold, dark, and dreary February, and many more. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home. Book 4 of The Pike Chronicles A planet surrounded. A homeland in peril. A fleet outgunned. A prophecy to fulfill. With half the galaxy on the brink, can a fledgling alliance offer hope? Or is it doomed to perish in the pyres of war? In the sixth novel in the New York Times bestselling Iron Druid Chronicles, two-thousand-year-old Druid Atticus O'Sullivan finds himself the target of two goddesses of the hunt and a trickster god determined to unleash the apocalypse. "[Kevin] Hearne is a terrific storyteller with a great snarky wit. . . . Neil Gaiman's American Gods meets Jim Butcher's Harry Dresden."—SFFWorld For someone who's been alive for two thousand years, Atticus O'Sullivan is a pretty fast runner. Good thing, because he's being chased by not one but two goddesses of the hunt—Artemis and Diana—for messing with one of their own. Dodging their slings and arrows, Atticus, Granuaile, and his wolfhound, Oberon, are making a mad dash across modern-day Europe to seek help from a friend of the Tuatha Dé Danann. His usual magical option of shifting planes is blocked, so instead of playing hide-and-seek, the game plan is . . . run like hell. Crashing the pantheon marathon is the Norse god Loki. Killing Atticus is the only loose end he needs to tie up before unleashing Ragnarok—AKA the Apocalypse. Atticus and Granuaile have to outfox the Olympians and contain the god of mischief if they want to go on living—and still have a world to live in. Don't miss any of The Iron Druid Chronicles: HOUNDED | HEXED | HAMMERED | TRICKED | TRAPPED | HUNTED | SHATTERED | STAKED | SCOURGED | BESIEGED A DESIRE BEYOND REASON As a vampire, Elijah Pike (alias Roger Neimann) has been a slave to instinct—consuming human blood to satisfy an unquenchable thirst. As a doctor, he relies on his intellect in the pursuit of a cure that will end not only his craving but also the deadly urges of others like him. AN APPETITE FOR DESTRUCTION Master vampire Michael Morpheus's last encounter with Elijah Pike, in the Louisiana bayou, left him disfigured and consumed by hatred for those he considers traitors to the race. He went underground to lick his wounds—and to gather an army of evil that will follow him in his quest for vengeance. A CALL TO ARMS Pike knows that the fate of innocent mortals depends upon his victory in a battle against his own kind—one in which no mercy can be shown. Now, in the frozen wilderness of the Canadian Rockies, he'll face Morpheus once more—and the snow will be stained with blood . . . "If you read one horror book this year, read this one!" —William W. Johnstone on Night Blood Book 5 of The Pike Chronicles A homeland in ashes. A merciless ancient enemy. A vicious new foe. A galaxy convulsing with war. With humanity on the brink of annihilation, only one option remains, Interstellar War. Can Jon Pike achieve victory, and revenge, for himself and humanity? Find out in Interstellar War, Book 5 of The Pike Chronicles. Formed in 1814, Pike County was originally comprised of the townships of Middle Smithfield, Delaware, Upper Smithfield, Lackawaxen, and Palmyra. As years passed, other townships were added and some of the names changed, and today Pike County consists of 13 townships and boroughs. Even before Pike County was formed, the stories of the people, land, and events wove an intricate tale. The early daredevils who rafted lumber to Trenton and Philadelphia, using the Delaware River as their byway, were a rough-and-tumble bunch. As time went on, these mavericks gave way to new ones and the stories of entrepreneurs, trendsetters, great men and women, and fascinating events were etched into the county's history. Using vintage photographs from the Pike County Historical Society's archives, Pike County chronicles the people and stories that make this area unique. The first book-length study of London as a maritime writer Jack London's fiction has been studied previously for its thematic connections to the ocean, but Jack London and the Sea marks the first time that his life as a writer has been considered extensively in relationship to his own sailing history and interests. In this new study, Anita Duneer claims a central place for London in the maritime literary tradition, arguing that for him romance and nostalgia for the Age of Sail work with and against the portrayal of a gritty social realism associated with American naturalism in urban or rural settings. The sea provides a dynamic setting for London's navigation of romance, naturalism, and realism to interrogate key social and philosophical dilemmas of modernity: race, class, and gender. Furthermore, the maritime tradition spills over into texts that are not set at sea. Jack London and the Sea does not address all of London's sea stories, but rather identifies key maritime motifs that influenced his creative process. Duneer's critical methodology employs techniques of literary and cultural analysis, drawing on extensive archival research from a wealth of previously unpublished biographical materials and other sources. Duneer explores London's immersion in the lore and literature of the sea, revealing the extent to which his writing is informed by travel narratives, sensational sea yarns, and the history of exploration, as well as firsthand experiences as a sailor in the San Francisco Bay and Pacific Ocean. Organized thematically, chapters address topics that interested London: labor abuses on "Hell-ships" and copra plantations, predatory and survival cannibalism, strong seafaring women, and environmental issues and property rights from San Francisco oyster beds to pearl diving in the Paumotos. Through its examination of the intersections of race, class, and gender in London's writing, Jack London and the Sea plumbs the often-troubled waters of his representations of the racial Other and positions of capitalist and colonial privilege. We can see the manifestation of these socioeconomic hierarchies in London's depiction of imperialist exploitation of labor and the environment, inequities that continue to reverberate in our current age of global capitalism. In life and in death, fame and glory eluded Zebulon Montgomery Pike (1779–1813). The ambitious young military officer and explorer, best known for a mountain peak that he neither scaled nor named, was destined to live in the shadows of more famous contemporaries—explorers Meriwether Lewis and William Clark. This collection of thought-provoking essays rescues Pike from his undeserved obscurity. It does so by providing a nuanced assessment of Pike and his actions within the larger context of American imperial ambition in the time of Jefferson. Pike's accomplishments as an explorer and mapmaker and as a soldier during the War of 1812 has been tainted by his alleged connection to Aaron Burr's conspiracy to separate the trans-Appalachian region from the United States. For two hundred years historians have debated whether Pike was an explorer or a spy, whether he knew about the Burr Conspiracy or was just a loyal foot soldier. This book moves beyond that controversy to offer new scholarly perspectives on Pike's career. The essayists—all prominent historians of the American West—examine Pike's expeditions and writings, which provided an image of the Southwest that would shape American culture for decades. John Logan Allen explores Pike's contributions to science and cartography; James P. Ronda and Leo E. Oliva address his relationships with Native peoples and Spanish officials; Jay H. Buckley chronicles Pike's life and compares Pike to other Jeffersonian explorers; Jared Orsi discusses the impact of his expeditions on the environment; and William E. Foley examines his role in Burr's conspiracy. Together the essays assess Pike's accomplishments and shortcomings as an explorer, soldier, empire builder, and family man. Pike's 1810 journals and maps gave Americans an important glimpse of the headwaters of the Mississippi and the southwestern borderlands, and his account of the opportunities for trade between the Mississippi Valley and New Mexico offered a blueprint for the Santa Fe Trail. This volume is the first in more than a generation to offer new scholarly perspectives on the career of an overlooked figure in the opening of the American West. Victory at all Costs! A treacherous quest, Lethal new enemies, Primordial evil, A galaxy under siege With the end of the Dvorkan Civil War, Jon Pike is eager to return to his main goal, the defeat of the Juttari Empire. Unfortunately, fate has other plans, and Jon, Jamie, and Anki are sent on perilous new quests. But greater threats lurk in the shadows, putting everything Pike's built at risk. Can Jon Pike overcome the forces pitted against him? Or has his luck finally run out, leaving humanity forever doomed? Find out in the action-packed space opera: Cursed Stars - Book 11 of The Pike Chronicles Book 7 of The Pike Chronicle A devastating invasion. A supremely powerful enemy. A journey into the unknown. The future of the galaxy hanging in the balance. The Erinye have returned, and despair is spreading throughout the galaxy. Admiral Jon Pike and his forces are helpless against this new, all powerful enemy. Desperate to find help, Jon Pike is forced to undertake a perilous journey, to find the fabled builders of the jump gates. Will he and his team succeed in their quest? Or will the galaxy once again be plunged into darkness? Find out in Galactic Empire Book 7 of The Pike Chronicles "Outlander meets Camelot" (Kirsty Logan, author of The Gracekeepers) in the first book of an exciting historical trilogy that reveals the untold story of Languoreth—a powerful and, until now, tragically forgotten queen of sixth-century Scotland—twin sister of the man who inspired the legendary character of Merlin. Intelligent, passionate, rebellious, and brave, Languoreth is the unforgettable heroine of The Lost Queen, a tale of conflicted loves and survival set against the cinematic backdrop of ancient Scotland, a magical land of myths and superstition inspired by the beauty of the natural world. One of the most powerful early medieval queens in British history, Languoreth ruled at a time of enormous disruption and bloodshed, when the burgeoning forces of Christianity threatened to obliterate the ancient pagan beliefs and change her way of life forever. Together with her twin brother Lailoken, a warrior and druid known to history as Merlin, Languoreth is catapulted into a world of danger and violence. When a war brings the hero Emrys Pendragon, to their door, Languoreth collides with the handsome warrior Maelgwn. Their passionate connection is forged by enchantment, but Languoreth is promised in marriage to Rhydderch, son of the High King who is sympathetic to the followers of Christianity. As Rhydderch's wife, Languoreth must assume her duty to fight for the preservation of the Old Way, her kingdom, and all she holds dear. "Moving, thrilling, and ultimately spellbinding" (BookPage), The Lost Queen brings this remarkable woman to life—rescuing her from obscurity, and reaffirming her place at the center of the most enduring legends of all time. "Moving, thrilling, and ultimately spellbinding, The Lost Queen is perfect for readers of historical fiction like The Clan of the Cave Bear and Wolf Hall, and for lovers of fantasy like Outlander and The Mists of Avalon" (BookPage). Complemented by more than two hundred color and black-and-white illustrations, a nostalgic look back at Asbury Park's heyday from 1890 to 1980 examines the historical conditions contributing to the resort town's cycle of booms and recessions.

As recognized, adventure as well as experience not quite lesson, amusement, as without difficulty as contract can be gotten by just checking out a book **Ronin The Pike Chronicles 3** then it is not directly done, you could resign yourself to even more re this life, as regards the world.

We have the funds for you this proper as without difficulty as easy quirk to get those all. We give Ronin The Pike Chronicles 3 and numerous book collections from fictions to scientific research in any way. accompanied by them is this Ronin The Pike Chronicles 3 that can be your partner.

Getting the books **Ronin The Pike Chronicles 3** now is not type of inspiring means. You could not and no-one else going in the manner of books accretion or library or borrowing from your associates to gain access to them. This is an definitely easy means to specifically acquire lead by on-line. This online message Ronin The Pike Chronicles 3 can be one of the options to accompany you considering having extra time.

It will not waste your time. take me, the e-book will very vent you supplementary issue to read. Just invest tiny times to read this on-line broadcast **Ronin The Pike Chronicles 3** as capably as evaluation them wherever you are now.

Yeah, reviewing a ebook **Ronin The Pike Chronicles 3** could ensue your near links listings. This is just one of the solutions for you to be successful. As understood, finishing does not recommend that you have astounding points.

Comprehending as well as understanding even more than additional will offer each success. bordering to, the notice as with ease as keenness of this Ronin The Pike Chronicles 3 can be taken as without difficulty as picked to act.

Recognizing the habit ways to acquire this book **Ronin The Pike Chronicles 3** is additionally useful. You have remained in right site to start getting this info. acquire the Ronin The Pike Chronicles 3 associate that we provide here and check out the link.

You could buy guide Ronin The Pike Chronicles 3 or acquire it as soon as feasible. You could speedily download this Ronin The Pike Chronicles 3 after getting deal. So, when you require the ebook swiftly, you can straight get it. Its hence extremely simple and hence fats, isnt it? You have to favor to in this tell
