The most complete practical encyclopedia on the practice of preaching based on articles from over a hundred respected communicators of Christian truth, this text includes an audio CD with preaching technique examples from the book. Best Book of the Year NPR • The Washington Post • Boston Globe • TIME • USA Today • Entertainment Weekly • Real Simple • Parade • BuzzFeed • Electric Literature • LitHub • BookRiot • PopSugar • Goop • Library Journal • BookBub • KCRW • Finalist for the National Book Award • One of the New York Times Notable Books of the Year • One of the New York Times Best Historical Fiction of the Year • Instant New York Times Bestseller A singular and stunning debut novel about the forbidden union between two enslaved young men on a Deep South plantation, the refuge they find in each other, and a betrayal that threatens their existence. Isaiah was Samuel's and Samuel was Isaiah's. That was the way it was since the beginning, and the way it was to be until the end. In the barn they tended to the animals, but also to each other, transforming the hollowed-out shed into a place of human refuge, a source of intimacy and hope in a world ruled by vicious masters. But when an older man—a fellow slave—seeks to gain favor by preaching the master's gospel on the plantation, the enslaved begin to turn on their own. Isaiah and Samuel's love, which was once so simple, is seen as sinful and a clear danger to the plantation's harmony. With a lyricism reminiscent of Toni Morrison, Robert Jones, Jr., fiercely summons the voices of slaver and enslaved alike, from Isaiah and Samuel to the calculating slave master to the long line of women that surround them, women who have carried the soul of the plantation on their shoulders. As tensions build and the weight of centuries—of ancestors and future generations to come—culminates in a climactic reckoning, *The Prophets* fearlessly reveals the pain and suffering of inheritance, but is also shot through with hope, beauty, and truth, portraying the enormous, heroic power of love. "The most complete and comprehensive guide to character I've ever read." Adam Croft Character is at the heart of every story. We love stories because we fall in love with characters, we want to see what happens to them and we want to see them experience hope and despair. International Emmy nominated writer, Mark Boutros, offers a guide to creating characters who are engaging, emotionally driven and memorable. With experience as a screenwriter, novelist, creative writing teacher and mentor, Mark shares a mixture of theory and creative writing exercises to get you thinking about the questions to have in your mind during character creation. A lot of stories are perfectly functional, hitting all the right beats, but often fall short due to a thin or obvious character. Problems people think are related to plot are often symptoms of a deeper issue with the characters. Mark highlights what is at the core of character, the importance of motivation, trauma, obstacles and how every little detail can enrich an experience for an audience and ultimately make people care. How do you get to know people? By asking questions and getting to know them so you move past the shallow. Do the same during character development and your story will be so much more engaging for it. Each chapter focuses on an aspect important to character development and ends with exercises so you can apply the concepts to your work and write better characters. The book includes: - Goals, desires, lessons - Stakes to your character's goal - Character flaws - Developing your character's voice and world view - Generating truthful obstacles - How to write anti-heroes and compelling villains - Character and personality traits - Common mistakes in character writing - Character research - A character questionnaire The majority of the ideas originate from the author's screenwriting experience, but they apply to all forms of story, whether it be fiction writing or playwriting, because the focus is on what really makes a character stand out and memorable. The job of the writer is to deliver an emotional experience. Character is the heart of that. If you're looking for a book to help you to improve your screenplay writing, fiction writing, or play writing then this is for you. An invaluable tool for beginner and experienced writers. This is perfect for anyone interested in screenwriting books, fiction writing books, or character development books. Praise for *The Craft of Character*: "Would 100% recommend not only for beginners, but also for experienced writers looking to get to know their characters better. A bit like writer-character therapy." reader review "Both the chapters and the exercises are easy to understand and get through. Mark Boutros clearly knows his stuff and seems happy to be able to help the reader, rather than becoming lecturing and elitist. The structure of the book also

means that it is easy to dip back into, when you come across a specific problem, and as such it is a great little reference book, which any aspiring storyteller would benefit from.” reader review

“Normally, I find myself arguing with the author of craft books, but here I would say 90% of what I read were things I either found helpful, or flat out agreed with whole heartedly and just needed a reminder on why these things are important. The exercises were a excellent touch, especially as someone who is teaching writing, it gave me ideas on what to do for my students.” reader review
