Genomics in Rheumatic Diseases, An Issue of Rheumatic Disease Clinics of North America, E-Book Sep 23 2022 This issue of Rheumatic Disease Clinics focuses on Genetics. Article topics cover: Genetic Influences on Susceptibility and Severity of Rheumatoid Arthritis; HLA-disease associations in rheumatoid arthritis; Autoinflammatory Syndromes as a Model of Monogenic Diseases; Genomic Influences

on Hyperuricaemia and Gout; Genetics of Systemic Lupus Erythematosus; Genetics of Ankylosing Spondylitis; Genetics of Scleroderma; Genetics of Osteoarthritis; Genetics of Juvenile Inflammatory Arthritis; Genetic Influences on Treatment Response in Rheumatic Diseases; Integrative approaches/computational biology; Future directions of genetic research in rheumatic diseases; and Population genetics and natural selection in rheumatic disease.

Drug Safety: Managing Innovation in Rheumatology, An Issue of Rheumatic Disease Clinics Jul 29 2020
Edited by Drs. Jack Cush and Kathryn Dao, this issue of Rheumatic Disease Clinics of North America addresses one of the most significant issues facing the rheumatologist today--drug safety in a changing world where rheumatoid arthritis (RA) severity is less, patients are being identified and treated at a very early stage, and prevention is on the horizon. Topics covered include: communicating the risk of side effects, urate-lowering therapies, biphosphonates, biologics, malignancy risks, and administering therapies to patients with co-morbidities.

New Insights into Rheumatoid Arthritis, An Issue of Rheumatic Disease Clinics Jan 23 2020 There are numerous monographs devoted to rheumatoid arthritis. What sets this issue apart is that it keeps an eye to the future. Topics explored include measurement of RA disease activity today and in the future; epidemiology of RA - implications for

prevention and risk assessment; genes that predispose to RA - relevance to current and future therapeutic strategies; multiple kinases - assessment of the best targets in treating RA; assessment, prevention and treatment of cardiovascular morbidity in RA; mechanistic insights and approaches to prevention of bone damage in RA; cell-cell interactions in RA synovium as potential new targets for treatment; alternative strategies for modulating the function of B lymphocytes in RA; innate immunity in RA; ascertainment and management of preclinical RA.

Corticosteroids, An Issue of Rheumatic Disease Clinics of North America, Jul 21 2022 Corticosteroids represent the most important and frequently used class of anti-inflammatory and immunosuppressant agents in the management of many rheumatological conditions. Included in this issue will be articles on the following topics: Glucocorticoid use in intra-articular and soft tissue injections, corticosteroids and osteoporosis, corticosteroids in lupus, ANCA associated vasculitis, and many more!

Education and Professional Development in Rheumatology, An Issue of Rheumatic Disease Clinics of North America E-Book Nov 01 2020 This issue of Rheumatic Disease Clinics, guest edited by Drs. Karina Torralba and James D. Katz, will discuss Education and Professional Development in Rheumatology. This issue is one of four each year selected by our series consulting editor, Dr. Michael Weisman. Articles in this issue include, but are not limited to: From

Classroom to Clinic: Clinical Reasoning via Active Learning Strategies; Self-directed Learning of Musculoskeletal Ultrasound for clinicians in practice; Enhancing the inpatient consult service with the Fellow as a Teacher; Translating Quality Improvement in Education to clinical practice; Beyond Class-Rheum: Applying Clinical Epidemiology into Practice; Ethics and Industry Interactions: Impact on Specialty Training, Clinical Practice and Research; Mind the Gap: Improving Care in Pediatric-to-Adult Rheumatology Transitional Clinics; Underserved Communities: Enhancing care with Graduate Medical Education; Turning OSCE into reality; Online Resources for Enhancing Clinical Skills; and Addressing Health Disparities in Medical Education and Clinical Practice.

Lung Disease in Rheumatic Diseases, An Issue of Rheumatic Disease Clinics, May 07 2021 The lungs are involved so frequently with rheumatologic problems. This issue will cover Radiology of lung disease in the rheumatic diseases, Histopathology of lung disease in the rheumatic diseases, Determining respiratory impairment, Lung disease in RA, Lung disease in scleroderma, and many more!

Scleroderma: Best Approaches to Patient Care, An Issue of Rheumatic Disease Clinics of North America, E-Book Dec 22 2019 Scleroderma: Best Approaches to Patient Care, An Issue of Rheumatic Disease Clinics of North America, E-Book

Best Practices and Challenges to the Practice of

Rheumatology, An Issue of Rheumatic Disease Clinics of North America Sep 11 2021 Guest edited by Drs. Daniel J. Wallace and R. Swamy Venuturupalli, this issue of Rheumatic Disease Clinics will cover several key areas of interest related to Best Practices and Challenges to the Practice of Rheumatology. This issue is one of four selected each year by our series Consulting Editor, Dr. Michael Weisman of Cedars-Sinai. Articles in this issue include, but are not limited to: The Economics of Rheumatology Practice in the United States, Manpower trends in rheumatology, Challenges to practicing rheumatology in an academic center, Challenges in practicing rheumatology in a government setting, Challenges to practicing rheumatology in a small private practice setting, Challenges to working in a large multispecialty organization, Challenges to practicing pediatric rheumatology, Clinical trials in rheumatology, Challenges in having an infusion center, Implementing treatment to target in the clinic, Future directions: implementing new technologies in clinical practice, Possible Challenges in Optimizing Medical Education for Rheumatologists, and the challenges of approaching and managing gout.

Reproductive Health, An Issue of Rheumatic Disease Clinics of North America, E-Book Jun 08 2021 This issue of Rheumatic Disease Clinics will focus on reproductive health and will include articles on the following: Contraception; infertility - prevention and management; reproductive health screening;

biomarkers; use of corticosteroids; and many more exciting articles!

Lupus, An Issue of Rheumatic Disease Clinics of North America, E-Book Jul 09 2021 This issue of **Rheumatic Disease Clinics**, guest edited by **Dr. Alfred Kim and Zahi Touma**, will discuss a number of key topics surrounding Lupus. This issue is one of four selected each year by series Consulting Editor, **Dr. Michael Weisman**. Topics discussed in this issue include, but are not limited to: **Interferons in SLE, NETosis and neutrophils in SLE, AMP update in lupus nephritis, Patient-reported outcomes, Complement, T cells in SLE, B cells in SLE, Outcome measures for SLE clinical trials, Mitochondrial physiology in SLE, Pregnancy, Lupus cohorts, Innovative trials and new opportunities in SLE, Classification and diagnosis of SLE, and Updates on SLE Treatment.**

Scleroderma, An Issue of Rheumatic Disease Clinics, Feb 04 2021 Scleroderma, or systemic sclerosis, is a chronic connective tissue disease generally classified as one of the autoimmune rheumatic diseases. Hardening of the skin is one of the most visible manifestations of the disease. It's estimated that about 300,000 Americans have scleroderma. About one third of those people have the systemic form of scleroderma. Since scleroderma presents with symptoms similar to other autoimmune diseases, diagnosis is difficult. This issue will cover: **The Genetic Basis of SSc: Genetics, Epigenetics, Mechanisms of Pathogenesis - linking fibrosis, vasculopathy and immune dysregulation, The**

Role of Autoantibodies in Diagnosis and Prognosis/survival; Managing Raynaud's phenomenon and ischemic ulcers, managing SSc Lung Disease, Monitoring for and Managing Pulmonary Arterial Hypertension, and many more!

Treatment Guideline Development and Implementation, An Issue of Rheumatic Disease Clinics of North America, E-Book Aug 10 2021

Treatment Guideline Development and Implementation, An Issue of Rheumatic Disease Clinics of North America, E-Book

Rheumatic Rarities, an Issue of Rheumatic Disease Clinics Dec 26 2022 Guest edited by Jonathan Kay, this issue of Rheumatic Disease Clinics will cover the latest research and evidence surrounding the diagnosis, treatment and management of rarely seen rheumatic diseases.

Digestive and Hepatic Aspects of the Rheumatic Diseases, An Issue of Rheumatic Disease Clinics of North America, E-Book Mar 05 2021 This issue of Rheumatic Disease Clinics, guest edited by Dr. Liron Caplan, will cover a number of key topics related to the digestive and hepatic aspects of rheumatic disease. The articles in this issue will include: Gastrointestinal and Hepatic Disease in Systemic sclerosis, Gastrointestinal and Hepatic Disease in Spondyloarthritis, Gastrointestinal and Hepatic Disease in Systemic Lupus erythematosus, Gastrointestinal and Hepatic Disease in Rheumatoid Arthritis, Gastrointestinal and Hepatic Disease in

Behcets, Gastrointestinal and Hepatic Disease in Fibromyalgia, Gastrointestinal and Hepatic Disease in Sjogren's, among others.

***Technology and Big Data in Rheumatology, An Issue of Rheumatic Disease Clinics of North America* Nov 13 2021** Guest edited by Drs. Jeffrey Curtis, Kevin Winthrop and Kaleb Michaud, this issue of Rheumatic Disease Clinics will cover several key areas of interest related to Technology and Big Data in Rheumatology. This issue is one of four selected each year by our series Consulting Editor, Dr. Michael Weisman of Cedars-Sinai. Articles in this issue include, but are not limited to: Adherence & Adverse Event Ascertainment through mHealth; Digital Patient Education and Decision Aids; Imaging in the mobile domain; Quality Measures made easier with mHealth data; Patient self-management and tracking; Motivational Counseling and SMS Reminders; Digital Interventions to build community support; Telehealth to solve cases in under-resourced areas; Trials, eConsents, Data Linkage & the Future; Clinical experience with devices; and PROMIS vs legacy data instruments.

***Pain in Rheumatic Diseases, An Issue of Rheumatic Disease Clinics of North America, E-Book* Oct 24 2022** This issue of Rheumatic Disease Clinics, guest edited by Dr. Maripat Corr, will discuss Pain in Rheumatic Diseases. This issue is one of four selected each year by series Consulting Editor, Dr. Michael Weisman. Topics discussed in this issue include, but are not limited to: Pain mechanisms in patients with

rheumatic diseases, The back-pain assessment and treatment in clinical practice, Basic mechanisms of pain in osteoarthritis - experimental observations, NGF promise for management of pain in OA - clinical and experimental aspects, Pivotal role of pain in the lupus patient - cause or effect of poor outcomes, Cannabinoids-hope or hype for pain, Sex differences in Models of pain, Neuropathic pain in AS, and Relationship between inflammation and pain - RA as a model.

Rheumatic Diseases in Older Adults, An Issue of Rheumatic Disease Clinics of North America E-Book Feb 28 2023 This issue of Rheumatic Disease Clinics, guest edited by Drs. James Katz and Brian Walitt with the NIH, will cover several key aspects of diagnosing and treating Rheumatic Diseases in Older Adults. The Consulting Editor for the series is Dr. Michael Weisman. The topics discussed in the issue will include: Pharmacotherapy Pearls for the Geriatrician, Pathogenesis and Management of Sarcopenia, A Review of Osteoporosis in the Older Adult, Regional Rheumatic Disorders and Rehabilitation in Older Adults, Rheumatologic Manifestations of Malignancy, Sjögren Syndrome and Other Causes of Sicca in Older Adults, Cardiovascular Disease Risk in Patients with Rheumatic Diseases, Update on Crystal-Induced Arthritides, Immune dysregulation in aging with a focus on B cells and their potential clinical consequence, and Spinal Stenosis, among others.

Pediatric Rheumatology Comes of Age: Part II, An

Issue of Rheumatic Disease Clinics of North America, E-Book Oct 12 2021 In this issue of Rheumatic Disease Clinics, Guest Editors Laura E. Schanberg MD and Yukiko Kimura MD brings his considerable expertise to the topic of pediatric rheumatology. Top experts in the field cover key topics such as CARRA, Mental health, Social media and JIA, CV disease in PRD, and more. Provides in-depth, clinical reviews on pediatric rheumatology, providing actionable insights for clinical practice. Presents the latest information on this timely, focused topic under the leadership of experienced editors in the field; Authors synthesize and distill the latest research and practice guidelines to create these timely topic-based reviews. Contains 20 relevant, practice-oriented topics, such as Pharmacosurveillance of biologics in pediatric rheumatic disease (or JIA); cSLE in developing countries: impact of access to care, ethnic differences?; Biomarkers and Outcome Measures in cSLE; Role of environment on PRD; and more.

Environmental Triggers for Rheumatic Diseases, An Issue of Rheumatic Disease Clinics of North America, E-Book Jan 15 2022 In this first-of-its-kind issue of Rheumatic Disease Clinics, guest editor Dr. Bryant R. England brings his considerable expertise to the topic of Environmental Triggers for Rheumatic Diseases. In practical, state-of-the-art articles, top experts examine the connection between some of the most commonly seen rheumatic disease and environmental triggers for the disease. Contains 13 practice-oriented topics

including inhalant and mucosal-related environmental risks for rheumatoid arthritis; lifestyle, hormonal, and microbial-related environmental risks for rheumatoid arthritis; environmental risks for systemic lupus erythematosus; environmental risks for osteoarthritis; targeting environmental risks to prevent rheumatic diseases; and more. Provides in-depth clinical reviews on environmental triggers for rheumatic diseases, offering actionable insights for clinical practice. Presents the latest information on this timely, focused topic under the leadership of experienced editors in the field. Authors synthesize and distill the latest research and practice guidelines to create clinically significant, topic-based reviews.

Neurologic Manifestations of Rheumatic Diseases, An Issue of Rheumatic Disease Clinics of North America, E-Book Mar 17 2022 This issue of Rheumatic Disease Clinics, edited by Drs. John Imboden and Sarah Goglin, will cover a variety of important aspects of the neurological manifestations of rheumatic diseases. Topics discussed in the issue will include: Primary vasculitis of the central nervous system; Neurologic manifestations of primary Sjogren Syndrome; Neurologic manifestations of antiphospholipid antibody syndrome; Neurologic manifestations of rheumatoid arthritis and ankylosing spondylitis; Neuromyelitis optica; Neurosarcoid; Central nervous system infections associated with immunosuppressive therapy; and Neurologic manifestations of IgG4-related disease, among others.

Early Arthritis, An Issue of Rheumatic Disease Clinics - E-Book May 27 2020 To ensure the best possible clinical outcomes for arthritis patients, it is essential that they be seen early and treated appropriately at the earliest opportunity. Early therapy has proven much more effective than that given late. This issue of **Rheumatic Disease Clinics of North America** brings the rheumatologist up to date on the latest treatments and interventions in evolving arthritis and established early arthritis. Topics covered include early rheumatoid arthritis, psoriatic arthritis, undifferentiated arthritis, oligoarthritis, osteoarthritis, and others. Imaging modalities are addressed as well as various contemporary treatments including biologics.

Advanced Epidemiologic Methods for the Study of Rheumatic Diseases, An Issue of Rheumatic Disease Clinics of North America, E-Book Apr 25 2020 This issue of **Rheumatic Disease Clinics**, guest edited by Dr. Sindhu Johnson, will cover **Advances in Epidemiologic Methods to Study Rheumatic Diseases**. This unique volume will discuss the following topics, among others: **Minimal clinically important difference (MCID) for outcome measures, Alternative longitudinal study designs, Propensity score methods for observational data, Approaches to deal with missing data, Applied Bayesian Methods in Rheumatology, Qualitative methods, Similarity Network Fusion, Systematic reviews/meta-analysis and randomized trials, and Integrated analysis of data obtained in various reading**

campaigns of images.

Pediatric Rheumatology, An Issue of Rheumatic Disease Clinics, Aug 30 2020 This issue of Rheumatic Disease Clinics teaches you the latest developments and best practices in pediatric rheumatology. Guest edited by Andreas Reiff, topics include juvenile arthritis, juvenile spondyloarthritis, inflammatory bowel disease, vasculitis, scleroderma, eye conditions, and more

Controversies in Rheumatology, An Issue of Rheumatic Disease Clinics of North America Nov 25 2022 Guest edited by Drs. Jonathan Kay and Sergio Schwartzman, this issue of Rheumatic Disease Clinics will cover Controversies in Rheumatology. This issue is one of four selected each year by our series Consulting Editor, Dr. Michael Weisman of Cedars-Sinai. Articles explore several questions, including, but not limited to: Is triple therapy or methotrexate plus a biologic the initial treatment of choice for RA patients; Is hypo or hyper-uricemia a risk requiring treatment for cardiac morbidity and mortality; Are there benefits and risks to biosimilars from a patient perspective; Should platelet-rich plasma be used to treat osteoarthritis; Is there a role for stem cell therapy to treat cartilage defects in osteoarthritis; Should any rheumatology patient, today, be treated with bone marrow ablation and stem cell transplantation; Is there effective prevention, prophylaxis, or treatment for CPPD arthritis; Is fibromyalgia a psychiatric disease or a pain syndrome; Should cyclophosphamide still be used

to treat ANCA-associated vasculitis; Does methotrexate have a place in the treatment of psoriatic arthritis; Should hydroxychloroquine dosing be limited because of potential ocular toxicity; and Should generalized immunosuppression or targeted organ treatment be the best principle for overall management of SLE.

Cardiovascular Rheumatic Diseases, An Issue of Rheumatic Disease Clinics, Mar 29 2023 Chronic joint pain is often associated with rheumatic diseases, but rheumatic diseases can also cause damage to vital organs including the heart. This articles in this issue will cover cardiac involvement in a variety of rheumatic diseases with discussions abotu clinical presentations and mechanistic aspects.

Infection and Malignancy in Rheumatic Diseases, An Issue of Rheumatic Disease Clinics of North America, E-Book Apr 18 2022 This issue of Rheumatic Disease Clinics will include articles such as: Vaccines and Biologics- efficacy and toxicity; Improving Vaccine administration in Practice; HCV and rheumatology; HBV reactivation and rheumatic disease; Herpes zoster in rheumatic diseases; Opportunistic infections in biologic therapy, risk and prevention; and many more!

Cardiovascular complications of chronic rheumatic diseases, An Issue of Rheumatic Disease Clinics of North America, E-Book Jan 27 2023 In this issue of Rheumatic Disease Clinics, guest editors Drs. M. Elaine Husni and George A. Karpouzas bring their considerable expertise to the topic of Cardiovascular Complications of Chronic Rheumatic Diseases. Top

experts in the field cover key topics such as primary and secondary atherosclerotic cardiovascular (ASCVD) risk prevention in the rheumatic disease, pro-thrombotic and pro-atherogenic anti-phospholipid antibodies, recommendations for the use of NSAIDs and CVD risk, and more. Contains 9 relevant, practice-oriented topics including atherosclerotic cardiovascular risk stratification in the rheumatic diseases; subclinical atherosclerosis evaluation across various vascular territories; lessons from heart and large vessel biopsies in patients with and without autoimmune rheumatic disease; the role of lipoprotein levels and function in atherosclerosis associated with autoimmune rheumatic diseases; and more. Provides in-depth clinical reviews on cardiovascular complications of chronic rheumatic diseases, offering actionable insights for clinical practice. Presents the latest information on this timely, focused topic under the leadership of experienced editors in the field. Authors synthesize and distill the latest research and practice guidelines to create clinically significant, topic-based reviews.

Health Disparities in Rheumatic Diseases: Part II, an Issue of Rheumatic Disease Clinics of North America, Volume 47-1 Jun 20 2022 This issue of Rheumatic Disease Clinics, guest edited by Dr. Candace Feldman, is Part II of a two-part issue covering Health Disparities in Rheumatic Diseases. This issue is one of four selected each year by series Consulting Editor, Dr. Michael Weisman. Topics discussed in this issue

include, but are not limited to: Disparities in Lupus Care and Outcomes among U.S. Medicaid Beneficiaries, Understanding Risk Factors for Poor Outcomes in a Multiethnic Longitudinal Cohort, Impact of Psychosocial Factors on RA and Lupus Health Disparities, Racial/ethnic and geographic disparities in knee and hip osteoarthritis, Racial/ethnic Disparities in Osteoarthritis Management, Challenges and Strategies to Achieve Equitable Rheumatologic Care Across the World, Strategies to Reduce Disparities, Understanding and Addressing the Provider Biases and the Lack of Diversity in Lupus Clinical Trials, Community-engaged Research: Lupus Conversations, Leveraging Telemedicine as an Approach to Address Rheumatic Disease Health Disparities, and Understanding the Role and Challenges of Patient Preferences in Disparities in Rheumatic Disease Care.

Sjogren's Disease, An Issue of Rheumatic Disease Clinics of North America, E-Book Mar 25 2020 This issue of Rheumatic Disease Clinics is devoted to Sjogren's Disease. The articles will include everything from the Use of Biologics, Autoantibodies, and Genetics, to Proteomics of Saliva/Tears, Parotid Biopsy, Use of Ultrasound, and many more!

Rheumatology pearls for the primary care physician, An Issue of Rheumatic Disease Clinics of North America, E-Book Dec 14 2021 In this issue of Rheumatic Disease Clinics, guest editor Brian F. Mandell brings his considerable expertise to the topic

of Rheumatology pearls for the primary care physician. Provides in-depth reviews on the latest updates in Rheumatology pearls for the primary care physician, providing actionable insights for clinical practice. Presents the latest information on this timely, focused topic under the leadership of experienced editors in the field; Authors synthesize and distill the latest research and practice guidelines to create these timely topic-based reviews.

**Imaging in Rheumatic Diseases, An Issue of Rheumatic Disease Clinics of North America, E-Book
Apr 06 2021 This issue of Rheumatic Disease Clinics includes articles such as: Imaging of inflammatory arthritis in adults: status and perspectives on the use of ultrasound, radiographs, and magnetic resonance imaging; Imaging of inflammatory arthritis in children: status and perspectives on the use of ultrasound, radiographs, and magnetic resonance imaging; Imaging evaluation of the entheses: ultrasonography, magnetic resonance imaging, and scoring of evaluation; Imaging for diagnosis and longitudinal assessment of osteoarthritis; Imaging in axial spondyloarthritis: evaluation of inflammatory and structural changes, and many more!**

***Health Disparities in Rheumatic Diseases: Part I, an Issue of Rheumatic Disease Clinics of North America*
Jan 03 2021 This issue of Rheumatic Disease Clinics, guest edited by Dr. Candace Feldman, will Health Disparities in Rheumatic Diseases. This issue is one of four selected each year by series Consulting Editor, Dr.**

Michael Weisman. Topics discussed in this issue include, but are not limited to: Disparities in Rheumatology Through the Lens of Critical Race Theory; Use of Quality Metrics to Identify Disparities in Lupus Care; The Role of Individual and Area-level Poverty on Lupus Disparities; Disparities in Lupus Care and Outcomes among U.S. Medicaid Beneficiaries; Disparities in Rheumatoid Arthritis Care; Disparities in Childhood-onset Lupus and Mental Health Care for Pediatric Lupus Patients; Disparities in Rheumatic Disease Care, Access and Outcomes in the First Nations Population; Impact of Psychosocial Factors on RA and Lupus Health Disparities; Racial and gender disparities among patients with Gout; Racial/ethnic and geographic disparities in knee and hip osteoarthritis; Racial/ethnic Disparities in Osteoarthritis Management; Racial disparities in systemic sclerosis; Community-engaged Research: Lupus Conversations; Leveraging Telemedicine as an Approach to Address Rheumatic Disease Health Disparities; Understanding the Role and Challenges of Patient Preferences in Disparities in Rheumatic Disease Care; Designing an Intervention to Improve Management and Care Coordination for High Risk Lupus Patients; Greatest Challenges and Strategies to Achieve Equitable Rheumatologic Care Across the World, among others.

Cancer and Rheumatic Diseases, An Issue of Rheumatic Disease Clinics of North America, E-Book Feb 16 2022 This issue of Rheumatic Disease Clinics,

guest edited by Dr. John Davis, will discuss Cancer and Rheumatic Diseases. This issue is one of four selected each year by series Consulting Editor, Dr. Michael Weisman. Topics discussed in this issue include, but are not limited to: rheumatic drugs and malignancy potential, biologic drugs and cancer, methotrexate and cancer, managing rheumatoid arthritis with cancer, Sjogren's Syndrome and cancer, lupus and cancer, scleroderma and cancer, cancer and spondylarthritis, and cancer immunotherapy.

***Renal Involvement in Rheumatic Diseases , An Issue of Rheumatic Disease Clinics of North America Dec 02 2020* This issue of Rheumatic Disease Clinics, guest edited by Drs. Andrew Bomback and Meghan Sise, will cover several key aspects of Renal Involvement in Rheumatic Diseases. The Consulting Editor for the series is Dr. Michael Weisman. The topics discussed in the issue will include: ANCA, Lupus GN, proliferative and non-proliferative, Renal manifestations of RA, Secondary amyloidosis, Nephrotoxicity of select rheumatology drugs, Acute and chronic TI nephritis, rheumatology etiologies, TMAs with rheum etiologies, Anti-GBM, Autoimmune manifestations of viral infections, and Renal manifestations of IBD, among others.**

Preclinical Rheumatic Disease, An Issue of Rheumatic Disease Clinics, Aug 22 2022 The ability to intervene at the earliest phases in the pathogenesis of a chronic rheumatic disease caused by auto-inflammatory, autoimmune, or tissue injury mechanisms has th

epotential to prevent disease manifestations and consequences, limited loss of quality of life, comorbidity, and costs to society. This issue is dedicated to exploring the stages of rheumatic disease, biologic mechanisms contributing to the pathogenesis along with possible ways to study and screen for persons at risk with the ultimate goal of finding ways to prevent these devastating diseases.

Pediatric Rheumatology Comes of Age: Part I, An Issue of Rheumatic Disease Clinics of North America, E-Book Jun 27 2020 This issue of Rheumatic Disease Clinics, guest edited by Drs. Laura Schanberg and Yukiko Kimura, will focus on Pediatric Rheumatology. This issue is one of four selected each year by our series Consulting Editor, Dr. Michael Weisman. Part II, also edited by Drs. Kimura and Schanberg, will publish subsequently and cover additional topics relevant for pediatric rheumatologists. Topics discussed in this issue include but are not limited to: TMJ, CNO (CRMO), Update JIA treatment, Pharmacology of biologics in kids, Juvenile Spondylitis, Juvenile fibro update, JDM update, Pediatric Sjogrens, Localized scleroderma, Systemic Sclerosis, Uveitis, COVID-19 in pediatrics, Recent advances in pediatric vasculitis, and Autoinflammatory diseases. Provides in-depth, clinical reviews on the latest updates in Pediatric Rheumatology, providing actionable insights for clinical practice. Presents the latest information on this timely, focused topic under the leadership of experienced editors in the field; Authors synthesize

and distill the latest research and practice guidelines to create these timely topic-based reviews.

Sjogren's Disease, an Issue of Rheumatic Disease Clinics of North America Feb 22 2020 This issue of Rheumatic Disease Clinics is devoted to Sjogren's Disease. The articles will include everything from the Use of Biologics, Autoantibodies, and Genetics, to Proteomics of Saliva/Tears, Parotid Biopsy, Use of Ultrasound, and many more!

Vasculitis in Rheumatic Diseases, An Issue of Rheumatic Disease Clinics, May 19 2022 Vasculitis is a term for a group of rare diseases that have in common inflammation of blood vessels and there are many types of vasculitis, and they may vary greatly in symptoms, severity and duration. Vasculitis can range from mild to life-threatening and early detection and treatment of severe vasculitis can prevent permanent damage.

Patient Reported Outcomes in Rheumatic Diseases, An Issue of Rheumatic Disease Clinics of North America, E-Book Sep 30 2020 This issue is devoted to patient reported outcomes and their impact in the study of rheumatic diseases and the authors will also discuss PROs and vulnerable populations with rheumatic disease; technology, electronic health records and PROs: past, present and future; the promise of PROMIS - a uniform approach to PROs across rheumatic diseases, quality measures and PROs and how they relate and the importance of PROs in delivering quality care in the rheumatic diseases, and

many more exciting articles.

Health disparities in rheumatic diseases: Part II, An Issue of Rheumatic Disease Clinics of North America, E-Book Apr 30 2023 This issue of Rheumatic Disease Clinics, guest edited by Dr. Candace Feldman, is Part II of a two-part issue covering Health Disparities in Rheumatic Diseases. This issue is one of four selected each year by series Consulting Editor, Dr. Michael Weisman. Topics discussed in this issue include, but are not limited to: Disparities in Lupus Care and Outcomes among U.S. Medicaid Beneficiaries, Understanding Risk Factors for Poor Outcomes in a Multiethnic Longitudinal Cohort, Impact of Psychosocial Factors on RA and Lupus Health Disparities, Racial/ethnic and geographic disparities in knee and hip osteoarthritis, Racial/ethnic Disparities in Osteoarthritis Management, Challenges and Strategies to Achieve Equitable Rheumatologic Care Across the World, Strategies to Reduce Disparities, Understanding and Addressing the Provider Biases and the Lack of Diversity in Lupus Clinical Trials, Community-engaged Research: Lupus Conversations, Leveraging Telemedicine as an Approach to Address Rheumatic Disease Health Disparities, and Understanding the Role and Challenges of Patient Preferences in Disparities in Rheumatic Disease Care.
