Atlanta magazine's editorial mission is to engage our community through provocative writing, authoritative reporting, and superlative design that illuminate the people, the issues, the trends, and the events that define our city. The magazine informs, challenges, and entertains our readers each month while helping them make intelligent choices, not only about what they do and where they go, but what they think about matters of importance to the community and the region. This book is a collection of selected essays presented at the International Symposium on «Contemporary Asian Modernities: Transnationality, Interculturality and Hybridity» hosted by the Humanities Programme of Hong Kong Baptist University in September 2006. As «modernity» has been used to describe the cultural, economic and socio-political conditions in the Western worlds, the time in which we now live and the Asian countries where capitalistic transformation is extensively carried out are already articulating their own descriptions. The essays collected here discuss the notions of «contemporary», «Asia» and «modernities» as they relate to the global trend of adopting capitalism. They probe into questions related to modernity as well as global modernity, ranging from China in particular to Asia in general. As reflected in the pluriversal meanings in the title, the book endeavours to make critical inquiries into the concept of modernity/modernities from different perspectives. An immersive debut set across the temples, slums, and gated estates of late-twentieth century Bangkok, *Welcome Me to the Kingdom* tells the story of three families striving to control their own destinies in a merciless, sometimes brutally violent, metropolis. We came with the drought. From the window of the train, the rich brown of the Chao Phraya River marked the turn from the northeast into the central plains. We came for Bangkok on the delta. The thin tributaries that laced the provinces found full current at the capital. And in the city, we'd heard, the wealth was wide and deep. In 1980, young lovers Pea and Nam arrive in Bangkok in search of a life, and a world, beyond Thailand's rural outskirts. Thirty days, they promise each other. Thirty days for Pea to find work, for him to put aside his violent and unstable past and take root in this strange new land. But Bangkok does not want for male laborers, especially teenage boys with thick provincial accents, and when time finally runs out on their promise, it's Nam who ultimately adapts to the capital's ruthless logic and survives. Spanning decades and perspectives, seamlessly shifting

between the absurd and the tenderhearted, the interwoven stories of *Welcome Me to the Kingdom* introduce three families—Nam, her American husband, Rick, and their daughter, Lara; Vitat, a Thai Elvis impersonator, and his only daughter, Pinky; and Tintin and Benz, orphans who have adopted each other as brothers—who employ various schemes to lie, betray, and seduce their way to the “good life.” These disparate citizens of Bangkok orbit each other over the next three decades—sometimes violently, passionately colliding. Through skin-whitening routines, cult conversion, gambling, and sex work, the collection’s characters look for reinvention in a city buckling under the weight of its own modernity. Wildly imaginative and ambitious, Mai Nardone’s stories reveal the growing discrepancy between Bangkok’s smiling self-image and its ugly underbelly, and, in the process, offer a striking portrait of a city unmade by the whims of global capitalism, in a kingdom caught between this world and the next. This book deals with problems facing children and youth in African cities today. African populations have high growth rates and, consequently, relatively high proportions of young people. Population growth in rural areas has stretched resources leading to urban migration and a rapid growth of cities. Economies have not grown apace with the population; and in some countries, economies have even shrunk. The result is a severe lack of resources in cities to meet the needs of the growing populations, shown in high unemployment, inadequate housing, poor services, and often extreme poverty. All the essays in this book draw attention to such urban environments, in which children and youth have to live and survive. The title of this book speaks of negotiating livelihoods. The concept of ‘livelihood’ has been adopted to incorporate the social and physical environment together with people’s responses to it. It considers not only material, but also human and social resources, including local knowledge and understanding. It, thus, considers the material means for living in a broader context of social and cultural interpretation. It, therefore, does not deal only with material and economic existence, but also with leisure activities, entertainments and other social forms of life developed by young people in response to the dictates of the environment. The book contains country-specific case studies of the problems faced by youths in many African cities, how they develop means to solve them, and the various creative ways through which they improve their status, both economically and socially, in the

different urban spaces. It recognizes the potentials of young people in taking control of their lives within the constraints imposed upon them by the society. This book is a valuable contribution to the field of child and youth development, and a useful tool for parents, teachers, academics, researchers as well as government and non-government development agencies. 3500 Days of Summer is an enticingly addictive read. In the same vein as *The Devil Wears Prada* or *The Nanny Diaries*, 3500 Days of Summer is a blistering kiss-and-tell about the international resort industry. You'll be amazed at the dysfunctional lives of these people. A former nine-to-five investment banker, Hannah is literally thrown to the sharks for his first resort assignment in the Caribbean as a glorified bookkeeper for the resort's scuba team. Though Hannah is vastly over-educated for this job, he seems to take perverse pleasure in the non-stop abuse he suffers at the hands of sophisticated European travellers and staff. In an environment where the average work schedule is sixteen hours seven days a week, Hannah endures midnight rehearsals, tyrannical resort managers and the amorous attentions of a never-ending supply of beautiful women relentlessly throwing themselves at him. 3500 Days does for resorts what *Animal House* did for higher education. A magical new series from Pseudonymous Bosh, the bestselling author of the *Secret Series* *Magic is BAD*. As in fake. Cheesy. Unreal. At least, that's what Clay, who has seen one magic show too many, thinks. When words from his journal appear mysteriously on his school wall as graffiti, he never imagines that magic might be to blame. And when the same graffiti lands him at Earth Ranch, a camp for "troubled" kids on a remote volcanic island, magic is the last thing he expects to find there. But at Earth Ranch, there is one strange surprise after another, until Clay no longer knows what to expect. Is he really talking to a llama? Did he really see a ghost? What is the scary secret hidden in the abandoned library? The only thing he knows for sure is that behind the clouds of vog (volcanic smog), nothing is as it seems. Can he solve the riddle of Earth Ranch before trouble erupts? Elusive author Pseudonymous Bosch introduces an extraordinary new series that will have you believing in the unbelievable. *New York* magazine was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. Once upon a time I was falling apart. Now I'm always falling in love. Pick up the microphone. When Rob Sheffield moved to New York City in the summer of 2001, he was a young widower trying to start a new life in a new town. Behind, in the past, was his life as a happily married rock critic, with a wife he adored, and a massive collection of mix tapes that captured their life together. And then, in a flash, all he had left were the tapes. Beyoncé, Bowie, Bon Jovi, Benatar . . . One night, some friends dragged him to a karaoke bar in the West Village. A night out was a rare occasion for Rob back then. Turn around Somehow, that night in a karaoke bar turned into many nights, in many karaoke bars. Karaoke became a way out, a way to escape the past, a way to be someone else if only for the span of a three-minute song. Discovering the sublime ridiculousness of karaoke, despite the fact that he couldn't carry a tune, he began to find his voice. Turn around And then the unexpected happened. A voice on the radio got Rob's attention. The voice came attached to a woman who was unlike anyone he'd ever met before. A woman who could name every constellation in the sky, and every Depeche Mode B side. A woman who could belt out a mean Bonnie Tyler. Bright Eyes Turn Around Bright Eyes is an emotional journey of hilarity and heartbreak with a karaoke soundtrack. It's a story about finding the courage to move on, clearing your throat, and letting it rip. It's a story about navigating your way through adult romance. And it's a story about how songs get tangled up in our deepest emotions, evoking memories of the past while inspiring hope for the future. Leisure and Power in Urban China is the first comprehensive study of leisure activities in a medium size Chinese city. Hitherto, studies of Chinese leisure have focused on holidays, festivals and tourism. This, however, is a study of the kinds of leisure that take place on regular workdays in a local environment of Quanzhou city. In doing so, Leisure and Power introduces leisure studies to China studies, and data from China to the field of Leisure studies. Based on interviews with people from all walks of life and case studies from bookshops, internet bars, Karaoke parlours, streets and public squares, Rolandsen brings to attention the importance of fun and socializing in the lives of Chinese urbanites. Central to the

study is the contrast between popular practices and official discourse. Rolandsen provides in-depth analyses of the moralist "PRC leisure ethic" so characteristic of official Chinese publications and news media. Using examples from everyday life as a contrast, this study demonstrates that official propaganda has but little influence on how Chinese individuals lead their lives. Taking leisure as a point of departure, this book describes the new kinds of interaction between the local party-state and the population it seeks to govern. This book will be of interest to students and scholars of Chinese Studies, Leisure Studies, Urban Studies and Asian Studies in general.

As eight sexy girls strut their stuff on stage, spandex shorts swathing their behinds as tightly as the lotus-leaf wrappings of a Chinese dumpling, author Ewe Paik Leong once again finds himself on the trail of Kuala Lumpur's ladies of the night. Following the success of his original book, which resulted in several red-light areas being closed down by the Malaysian authorities, he is back with new girls, new locations and new, shocking material. In Kuala Lumpur Undercover II, the author reveals websites where freelancers sporting hijab headscarves advertise their services and, in true Malaysian fashion, where the names of dishes are used to denote the different races: nasi lemak for Malay girls, char kwey teow for Chinese, and chapati for Indians. He visits KL's ethnic enclaves and interviews sex workers in 'Little Vietnam', 'Little Indonesia', 'Little China' and 'Little Nepal'. The author also travels north to Thailand to report on activities in Bangkok and south to the Indonesian islands of Batam and Karimun, both a short hop from Singapore. On Karimun Island, he visits a self-contained prostitution village, or lokalisasi, where women idle under front porches of houses and wait for business while feathered chickens scratch the dirt looking for their next victim.
