It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life. "One woman. Two men. And a passionate hunger too long denied. It's Gabriel Harrison's thirty-fifth birthday. His quiet night at home, spent alone with a glass of Scotch and a novel, is about to be shattered. Gabriel's best friend, Jonah, comes knocking at his door, bearing a present unlike any other a blindfolded Denny Abbott, the lush little assistant Gabe can't get out of his mind. He aches for her with a primitive, physical lust and tearing emotional hunger that eats at his soul, and yet, he will not touch her. He will not reach out for the one thing in the world he wants above all others. For Gabriel has a secret one he believes makes him unworthy of the "sexy sweet" Denny. What Gabe doesn't know is that the gentle Denny has a backbone of steel and the sheer determination of a woman in love. With Jonah leading the way, the three embark on a provocative, sensual assault to shatter that infuriating wall of ice surrounding Gabriel's heart. Before the night ends, Denny is determined to melt his resistance and make the "Ice Man" burn."--Back cover. Choose a Better Path provides thought-provoking, helpful, and healing information for adult children of divorce in a user-friendly format. Through workshops, interviews, articles, and international radio programs, Kent Darcie helps adults with divorced parents apply God's healing to triggers, fears, trust issues, anger, father hunger, unforgiveness, and the fallout from gray divorce (empty-nest parents splitting up). As a researcher, author, speaker, therapist, and adult with divorced parents, Kent brings a wealth of information and tools to those who struggle when dealing with parents, steps, ex-steps, and the menagerie of players that come and go in the years that follow the divorce. While never bashing or demeaning divorced parents or others, Kent does tackle the tough and often subtle issues that damage the relationships and marriages of adult children of divorce. If you, or someone you know, have divorced parents, reading Choose a Better Path is an important step toward breaking the cycle of divorce. Elvis Presley, the Hell's Angels, Hunter S. Thompson, Truman Capote, the Beatles, Judy Garland, Hank Williams, Jack Kerouac, Johnny Cash, JFK, the Manson Family and Adolf Hitler. All of the above were, at one time or another, to put it bluntly, speedfreaks. Speed-Speed-Speedfreak traces the criminal and cultural use of amphetamine and its growing use through each new and destructive cycle. Speed is both one of the biggest social problems facing the country today, an indispensable component of the

doctor's medicine bag, and a huge and abiding influence on artists, musicians and writers. Life has gotten a bit boring for Zuria Johnston, and with the exception of her Friday nights out with her best, flamboyant friend, Chase, and her job as a guidance counselor, she seems to have hit a rut. After a rough break-up with her longtime boyfriend, Manuel, her prospects of finding a man also seem pretty bleak. That is, until she connects with her poetic crush, Amir, and he opens her eyes to a world of romance and passion that she didn't know existed. She discovers what it feels like to be loved as a real woman should, and to overcome the difficulties of being a young, strong, black woman who is afraid to have her heart broken for a second time. The thrill of new romance seems to fill the emptiness in her life, but her old life isn't as easy to escape as she first thought. Mistakes that she thought she had left behind threaten to undo everything that she has begun to build in this new chapter of her life, but she isn't the only one battling the demons of her past. The poetic and passionate Amir harbors some dark secrets of his own, and when the truth begins to come out, the connection between her two lovers, old and new, may end her short reign of happiness before it ever fully begun. With love from one man and sworn vengeance from another, Zuria is trapped in the middle, trying desperately to make her way through the tangled troubles of family, love, and happiness. The problem is, she might lose more than the man of her dreams. As this complex and spellbinding story reaches its peak, Zuria will have to risk mind, body, and soul for herself and the people she loves, but will that final risk mean achieving the life she'd always dreamed of? Or will she end up making the ultimate sacrifice? This lively, interdisciplinary book will change the way we read and interpret eighteenth-century letters. Flashing through New York in the late 1970s, No Wave was the ultimate anti-movement. Its bands consisted of untrained artists looking to explode rock and disappear before the smoke cleared. The primary perpetrators all drew on primitivism, performance art, and the avant-garde. But they were best known for short songs and even shorter life spans. No Wave traces the history of this unique movement, from early pioneers like Suicide to Richard Hell, to hidden treasures like Red Transistor and 8-Eyed Spy, to descendents like ESG and Sonic Youth. No Wave is a comprehensive guide to a movement whose influence still resonates today. As minister of education and president of the Academy of Sciences, Count Sergei Uvarov was one of the most important statesmen in nineteenth-century Russia. But, because he has often been labeled as a reactionary and sycophant, his ideas and policies have tended to be dismissed as examples of the bankruptcy of the Russian "cold regime." Whittaker's intellectual biography, based on research in Russia and Finland, offers a striking reinterpretation of Uvarov's career and of the quality of Russian intellectual life in his age and in assuring his country's place in the mainstream of European educational development. With its wealth of new insights, *The Origins of Modern Russian Education* will be of interest to readers, specialists and nonspecialists alike who are concerned with nineteenth-century Russia and with the history of education in general.

Attorney and former intelligence officer Dan Gordon finds himself caught in an international conspiracy involving murder, espionage, and kidnapping when he investigates a Romanian banker who is laundering stolen Canadian money. Asian American women have long dealt with charges of betrayal within and beyond their communities. Images of their "disloyalty" pervade American culture, from the daughter who is branded a traitor to family for adopting American ways, to the war bride who immigrates in defiance of her countrymen, to a figure such as Yoko Ono, accused of breaking up the Beatles with her "seduction" of John Lennon. Leslie Bow here explores how representations of females transgressing the social order play out in literature by Asian American women. Questions of ethnic belonging, sexuality, identification, and political allegiance are among the issues raised by such writers as Jeanne Wakatsuki Houston, Bharati Mukherjee, Jade Snow Wong, Amy Tan, Sky Lee, Le Ly Hayslip, Wendy Law-Yone, Fiona Cheong, and Nellie Wong. Beginning with the notion that feminist and Asian American identity are mutually exclusive, Bow analyzes how women serve as boundary markers between ethnic or national collectives in order to reveal the male-based nature of social cohesion. In exploring the relationship between femininity and citizenship, liberal feminism and American racial discourse, and women's domestic abuse and human rights, the author suggests that Asian American women not only mediate sexuality's construction as a determiner of loyalty but also manipulate that construction as a tool of political persuasion in their writing. The language of betrayal, she argues, offers a potent rhetorical

means of signaling how belonging is policed by individuals and by the state. Bow's bold analysis exposes the stakes behind maintaining ethnic, feminist, and national alliances, particularly for women who claim multiple loyalties. Never Far Away is a short story and resource for the parent who has a child that doesn't like to separate from them when time for school or work. It has illustrative pictures and content for the parent and child to interact before they go about their day. It's a summer internship. Never mind that the owners are hot. Never mind that there are three of them. Never mind that they are twice her age. Never mind that they have a secret "play" room in the basement. Never mind that she's never been more intrigued in her life. She only has three months. No matter how deeply she gets involved, she can't stay... Ever wondered how we got where we are? How did the workplace change, why was it not noticed before? Should you have seen these changes before it all happened? The jobs went away, bonuses went up, there was more work to do, and yet the worker was appreciated less, not more. Legacy is gone. Loyalty to employees is gone. A fair days wage for a fair days pay has been replaced by the part time job. The rules all changed. The America we grew up with is not the America in which we find ourselves retiring into. Some will say it is Washington DC, some say it is big business, some say it was union demands, and yet like everything else in this high tech world it some and all of these and more. And so it begins... the Era where the Individual needs to take back control of their lives, their communities and their government. Put your headphones on, close your eyes. Embrace the possibility of the life-changing power of music. And perhaps one of these songs will change your life too. Music can inspire our greatest creations, salve our deepest wounds, make us fall in – or out of – love. It can also be a window into another's soul. Based on the popular live storytelling series, OneTrackMinds is a collection of twenty-five compelling answers to the question, 'What was the song that changed your life?' Featuring pieces from a stellar cast of contributors including Peter Tatchell, Inua Ellams, Cash Carraway, Rhik Samadder, Ingrid Oliver and Joe Dunthorne, alongside some of the UK's most exciting new voices, the book compiles many of the standout stories from the live show so far. Just as rich and varied are the songs themselves, by artists ranging from Nina Simone and Joni Mitchell to Aphex Twin and the Replacements via Tupac, Prince and the Spice Girls. The result is an entertaining, enlightening musical guide to the best of what makes us human. We are working with Cambridge Assessment International Education to gain endorsement for this title. The Bible and ancient near eastern texts reveal in stunning detail how under the guise of his ancient aliases, Satan directed angels to descend on Mt Hermon to create a race of hybrids, how he raised up one called "Lord of the earth" who was the first and foremost post-flood hybrid, and how he attempted to open the abyss and release his army to ensure his unending reign upon the earth. The Forgotten Age of Judah reveals the story of God's grace toward the House of Judah and reverses a rewritten history that has distorted Judeo-Christian theology for nearly 2,000 years. The Old and New Testaments provide striking evidence that the House of Judah's national sins were forgiven; and that Judah was in good standing, covenantally, during the Second Temple Period--until Messiah was rejected; at which time the sin of rejecting the prophet like Moses (Deut. Ch. 18) became a stumbling block. Jesus told the Jews of Jerusalem: "If I had not come . . . you [the house of Judah] would have no sin." This statement would obviously conflict with Christian doctrine if Jesus were speaking on the personal level, but it applies perfectly on the national level. In this book, the reader will discover the importance of tracking the two houses through the Bible; and how the two houses relate to the Great Commission and to end-times prophecy. Learn why both Replacement Theology and Dispensationalism fall short by failing to account for God's continuing grace and mercy upon Judah through the Davidic Covenant. Failure to recognize the covenantal status of Judah from the time of Ezra until Christ has contributed to a continued alienation between believers among the nations (Gentiles) and the Jewish house. Such alienation is contrary to the Commonwealth of Israel described in Ephesians 2&3. Although the way of salvation has always been through faith and repentance, Christian theology has disregarded Judah's national good standing during the Second Temple period. For too long the Church has denied the relationship and fellowship that the Old Testament saints enjoyed with the Holy One of Israel. Acknowledging this blessed Age of Judah is a step toward honesty and goodwill between Christians and Jews. An unshaven, evasive and chastened man in the small old mill city of Norton is recognized as he tries to hide from his past. The man, Jack Webster, is revealed as once having been the fabulously popular host of a nightly televised lottery drawing show, as well as the most renown sports anchor in the city of Boston and the envy of all who knew him. Looking into the past, we see Jack top of the world, but there are dark tidings as Jack's seemingly perfect life is not quite as wonderful as it appears. Thirty-three years old and submerged in the partying lifestyle of a local celebrity, Jack hatches a scheme to fix the very lottery drawing he hosts on television every night. Back in today's world, Jack—solely in order to get close to a young woman—cynically joins Earthpeace, a group of environmental activists opposing an airport expansion guided by the long-sitting Senator Shea to the doorstep of the powerless working-class city of Norton. Entirely insincere in all he does and on the cusp of regaining all he'd lost, Jack finds himself at an unexpected crossroad. Triple Six Fix is the dramatic telling—with foreshadow and flashback—of the rise, fall and ultimate fate of Jack Webster, a beloved local celebrity who crashes from great heights and who schemes again to regain what he'd lost. Lucy Nash has just finished up her sophomore year of high school and is anticipating an uneventful summer at her rural Georgia home. . . that is, until a weird twist of fate and physics takes her on a trip back through time to the year 1975 with Cameron Hall, a boy her age whose own time is thirty years into her future. Cameron is hoping to stop a series of child disappearances, one of which deeply affected his family, and ends up teaming up with his accidental "passenger" to solve the crime. But despite their access to resources from the future, can two teenagers resolve a mystery that has remained a cold case for over sixty years. . . and what impact will their presence in the past have on their own lives - and their own futures?
