The Infinite Moment of Us Mar 24 2020 For as long as she can remember, Wren Gray's goal has been to please her parents. But as high school graduation nears, so does an uncomfortable realization: Pleasing her parents once overlapped with pleasing herself, but now . . . not so much. Wren needs to honor her own desires, but how can she if she doesn't even know what they are? Charlie Parker, on the other hand, is painfully aware of his heart's desire. A gentle boy with a troubled past, Charlie has loved Wren since the day he first saw her. But a girl like Wren would never fall for a guy like Charlie—at least not the sort of guy Charlie believes himself to be. And yet certain things are written in the stars. And in the summer after high school, Wren and Charlie's souls will collide. But souls are complicated, as are the bodies that house them . . . Sexy, romantic, and oh-so-true to life, this is an unforgettable look at first love from one of young adult fiction's greatest writers. Praise for *The Infinite Moment of Us* **STARRED REVIEW** "The scenes of sexual intimacy are described with innocently erotic frankness, offering an ideal (if not idealized) model for readers on the cusp; this is Forever... for a new generation, offering character depth Cath and Michael never achieved. Summer love has never been so good." —Kirkus Reviews, starred review "In contrast to unhealthy depictions of sex and relationships that teenagers (and adults) are often exposed to in media and entertainment, *Myracle* offers up a passionate romance built on a bedrock of love, respect, and trust. And it's difficult to see that as a bad thing." —Publishers Weekly "Two mature recent high school graduates fall in love and bring out the best in each other in Lauren Myracle's thoughtful exploration of an intimate relationship...the relationship between Wren and Charlie always remains realistic and involving." —Shelf Awareness "This charming romance has multidimensional characters, straightforward sexuality, and a pace that lets readers fall in love with the main characters. *Myracle* expertly captures the intense connection of first love, from the need to spend every moment together to trying to figure out how to communicate with one another." —School Library Journal "The single-focus intensity of Wren and Charlie's feelings is spot-on for the age group... chapters move between both their perspectives as they grow into the relationship, offering readers of both sexes a rather compelling example of the how-to's of intimacy." —The Bulletin of The Center for Children's Books

Drowning Instinct Apr 05 2021 There are stories where the girl gets her prince, and they live happily ever after. (This is not one of those stories.) Jenna Lord's first sixteen years were not exactly a fairy tale. Her father is a controlling psycho and her mother is a drunk. She used to count on her older brother—until he shipped off to Iraq. And then, of course, there was the time she almost died in a fire. There are stories where the monster gets the girl, and everyone cries for his innocent victim. (This is not one of those stories either.) Mitch Anderson is many things: A dedicated teacher and coach. A caring husband. A man with a certain...magnetism. And there are stories where it's hard to be sure who's a prince and who's a monster, who is a victim and who should live happily ever after. (These are the most interesting stories of all.) *Drowning Instinct* is a novel of pain, deception, desperation, and love against the odds—and the rules.

Seduction and Snacks Aug 09 2021 Warning #1: This book is not to be taken seriously. Do not read this if you don't have the sense of humor of a 15 year old boy. Do not read this if you ARE a fifteen year old boy. This book is totally crude and inappropriate and uses the word "vagina" a lot. No, I mean A LOT. If you don't think people who are drunk are hilarious, you shouldn't read this book. You probably shouldn't read this book if you aren't drunk yourself. You should probably just put this book down and get drunk. You may think that no one in the world talks like the people in this book, but they do. They are called "people who are funny and inappropriate". This book is completely unrealistic; the author is aware of that fact and did it on purpose. 2012 Goodreads Choice Award Nominee - Best Romance Claire is a twenty-something, single mom that grudgingly helps her best friend sell sex toys while she attempts to make enough money to start her own business to give her foul-mouthed, but extremely loveable (when he's asleep) toddler a better life.
