The Philippines series of the PALI Language Texts, under the general editorship of Howard P. McKaughan, consists of lesson textbooks, grammars, and dictionaries for seven major Filipino languages. With the Leyte Campaign the War in the Pacific entered a decisive stage. The period of limited offensives, bypassing, and island hopping was virtually over. American troops in greater numbers

than ever before assembled in the Pacific Theater, supported by naval and air forces of corresponding size, fought and overcame Japanese forces of greater magnitude than any previously met. Though the spotlight is on the front-line fighting, the reader will find in this volume a faithful description of all arms and services performing their missions. The account is not exclusively an infantry story. It covers as well the support of ground fighting on Leyte by large-scale naval operations and by land-based air power under the most adverse conditions. In addition, careful attention to logistical matters, such as the movement of supplies and the evacuation of the wounded, gives the reader a picture of the less spectacular activities of an army in battle. "American acquisition of the Philippines in 1898 became a focal point for debate on American imperialism and the course the country was to take now that the Western frontier had been conquered. U.S. military leaders in Manila, unequipped to understand the aspirations of the native revolutionary movement, failed to respond to Filipino overtures of accommodation and provoked a war with the revolutionary army. Back home, an impressive opposition to the war developed on largely ideological grounds, but in the end it was the interminable and increasingly bloody guerrilla warfare that disillusioned America in its imperialistic venture. This book presents a searching exploration of the history of America's reactions to Asian people, politics, and wars of independence." -- Book Jacket * "Villanueva's debut is a beautiful #ownvoices middle-grade novel. Tough topics are addressed, but warmth and humor... bring lightness to Sab's story. This immersive novel bursts with life." -- Kirkus Reviews, starred review

When superstitious Sab sees a giant black butterfly, an omen of death, she knows that she's doomed! According to legend, she has one week before her fate catches up with her -- on her 11th birthday. With her time running out, all she wants is to celebrate her birthday with her entire family. But her sister, Ate Nadine, stopped speaking to their father one year ago, and Sab doesn't even know why. If Sab's going to get Ate Nadine and their father to reconcile, she'll have to overcome her fears -- of her sister's anger, of leaving the bubble of her sheltered community, of her upcoming doom -- and figure out the cause of their rift. So Sab and her best friend Pepper start spying on Nadine and digging into their family's past to determine why, exactly, Nadine won't speak to their father. But Sab's adventures across Manila reveal truths about her family more difficult -- and dangerous -- than she ever anticipated. Was the Butterfly right? Perhaps Sab is doomed after all!

Adalia Marquez was a police reporter living in Manila under the Japanese Occupation during World War 2 when her husband was arrested by the Japanese Military Police for aiding the resistance. Following his escape, suspicion falls upon Adalia and she is detained in his place, along with her two children, and imprisoned in Fort Santiago. Facing torture and starvation, Adalia contacts the Filipino underground and agrees to help them from inside the prison in return for much-needed food and medicine. With a talent for manipulating her captors, Adalia is able to evade detection long enough to provide for herself and her children, as well as other detainees in urgent need of sustenance, until the deliverance of V-J Day.

Millions of viewers know and love Bob Saget from his role as the sweetly neurotic father on the smash hit *Full House*, and as the charming wisecracking host of *America's Funniest Home Videos*. And then there are the legions of fans who can't get enough of his scatological, out-of-his-mind stand-up routines, comedy specials, and outrageously profane performances in such shows as HBO's *Entourage* and the hit documentary *The Aristocrats*. In his bold and wildly entertaining publishing debut, he continues to embrace his dark side and gives readers the book they have long been waiting for—hilarious and often dirty. Bob believes there's a time and a place for filth. From his never-before-heard stories of what really went on behind the scenes of two of the most successful family shows of all times, with co-stars like John Stamos and Mary-Kate and Ashley Olsen, to his tales of legendary friends and colleagues like Rodney Dangerfield, Richard Pryor, Don Rickles, and other show business legends, Saget opens up about some of his personal experiences with life and death, his career, and his reputation for sick humor—all with his highly original blend of silliness, vulgarity, humor and heart, and all framed by a man who loves being funny above all else. Winner of the Newbery Medal “A charming, intriguingly plotted novel.”—Washington Post

Newbery Medalist Erin Entrada Kelly’s *Hello, Universe* is a funny and poignant neighborhood story about unexpected friendships. Told from four intertwining points of view—two boys and two girls—the novel celebrates bravery, being different, and finding your inner bayani (hero). “Readers will be instantly engrossed in this relatable neighborhood adventure and its eclectic cast of misfits.”—Booklist

In one day, four lives weave together in unexpected ways. Virgil Salinas is shy and kindhearted and feels out of place in his crazy-about-sports family. Valencia Somerset, who is deaf, is smart, brave, and secretly lonely, and she loves everything about nature. Kaori Tanaka is a self-proclaimed psychic, whose little sister, Gen, is always following her around. And Chet Bullens wishes the weird kids would just stop being so different so he can concentrate on basketball. They aren’t friends, at least not until Chet pulls a prank that traps Virgil and his pet guinea pig at the bottom of a well. This disaster leads Kaori, Gen, and Valencia on an epic quest to find missing Virgil. Through luck, smarts, bravery, and a little help from the universe, a rescue is performed, a bully is put in his place, and friendship blooms. The acclaimed and award-winning author of *Blackbird Fly* and *The Land of Forgotten Girls* writes with an authentic, humorous, and irresistible tween voice that will appeal to fans of Thanhha Lai and Rita Williams-Garcia. “Readers across the board will flock to this book that has something for nearly everyone—humor, bullying, self-acceptance, cross-generational relationships, and a smartly fateful ending.”—School Library Journal

First published in 1946, this autobiography of the well-known Filipino poet describes his boyhood in the Philippines, his voyage to America, and his years of hardship and despair as an itinerant laborer following the harvest trail in the rural West. A PopSugar Must-Read for October!

In this finger-licking good rom-com, two is the perfect number of cooks in the kitchen. Nikki DiMarco knew life wouldn’t be all sunshine and coconuts when she quit her dream job to help her mom serve up mouthwatering Filipino dishes to hungry beach goers, but she didn’t expect the Maui food truck scene to be so eat-or-be-eaten—or the competition to be so smoking hot. But Tiva’s Filipina Kusina has faced bigger road bumps than the arrival of Callum James. Nikki doesn’t care how delectable the British food truck owner is—he rudely set up shop next to her coveted beach parking spot. He’s stealing her customers and fanning the flames of a public feud that makes her see sparks. The solution? Let the upcoming Maui Food Festival decide their fate. Winner keeps the spot. Loser pounds sand. But the longer their rivalry simmers, the more Nikki starts to see a different side of Callum...a sweet, protective side. Is she brave enough to call a truce? Or will trusting Callum with her heart mean jumping from the frying pan into the fire? I Must toll you all about this Cotniva Taft dissipation, of which we had the first taste on Monday, the 15th, when a printed notice was left at our house, saying that the "Congressional party " had arrived that evening instead of next morning, and another large, flowery, and handsome invitation, bidding us to a reception to be held at the house of the De la Ramos, very rich Filipinos, who have a fine house in a broad, shady street, where the Bank and some other big houses stand within gardens. The reception was to be followed by the performance at the Filipino theatre, to which as I told you we had also been invited, but we thought that the reception, which was "scheduled" to come off at eight, would bo quite enough for us for one evening. We dined early, and sent Domingo out for a quilez "with a good horse." He came back after a long while and said all the carriages in the town were already hired, but he had got what he could, and the cabailo was poco bueno (little good). He was right. It was a horse to make one's heart ache to look at; and when we stepped into the dirty old broken-down quilez, to which he was attached with odds and ends of old rope, the poor beast started going backwards all down the street. The driver roared profanities, and clicked his lips, and chucked the reins, but all to no effect; till at last he called one of our servants out of the house, and they each seized a wheel by the spokes and forced H round, so that the pony was shoved along, when it started off at a great pace; the driver sprang on the box, and we tore like the wind to the house of De la Ramos. There had been a great deal of rain, and the roads were very deep in mud, but the sky had cleared, and... "To truly appreciate and understand Filipino dishes, you have to understand the evolution of the spices, the nuances of the flavor profiles, the land from which these dishes were birthed. That's what this book provides. This is not just a book of recipes; this is a book about our story." --Pati Navalta Poblete, Editor-in-Chief, San Francisco Magazine

Every year, millions of foreigners visit The Philippines. They go to the World War II battlefield of Corregidor, tour the presidential home Malacañang Palace, play golf, lounge on the white sand beaches, and . . . Some do things that don't have chapters in the standard tourist phrasebooks and textbooks of the primary native language, Tagalog. Tagalog is spoken as a first language by millions of Filipinos in and around the nation's capital of Manila, including Angeles and Subic Bay. In addition, Tagalog is spoken and understood to some extent throughout the rest of the country because it's the language of school, TV, newspapers and movies. Tagalog Down & Dirty is your guide to the Tagalog you won't learn in the other books. Sex, drugs, alcohol, insults, obscenities, dirty talk, curse words, slurs about your mind, body and sexual equipment, the supernatural, gambling, and "gay language"—which gay men use to hide their meaning from the general population. Best of all, words for lovers and would-be lovers. Tagalog Down & Dirty is arranged in chapters according to subject. Next is a chapter including a long list of gay language words. And finally is a list of all the standard Tagalog words arranged in alphabetical order – Tagalog to English – so it's easy to look up Tagalog words you don't know. Come to The Philippines prepared to recognize such basic insults as "Your mother is a _____," "You're _____" and "You have no _____." (Don't say yourself, though, unless you're prepared to defend yourself!) Discover the Tagalog words for parts of your body, at least the most interesting parts, and their functions. Learn the names of the many monsters and ghosts you must avoid at night. If you're a man who has sex with other men, discover how Filipino gays classify your sexuality. Because language is intimately tied to culture, you'll get an inside look at how different Filipinos value are from average Western countries. Call an American woman "ugly" and you'll probably get a lecture on how men objectify women and/or men should look for beautiful personalities. Call a Filipino woman "ugly" and look out! Tell an American they have no shame, and they probably won't even know what you're talking about. If you say it to a Filipino, you better run for your life. Describe an American woman as flirtatious and she'll take it as a compliment. Tell a Filipino woman that and, depending on circumstances, she may take it as an insult to her sexual morality. Whether you wish to learn more about The Philippines because you're chatting up some sweet young thing online and want to meet her in person, or you wish to check out the bar scene, or to swim and sun bathe at the white sand beaches, explore the jungles or oceans teeming with exotic wildlife, or to backpack in the mountains, or a linguist checking out the phenomenon of gay language, Tagalog Down & Dirty is where to start your adventure. Today, the Philippines has become one of the largest exporters of medical workers in the world, with nursing in particular offering many the hope of a lucrative and stable career abroad. This timely volume narrates their stories in a multi-sited ethnography that follows aspiring migrants from Manila's vibrant nursing schools to a different reality in Singapore's multicultural hospitals and nursing homes, and back home to a Filipino village. In so doing, the book offers anthropological insights on the lives and expectations of Filipino medical workers who care for strangers in another Asian city and the everyday encounters, anxieties and boundaries they face. It locates their stories within wider debates on migration, labor, care, gender and citizenship, while contributing a new and distinctive perspective to the scholarship on labor migration in Asia. The incredible true story of the decade-long quest to bring down Paul Le Roux--the creator of a frighteningly powerful Internet-enabled cartel who merged the ruthlessness of a drug lord with the technological savvy of a Silicon Valley entrepreneur "Evan Ratliff has pried open a hidden world of high-tech gangsters and drug kingpins and double-crossers and stone-cold hitmen."--David Grann, author of Killers of the Flower Moon It all started as an online prescription drug network, supplying hundreds of millions of dollars' worth of painkillers to American customers. It would not stop there. Before long, the business had turned into a sprawling multinational conglomerate engaged in almost every conceivable aspect of criminal mayhem. Yachts carrying \$100 million in cocaine. Safe houses in Hong Kong filled with gold bars. Shipments of methamphetamine from North Korea. Weapons deals with Iran. Mercenary armies in Somalia. Teams of hit men in the Philippines. Encryption programs so advanced that the government could not break them. The man behind it all, pulling the strings from a laptop in Manila, was Paul Calder Le Roux--a reclusive programmer turned criminal genius who could only exist in the networked world of the twenty-first century, and the kind of self-made crime boss that American law enforcement had never imagined. For half a decade, DEA agents played a global game of cat-and-mouse with Le Roux as he left terror and chaos in his wake. Each time they came close, he would slip away. It would take relentless investigative work, and a shocking betrayal from within his organization, to catch him. And when he was finally caught, the story turned again, as Le Roux struck a deal to bring down his own organization and the people he had once employed. Award-winning investigative journalist Evan Ratliff spent four years piecing together this intricate puzzle, chasing Le Roux's empire and his shadowy henchmen around the world, conducting hundreds of interviews and uncovering thousands of documents. The result is a riveting, unprecedented account of a crime boss built by and for the digital age. Advance praise for The Mastermind "A true crime classic"--Publishers Weekly (starred review) "If truth is stranger than fiction, then The Mastermind is the truest book you'll read this year. The only thing predictable about it is how quickly you'll turn the pages."--Noah Hawley, author of Before the Fall and creator of the TV series Fargo "Absolutely extraordinary...A landmark in the contemporary literature of the diaspora." —Jia Tolentino, author of Trick Mirror "If Concepcion were only about Samaha's mother, it would already be wholly worthwhile. But she was one of eight children in the Concepcion family, whose ancestry Samaha traces in this. . . powerful book." —The New York Times A journalist's powerful and incisive account reframes how we comprehend the immigrant experience Nearing the age at which his mother had migrated to the US, part of the wave of non-Europeans who arrived after immigration quotas were relaxed in 1965, Albert Samaha began to question the ironclad belief in a better future that had inspired her family to uproot themselves from their birthplace. As she, her brother Spanky—a rising pop star back in Manila, now working as a luggage handler at San Francisco airport—and others of their generation struggled with setbacks amid mounting instability that seemed to keep prosperity ever out of reach, he wondered whether their decision to abandon a middle-class existence in the Philippines had been worth the cost. Tracing his family's history through the region's unique geopolitical roots in Spanish colonialism, American intervention, and Japanese occupation, Samaha fits their arc into the wider story of global migration as

determined by chess moves among superpowers. Ambitious, intimate, and incisive, Concepcion explores what it might mean to reckon with the unjust legacy of imperialism, to live with contradiction and hope, to fight for the unrealized ideals of an inherited homeland. On the eve of a new century, an up-and-coming Theodore Roosevelt set out to transform the U.S. into a major world power. The Spanish-American War would forever change America's standing in global affairs, and drive the young nation into its own imperial showdown in the Philippines. From Admiral George Dewey's legendary naval victory in Manila Bay to the Rough Riders' heroic charge up San Juan Hill, from Roosevelt's rise to the presidency to charges of U.S. military misconduct in the Philippines, *Honor in the Dust* brilliantly captures an era brimming with American optimism and confidence as the nation expanded its influence abroad. A sweeping history of America's long and fateful military relationship with the Philippines amid a century of Pacific warfare. Ever since US troops occupied the Philippines in 1898, generations of Filipinos have served in and alongside the US armed forces. In *Bound by War*, historian Christopher Capozzola reveals this forgotten history, showing how war and military service forged an enduring, yet fraught, alliance between Americans and Filipinos. As the US military expanded in Asia, American forces confronted their Pacific rivals from Philippine bases. And from the colonial-era Philippine Scouts to post-9/11 contractors in Iraq and Afghanistan, Filipinos were crucial partners in the exercise of US power. Their service reshaped Philippine society and politics and brought thousands of Filipinos to America. Telling the epic story of a century of conflict and migration, *Bound by War* is a fresh, definitive portrait of this uneven partnership and the two nations it transformed. In this new work, Linda España-Maram analyzes the politics of popular culture in the lives of Filipino laborers in Los Angeles's Little Manila, from the 1920s to the 1940s. The Filipinos' participation in leisure activities, including the thrills of Chinatown's gambling dens, boxing matches, and the sensual pleasures of dancing with white women in taxi dance halls sent legislators, reformers, and police forces scurrying to contain public displays of Filipino virility. But as España-Maram argues, Filipino workers, by flaunting "improper" behavior, established niches of autonomy where they could defy racist attitudes and shape an immigrant identity based on youth, ethnicity, and notions of heterosexual masculinity within the confines of a working class. España-Maram takes this history one step further by examining the relationships among Filipinos and other Angelenos of color, including the Chinese, Mexican Americans, and African Americans. Drawing on oral histories and previously untapped archival records, España-Maram provides an innovative and engaging perspective on Filipino immigrant experiences.

Filipino Americans have a long and rich history with and within the United States, and they are currently the second largest Asian group in the country. However, very little is known about how their historical and contemporary relationship with America may shape their psychological experiences. The most insidious psychological consequence of their historical and contemporary experiences is colonial mentality or internalized oppression. Some common manifestations of this phenomenon are described below:

- Skin-whitening products are used often by Filipinos in the Philippines to make their skins lighter. Skin whitening clinics and businesses are popular in the Philippines as well. The "beautiful" people such as actors and other celebrities endorse these skin-whitening procedures. Children are told to stay away from the sun so they do not get

"too dark." Many Filipinos also regard anything "imported" to be more special than anything "local" or made in the Philippines. • In the United States, many Filipino Americans make fun of "fresh-off-the-boats" (FOBs) or those who speak English with Filipino accents. Many Filipino Americans try to dilute their "Filipino-ness" by saying that they are mixed with some other races. Also, many Filipino Americans regard Filipinos in the Philippines, and pretty much everything about the Philippines, to be of "lower class" and those of the "third world." The historical and contemporary reasons for why Filipino -/ Americans display these attitudes, beliefs, and behaviors - often referred to as colonial mentality - are explored in *Brown Skin, White Minds*. This book is a peer-reviewed publication that integrates knowledge from multiple scholarly and scientific disciplines to identify the past and current catalysts for such self-denigrating attitudes and behaviors. It takes the reader from indigenous Tao culture, Spanish and American colonialism, colonial mentality or internalized oppression along with its implications on Kapwa, identity, and mental health, to decolonization in the clinical, community, and research settings. This book is intended for the entire community - teachers, researchers, students, and service providers interested in or who are working with Filipinos and Filipino Americans, or those who are interested in the psychological consequences of colonialism and oppression. This book may serve as a tool for remembering the past and as a tool for awakening to address the present. There is no available information at this time. When Lila Macapagal moves back home to recover from a horrible breakup, her life seems to be following all the typical rom-com tropes. She's tasked with saving her Tita Rosie's failing restaurant, and she has to deal with a group of matchmaking aunties who shower her with love and judgment. But when a notoriously nasty food critic (who happens to be her ex-boyfriend) drops dead moments after a confrontation with Lila, her life quickly swerves from a Nora Ephron romp to an Agatha Christie case. With the cops treating her like she's the one and only suspect, and the shady landlord looking to finally kick the Macapagal family out and resell the storefront, Lila's left with no choice but to conduct her own investigation. Armed with the nosy auntie network, her barista best bud, and her trusted Dachshund, Longanisa, Lila takes on this tasty, twisted case and soon finds her own neck on the chopping block... *The Philippines Past and Present* in 2 volumes is a historical work by Dean C. Worcester, Philippine Commission member who at that point held the position of Secretary of the Interior of the Philippine Islands. Worcester was an avid photographer during his time in the Philippines and his photographs had a profound influence in shaping public opinion in the United States about the "exotic" Filipinos. In this work Worcester again used the power of his photography to depict "primitive" Filipinos juxtaposed with photos of the modern infrastructure brought by the Americans, particularly during his own tenure as Secretary of the Interior.
