An enemies to lovers adventure romance... A bridesmaid & best man wedding date... To the Stars and Back When Hollywood's sexiest bachelor meets the girl next door their relationship doesn't follow the script... On-screen, Christian Slade is America's favorite heartthrob. Off-screen, letting romance into his life isn't as easy. The women he dates all seem to want a piece of his glamorous life rather than his heart, and trust doesn't come easy for him. Then along comes Lana. A beautiful rocket scientist who's also sweet, smart, sexy, and has absolutely no idea who he is. But what will happen when she finds out? Will their worlds prove too far apart or could love really be like in the movies? From Thailand with Love All Logan has to do is to get the gold and get the girl. Easy, right? Travel photographer Winter Knowles and archeology professor Logan Spencer dislike each other at first sight. Stuck together into the wild, these two unwilling teammates will bicker and banter their way through a

laugh-packed treasure hunt. After years of searching, a new mapping technology has given Logan a clue to the location of the legendary Lost City of Gold. A discovery that could make his career. So the last thing he needs on this life-changing expedition is for his team to get distracted by a pair of long legs. When Winter accepted the assignment on a tropical island she didn't sign up for a brooding team leader who'd clearly prefer to run a boys-only club. Never one to back down from a challenge, Winter is ready to show him she's no damsel in distress. But when a treasure like no other is uncovered and ruthless enemies will want to keep it for themselves, it'll be up to the two of them to save the day. Left alone to fight in the jungle, they will soon discover their lives might not be the only thing at stake—their hearts could be too. Get ready for the adventure of a lifetime. You May Kiss the Bridesmaid Archibald Hill is handsome, single, and he's going to his best friend's wedding ready to make a conquest or two. After all, everyone knows weddings are the perfect setting to get lucky. Summer Knowles used to have a life—friends, family, a sister who'd do anything for her—until she blew it all away with a terrible mistake. Now, attending her twin's wedding as the party's undesirable number one seems like more than she can handle. So, when a tall stranger with smoldering ice-blue eyes offers her a therapy of seven nights of no-strings-attached fun, she might even ignore that he has a beard and accept. Problem is, Summer has never been good at keeping sex and feelings separated... What readers are saying: A fun read filled with humor, heart, and love big enough to reach... to the stars and back. People are out to frame him for murder, kill him for business, and generally bring hurt to his doorstep. Unfortunately for them, Zach Tragic is also a corollary to Murphy's Law: things that can go wrong, go wrong around Zach. Can the troubled troubleshooter avoid the vengeful

lawyers, illegal guns, and mysterious circumstances of his everyday life in Forgotten Tokyo? Includes Part 1, Number 2: Books and Pamphlets, Including Serials and Contributions to Periodicals July - December) A laugh-out-loud debut novel about the minefield that is unemployment, the pursuit of the ultimate career, and the annoying habit of falling in love at inconvenient times. Sarah Pelletier is unemployed and in a very bad mood. Her film company has tanked—right before Christmas, no less—leaving her with one lousy swivel chair and a lifetime supply of paper clips. Her headhunter is a fool who can't pronounce her name; her irritatingly gorgeous roommate's idea of a fun time is to drag her to pink-slip parties; and, to top it all off, her last twelve bucks are trapped in a Metro Card. Something has got to give. So begins one smart twentysomething's quest for the right job in New York City. After extricating herself from a morass of self-pity strewn with candy bar wrappers and wine bottles, Sarah turns to the all-important task of padding her résumé—while artfully dodging her parents' attempts to bribe her into law school. Of course, padding your résumé puts you in jeopardy of being construed as over-qualified. In which case you might try unpadding your résumé, which then puts you in danger of being labeled inexperienced. Which leaves you with the option of stalking your ex-boss in the hope that she'll drag you along in her ascent to greatness in another company. Unless she stabs you in the back first. Meanwhile, when a temp job saddles her with a massive crush on a Brooklyn-dwelling dreamboat named Jake, Sarah's already full plate is crowded with lust, jealousy, and mild obsession, just when she's trying to be professional. This hilarious first novel from a confident new voice in women's fiction offers a pitch-perfect take on the dignity-whittling survival game of job hunting—starring a lovably neurotic heroine whose problems ring refreshingly true.
