nearly 130 years, the victims of Jack the Ripper finally get their full stories told in this eye-opening and chilling reminder that life for middle-class women in Victorian London could be full of social pitfalls and peril. From award-winning ABC News Chief National Correspondent Matt Gutman, and written using exclusive interviews and information comes the definitive account of the dramatic story that gripped the world: the miracle rescue of twelve boys and their soccer coach trapped in a flooded cave miles underground for nearly three weeks—a pulse-pounding page-turner by a reporter who was there every step of their journey out. After a practice in June 2018, a Thai soccer coach took a dozen of his young players to explore a famous but flood-prone cave. It was one of the boys' birthday, but neither he nor the dozen resurfaced. Worried parents and rescuers flocked to the mouth of a cave that seemed to have swallowed the boys without a trace. Ranging in age from eleven to sixteen, the boys were all members of the Wild Boars soccer team. When water unexpectedly inundated the cave, blocking their escape, they retreated deeper inside, taking shelter in a side cavern. While the world feared them dead, the thirteen young souls survived by licking the condensation off the cave's walls, meditating, and huddling together for warmth. In this thrilling account, ABC News Chief National Correspondent Matt Gutman recounts this amazing story in depth and from every angle, exploring their time in the cave, the failed plans and human mistakes that nearly doomed them, and the daring mission that ultimately saved them. Gutman introduces the elite team of volunteer divers who risked death to execute a plan so risky that its American planners admitted, "for us, success would have meant getting just one boy out alive." He takes you inside the meetings where life and death decisions were grimly made and describes how these heroes pulled off an improbable rescue under immense pressure, with the boys' desperate parents and the entire world watching. One of the largest rescues in history was in doubt until the very last moment. Matt Gutman covered the story intensively, went deep inside the caves himself, and interviewed dozens of rescuers, experts and eye-witnesses around the world. The result is this pulse-pounding page-turner that vividly recreates this extraordinary event in all its intensity—and documents the ingenuity and sacrifice it took to succeed. From an author who is "equal parts J.K. Rowling, Douglas Adams, and Shel Silverstein," the zany illustrated adventures of a sea-faring blue bear. —The Washington Post Captain Bluebear is a bear with blue fur, a creature as unique as the fantastic adventures he undergoes. Unlike cats, which have only nine lives, bluebears have twenty-seven. This is fortunate, because our hero is forever avoiding disaster by a paw's breadth. In this remarkable book, Captain Bluebear tells the story of his first thirteen-and-a-half lives spent on the mysterious continent of Zamonia, where intelligence is an infectious disease and water flows uphill, where headless giants roam deserts made of sugar, and where only Captain Bluebear's courage and ingenuity enable him to escape the dangers that lie in wait for him around every corner. In company with our indomitable hero, we enter a land of imaginative lunacy and supreme adventure, wicked satire and epic fantasy, all mixed together, turned on its head, and lavishly illustrated by the author. Praise for Walter Moers: "Sheer craziness . . . very amusing." —Daily Telegraph "Moers's great strength, as evidenced by the multitude of characters he presents, is his creativity. Less a text and more an imagination on paper." —Philadelphia Enquirer "Moers' creative mind is like J.K. Rowling on ecstasy." —Detroit News In June 2018, for seventeen days, the world watched and held its breath as the Wild Boar soccer team were trapped deep in a cave in Thailand. Marooned beyond flooded cave passages after unexpected rains, they were finally rescued, one-by-one, against almost impossible odds, by an international cave-diving team which included Australians Dr Richard Harris and Dr Craig Challen. These two men were chosen for their medical expertise and cave diving knowledge, but this dangerous rescue asked so much more of them. They had to remain calm under extreme pressure and intense scrutiny, adapt to constantly changing circumstances and importantly, build trust among the rescue team and with the young boys and their coach, whose lives were in their hands. **INSTANT NEW YORK TIMES BESTSELLER** "This extraordinary book is not only a chronicle of Ron's and Clint's early careers and their wild adventures, but also a primer on so many topics—how an actor prepares, how to survive as a kid working in Hollywood, and how to be the best parents in the world! The Boys will surprise every reader with its humanity." —Tom Hanks "I have read dozens of Hollywood memoirs. But *The Boys* stands alone. A delightful, warm and fascinating story of a good life in show business." —Malcolm Gladwell *Happy Days*, *The Andy Griffith Show*, *Gentle Ben*—these shows captivated millions of TV viewers in the '60s and '70s. Join award-winning filmmaker Ron Howard and audience-favorite actor Clint Howard as they frankly and fondly share their unusual family story of navigating and surviving life as sibling child actors. "What was it like to grow up on TV?" Ron Howard has been asked this question throughout his adult life. In *The Boys*, he and his younger brother, Clint, examine their childhoods in detail for the first time. For Ron, playing Opie on *The Andy Griffith Show* and Richie Cunningham on *Happy Days* offered fame, joy, and opportunity—but also invited stress and bullying. For Clint, a fast start on such programs as *Gentle Ben* and *Star Trek* petered out in adolescence, with some tough consequences and lessons. With the perspective of time and success—Ron as a filmmaker, producer, and Hollywood A-lister, Clint as a busy character actor—the Howard brothers delve deep into an upbringing that seemed normal to them yet was anything but. Their Midwestern parents, Rance and Jean, moved to California to pursue their own showbiz dreams. But it was their young sons who found steady employment as actors. Rance put aside his ego and ambition to become Ron and Clint's teacher, sage, and moral compass. Jean became their loving protector—sometimes over-protector—from the snares and traps of Hollywood. By turns confessional, nostalgic, heartwarming, and harrowing, *THE BOYS* is a dual narrative that lifts the lid on the Howard brothers' closely held lives. It's the journey of a tight four-person family unit that held fast in an unforgiving business and of two brothers who survived "child-actor syndrome" to become fulfilled adults. A strikingly original, beautifully narrated history of Western architecture and the cultural transformations that it represents Concrete, marble, steel, brick: little else made by human hands seems as stable, as immutable, as a building. Yet the life of any structure is neither fixed nor timeless. Outliving their original contexts and purposes, buildings are forced to adapt to each succeeding age. To survive, they must become shape-shifters. In an inspired refashioning of architectural history, Edward Hollis recounts more than a dozen stories of such metamorphosis, highlighting the way in which even the most familiar structures all change over time into "something rich and strange." The Parthenon, that epitome of a ruined temple, was for centuries a working church and then a mosque; the cathedral of Notre Dame was "restored" to a design that none of its original makers would have recognized. Remains of the Berlin Wall, meanwhile, which was once gleefully smashed and bulldozed, are now treated as precious relics. With *The Secret Lives of Buildings*, Edward Hollis recounts the most enthralling of these metamorphoses and shows how buildings have come to embody the history of Western culture. "Offers a useful reminder of the role of modern science in fundamentally transforming all of our lives." —President Barack Obama (on Twitter) "An important book." —Steven Pinker, *The New York Times Book Review* The surprising and important story of how humans gained what amounts to an extra life, from the bestselling author of *How We Got to Now* and *Where Good Ideas Come From* In 1920, at the end of the last major pandemic, global

life expectancy was just over forty years. Today, in many parts of the world, human beings can expect to live more than eighty years. As a species we have doubled our life expectancy in just one century. There are few measures of human progress more astonishing than this increased longevity. *Extra Life* is Steven Johnson's attempt to understand where that progress came from, telling the epic story of one of humanity's greatest achievements. How many of those extra years came from vaccines, or the decrease in famines, or seatbelts? What are the forces that now keep us alive longer? Behind each breakthrough lies an inspiring story of cooperative innovation, of brilliant thinkers bolstered by strong systems of public support and collaborative networks, and of dedicated activists fighting for meaningful reform. But for all its focus on positive change, this book is also a reminder that meaningful gaps in life expectancy still exist, and that new threats loom on the horizon, as the COVID-19 pandemic has made clear. How do we avoid decreases in life expectancy as our public health systems face unprecedented challenges? What current technologies or interventions that could reduce the impact of future crises are we somehow ignoring? A study in how meaningful change happens in society, *Extra Life* celebrates the enduring power of common goals and public resources, and the heroes of public health and medicine too often ignored in popular accounts of our history. This is the sweeping story of a revolution with immense public and personal consequences: the doubling of the human life span. *Philosophers and Religious Leaders* provides a synopsis of the lives and legacies of 200 men and women from the areas of religion and philosophy who have "changed the world." These individuals have developed, extended, or exemplified ideas fundamental to the way human beings perceive the meaning and purpose of their own lives and of their societies. Some have challenged prevailing convictions and worked for immediate change during their lifetimes; others have proposed new modes of thinking that have flourished only after their passing. From the author of the extraordinary *Vampire Chronicles* comes a huge, hypnotic novel of witchcraft and the occult through four centuries. Demonstrating, once again, her gift for spellbinding storytelling and the creation of legend, Anne Rice makes real for us a great dynasty of witches--a family given to poetry and to incest, to murder and to philosophy; a family that, over the ages, is itself haunted by a powerful, dangerous, and seductive being. On the veranda of a great New Orleans house, now faded, a mute and fragile woman sits rocking . . . and *The Witching Hour* begins. It begins in our time with a rescue at sea. Rowan Mayfair, a beautiful woman, a brilliant practitioner of neurosurgery--aware that she has special powers but unaware that she comes from an ancient line of witches--finds the drowned body of a man off the coast of California and brings him to life. He is Michael Curry, who was born in New Orleans and orphaned in childhood by fire on Christmas Eve, who pulled himself up from poverty, and who now, in his brief interval of death, has acquired a sensory power that mystifies and frightens him. As these two, fiercely drawn to each other, fall in love and--in passionate alliance--set out to solve the mystery of her past and his unwelcome gift, the novel moves backward and forward in time from today's New Orleans and San Francisco to long-ago Amsterdam and a chateau in the France of Louis XIV. An intricate tale of evil unfolds--an evil unleashed in seventeenth-century Scotland, where the first "witch," Suzanne of the Mayfair, conjures up the spirit she names Lasher . . . a creation that spells her own destruction and torments each of her descendants in turn. From the coffee plantations of Port au Prince, where the great Mayfair fortune is made and the legacy of their dark power is almost destroyed, to Civil War New Orleans, as Julien--the clan's only male to be endowed with occult powers--provides for the dynasty its foothold in America, the dark, luminous story encompasses dramas of seduction and death, episodes of tenderness and healing. And always--through peril and escape, tension and release--there swirl around us the echoes of eternal war: innocence versus the corruption of the spirit, sanity against madness, life against death. With a dreamlike power, the novel draws us, through circuitous, twilight paths, to the present and Rowan's increasingly inspired and risky moves in the merciless game that binds her to her heritage. And in New Orleans, on Christmas Eve, this strangest of family sagas is brought to its startling climax. NOW A MAJOR MOTION PICTURE The harrowing, true account from the brave men on the ground who fought back during the Battle of Benghazi. 13 HOURS presents, for the first time ever, the true account of the events of September 11, 2012, when terrorists attacked the US State Department Special Mission Compound and a nearby CIA station called the Annex in Benghazi, Libya. A team of six American security operators fought to repel the attackers and protect the Americans stationed there. Those men went beyond the call of duty, performing extraordinary acts of courage and heroism, to avert tragedy on a much larger scale. This is their personal account, never before told, of what happened during the thirteen hours of that now-infamous attack. 13 HOURS sets the record straight on what happened during a night that has been shrouded in mystery and controversy. Written by New York Times bestselling author Mitchell Zuckoff, this riveting book takes readers into the action-packed story of heroes who laid their lives on the line for one another, for their countrymen, and for their country. 13 HOURS is a stunning, eye-opening, and intense book--but most importantly, it is the truth. The story of what happened to these men--and what they accomplished--is unforgettable. Since they were first discovered in the caves at Qumran in 1947, the Dead Sea Scrolls have aroused more fascination-- and controversy-- than perhaps any other archaeological find. Collins sheds light on the bitter conflicts that have swirled around the scrolls, and sheds lights on their true significance for Jewish and Christian history. "This is a collection of biographies and composite essays of Texas women, contextualized over the course of history to include subjects that reflect the enormous racial, class, and religious diversity of the state. Offering insights into the complex ways that Texas' position on the margins of the United States has shaped a particular kind of gendered experience there, the volume also demonstrates how the larger questions in United States women's history are answered or reconceived in the state. Beginning with Juliana Barr's essay, which asserts that 'women marked the lines of dominion among Spanish and Indian nations in Texas' and explodes the myth of Spanish domination in colonial Texas, the essays examine the ways that women were able to use their borderland status to stretch the boundaries of their own lives. Eric Walther demonstrates that the constant changing of governments in Texas (Spanish, Mexican, Texan, and U.S.) gave slaves the opportunities to resist their oppression because of the differences in the laws of slavery under Spanish or English or American law. Gabriela Gonzalez examines the activism of Jovita Idar on behalf of civil rights for Mexicans and Mexican Americans on both sides of the border. Renee Laegreid argues that female rodeo contestants employed a "unique regional interplay of masculine and feminine behaviors" to shape their identities as cowgirls"-- This first of two volumes extends from the founding of the colony of Georgia in 1733 up to the Progressive era. From the beginning, Georgia women were instrumental in shaping the state, yet most histories minimize their contributions. The essays in this volume include women of many ethnicities and classes who played an important role in Georgia's history. Though sources for understanding the lives of women in Georgia during the colonial period are scarce, the early essays profile Mary Musgrove, an important player in the relations between the Creek nation and the British Crown, and the loyalist Elizabeth Johnston, who left Georgia for Nova Scotia in 1806. Another essay examines the near-mythical quality of the American Revolution-era accounts of

"Georgia's War Woman," Nancy Hart. The later essays are multifaceted in their examination of the way different women experienced Georgia's antebellum social and political life, the tumult of the Civil War, and the lingering consequences of both the conflict itself and Emancipation. After the war, both necessity and opportunity changed women's lives, as educated white women like Eliza Andrews established or taught in schools and as African American women like Lucy Craft Laney, who later founded the Haines Institute, attended school for the first time. Georgia Women also profiles reform-minded women like Mary Latimer McLendon, Rebecca Latimer Felton, Mildred Rutherford, Nellie Peters Black, and Martha Berry, who worked tirelessly for causes ranging from temperance to suffrage to education. The stories of the women portrayed in this volume provide valuable glimpses into the lives and experiences of all Georgia women during the first century and a half of the state's existence. Historical figures include: Mary Musgrove Nancy Hart Elizabeth Lichtenstein Johnston Ellen Craft Fanny Kemble Frances Butler Leigh Susie King Taylor Eliza Frances Andrews Amanda America Dickson Mary Ann Harris Gay Rebecca Latimer Felton Mary Latimer McLendon Mildred Lewis Rutherford Nellie Peters Black Lucy Craft Laney Martha Berry Corra Harris Juliette Gordon Low Living in a "perfect" world without social ills, a boy approaches the time when he will receive a life assignment from the Elders, but his selection leads him to a mysterious man known as the Giver, who reveals the dark secrets behind the utopian facade. #1 NATIONAL BESTSELLER #1 INTERNATIONAL BESTSELLER What does everyone in the modern world need to know? Renowned psychologist Jordan B. Peterson's answer to this most difficult of questions uniquely combines the hard-won truths of ancient tradition with the stunning revelations of cutting-edge scientific research. Humorous, surprising and informative, Dr. Peterson tells us why skateboarding boys and girls must be left alone, what terrible fate awaits those who criticize too easily, and why you should always pet a cat when you meet one on the street. What does the nervous system of the lowly lobster have to tell us about standing up straight (with our shoulders back) and about success in life? Why did ancient Egyptians worship the capacity to pay careful attention as the highest of gods? What dreadful paths do people tread when they become resentful, arrogant and vengeful? Dr. Peterson journeys broadly, discussing discipline, freedom, adventure and responsibility, distilling the world's wisdom into 12 practical and profound rules for life. 12 Rules for Life shatters the modern commonplaces of science, faith and human nature, while transforming and ennobling the mind and spirit of its readers. A MEMOIR BY THE YOUNGEST RECIPIENT OF THE NOBEL PEACE PRIZE As seen on Netflix with David Letterman "I come from a country that was created at midnight. When I almost died it was just after midday." When the Taliban took control of the Swat Valley in Pakistan, one girl spoke out. Malala Yousafzai refused to be silenced and fought for her right to an education. On Tuesday, October 9, 2012, when she was fifteen, she almost paid the ultimate price. She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead, Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. I AM MALALA is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and encouraged his daughter to write and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. I AM MALALA will make you believe in the power of one person's voice to inspire change in the world. After her mother's death, Lily Owens and her African-American maid seek refuge from the racism of their South Carolina hometown with eccentric beekeeping sisters in this coming of age story representing the letter "K" in a new series of twenty-six collectible editions. John Volanthen is a legendary British cave-diver and one of the two-man team who discovered and rescued the Wild Boars soccer team from the sunken cave in Tham Luang, Thailand. Thirteen Lessons that Saved Thirteen Lives is the deeply revealing and nail-biting account of that incredible rescue. THE ENTHRALLING INSIDE STORY OF THE THAI CAVE RESCUE NOW CHRONICLED IN NATIONAL GEOGRAPHIC HIT DOCUMENTARY THE RESCUE WRITTEN BY THE MAN AT THE HEART OF THE MISSION 'The British divers are all heroes' Clive Cussler 'A case study in courage' Ron Howard, Oscar-winning director of Apollo 13 _____ 'They were utterly alone inside the mountain, isolated from the rest of the world. They might as well have been on another planet . . .' In July 2018, twelve boys and their football coach disappeared into Tham Luang Cave in Thailand. Trapped miles beneath the surface, not even the Thai Navy SEALs had the skills to bring them to safety. With the floodwater rising rapidly, time was running out . . . Any hope of survival rested on Rick Stanton, a retired Midlands firefighter with a living room full of homemade cave-diving equipment. As unlikely as it seemed, to those in the know, Rick and his partner, John Volanthen, were regarded as the A-team for exactly this kind of mission. The Thai Cave Rescue was the culmination of a lifelong obsession, requiring every ounce of skill and ingenuity accumulated by Rick over a four decade pursuit of the unknown. While the world held its breath, Rick, John and their assembled team raced against time in the face of near impossible odds. There was simply no precedent for what they were attempting to do . . . In Aquanaut Rick reveals the real story of the cave rescue for the first time. And of a life lived without compromise in which any mistake could have been his last. It's an edge-of-your-seat story of courage and conviction that will take you deep into the most remote and unforgiving places on the planet, told with humour, unflinching honesty, and a relentless drive for adventure. _____ 'Diver Rick Stanton relives the rescue of the century' SUNDAY TIMES 'This is their riveting, behind-the-scenes story. His life is beyond repair. He has been convicted of murder. His is the only trial in the history of the Indian Judiciary to have resulted in an unorthodox sentencing – death by lethal injection. In his ultimate moments, Aryan Sirohi is tied down to a chair and just before sodium thiopental is injected into his blood stream, he shuts his eyes and reflects back on his life one last time. Aryan Sirohi was not always a criminal. Once he was a shining star, a good son, a great friend and a besotted lover. What went wrong when all seemed perfect? This is a journey that takes you deep into the convoluted dark side of the human mind. A side that is born in a troubled childhood, feeds forever on fear and twists the very fabric of nature till it comes to rest in death. But death is only the beginning... The Pocket Book is for use by doctors nurses and other health workers who are responsible for the care of young children at the first level referral hospitals. This second edition is based on evidence from several WHO updated and published clinical guidelines. It is for use in both inpatient and outpatient care in small hospitals with basic laboratory facilities and essential medicines. In some settings these guidelines can be used in any facilities

where sick children are admitted for inpatient care. The Pocket Book is one of a series of documents and tools that support the Integrated Management. John Volanthen is a legendary British cave-diver and one of the two-man team who discovered and rescued the Wild Boars soccer team from the sunken cave in Tham Luang, Thailand. *Thirteen Lessons that Saved Thirteen Lives* is the deeply revealing and nail-biting account of that incredible rescue. Each chapter tells one part of the story from Tham Luang but also imparts a life lesson, gleaned from John's exploration and rescue efforts, that can be applied to everyday obstacles and challenges. We are in the cave with John and his story of how an average guy can do the unimaginable will inspire the superhero in us all. Highlights the significant historical contributions of some of Louisiana's most noteworthy and also overlooked women from the eighteenth century to the present. This volume underscores the cultural, social, and political distinctiveness of the state and showcases how these women affected its history. A fantasy adventure about Bluebear and his first 13 1/2 lives. Winner of the 2022 Edgar Award for Best Biography. An Economist Best Book of 2021. A fresh, innovative biography of the twentieth century's most iconic filmmaker. In *The Twelve Lives of Alfred Hitchcock*, Edward White explores the Hitchcock phenomenon—what defines it, how it was invented, what it reveals about the man at its core, and how its legacy continues to shape our cultural world. The book's twelve chapters illuminate different aspects of Hitchcock's life and work: "The Boy Who Couldn't Grow Up"; "The Murderer"; "The Auteur"; "The Womanizer"; "The Fat Man"; "The Dandy"; "The Family Man"; "The Voyeur"; "The Entertainer"; "The Pioneer"; "The Londoner"; "The Man of God." Each of these angles reveals something fundamental about the man he was and the mythological creature he has become, presenting not just the life Hitchcock lived but also the various versions of himself that he projected, and those projected on his behalf. From Hitchcock's early work in England to his most celebrated films, White astutely analyzes Hitchcock's oeuvre and provides new interpretations. He also delves into Hitchcock's ideas about gender; his complicated relationships with "his women"—not only Grace Kelly and Tippi Hedren but also his female audiences—as well as leading men such as Cary Grant, and writes movingly of Hitchcock's devotion to his wife and lifelong companion, Alma, who made vital contributions to numerous classic Hitchcock films, and burnished his mythology. And White is trenchant in his assessment of the Hitchcock persona, so carefully created that Hitchcock became not only a figurehead for his own industry but nothing less than a cultural icon. Ultimately, White's portrayal illuminates a vital truth: Hitchcock was more than a Hollywood titan; he was the definitive modern artist, and his significance reaches far beyond the confines of cinema. In *Curbing Traffic: The Human Case for Fewer Cars in Our Lives*, mobility experts Melissa and Chris Bruntlett chronicle their experience living in the Netherlands and the benefits that result from treating cars as visitors rather than owners of the road. They weave their personal story with research and interviews with experts and Delft locals to help readers share the experience of living in a city designed for people. Their insights will help decision makers and advocates to better understand and communicate the human impacts of low-car cities: lower anxiety and stress, increased independence, social autonomy, inclusion, and improved mental and physical wellbeing. *Curbing Traffic* provides relatable, emotional, and personal reasons why it matters and inspiration for exporting the low-car city. A New York Times Bestseller Award-winning Vanity Fair writer Nancy Jo Sales crisscrossed the country talking to more than two hundred girls between the ages of thirteen and nineteen about their experiences online and off. They are coming of age online in a hypersexualized culture that has normalized extreme behavior, from pornography to the casual exchange of nude photographs; a culture rife with a virulent new strain of sexism; a culture in which teenagers are spending so much time on technology and social media that they are not developing basic communication skills. The dominant force in the lives of girls coming of age in America today is social media: Instagram, Whisper, Vine, Youtube, Kik, Ask.fm, Tinder. Provocative, explosive, and urgent, *American Girls* will ignite much-needed conversation about how we can help our daughters and sons negotiate the new social and sexual norms that govern their lives. The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race. I was able to overcome the obstacles in and out of water, and the sport felt exciting. But when I went to the much-hyped challenges of Swildon's Hole's second sump, it wasn't as dangerous as I had been told. #3 I was interested in cave diving, a form of exploration that involves swimming underwater tunnels and caverns. I understood that calm thought was needed for a diver to function effectively, especially because the world in which they were operating was similar to the Death Zone on a mountain such as K2, where a lack of oxygen strains the major organs. #4 Cave diving is a type of exploration that involves moving through a dark and mysterious world, some of which can only be accessed by diving into water. It is a means to an end, and the discovery of new passages is the aim. Wildly original, funny and moving, *The First Fifteen Lives of Harry August* is an extraordinary story of a life lived again and again from World Fantasy Award-winning author Claire North. Harry August is on his deathbed. Again. No matter what he does or the decisions he makes, when death comes, Harry always returns to where he began, a child with all the knowledge of a life he has already lived a dozen times before. Nothing ever changes. Until now. As Harry nears the end of his eleventh life, a little girl appears at his bedside. "I nearly missed you, Doctor August," she says. "I need to send a message." This is the story of what Harry does next, and what he did before, and how he tries to save a past he cannot change and a future he cannot allow. A unique account of the amazing Thai cave rescue told in a heart-racing, you-are-there style that blends suspense, science, and cultural insight. On June 23, 2018, twelve young players of the Wild Boars soccer team and their coach enter a cave in northern Thailand seeking an afternoon's adventure. But when they turn to leave, rising floodwaters block their path out. The boys are trapped! Before long, news of the missing team spreads, launching a seventeen-day rescue operation involving thousands of rescuers from around the globe. As the world sits vigil, people begin to wonder: how long can a group of ordinary kids survive in complete darkness, with no food or clean water? Luckily, the Wild Boars are a very extraordinary "ordinary" group. Combining firsthand interviews of rescue workers with in-depth science and details of the region's culture and religion, author Christina

Soontornvat—who was visiting family in Northern Thailand when the Wild Boars went missing—masterfully shows how both the complex engineering operation above ground and the mental struggles of the thirteen young people below proved critical in the life-or-death mission. Meticulously researched and generously illustrated with photographs, this page-turner includes an author’s note describing her experience meeting the team, detailed source notes, and a bibliography to fully immerse readers in the most ambitious cave rescue in history. Diver John Volanthen reveals how he pushed the limits of human endurance in the life-or-death mission to rescue the Thai youth soccer team trapped for over a week in a flooded cave. The world held its breath in 2018 when the Wild Boars soccer team and their coach went missing deep underground in the Tham Luang cave complex in northern Thailand. They had been stranded by sudden, continuous monsoon rains while exploring the caves after practice. As the torrential rain persisted and the waters continued to rise, an army of rescue teams and equipment was deployed, including Thai Navy SEALs, a US Air Force special tactics squadron, police sniffer dogs, drones and robots. But it was British cave diver John Volanthen and his partner, Rick Stanton, who were first to reach the stranded team and who played a key role in their ultimate rescue. The picture of them alive on a ledge in a flooded cave made front page news worldwide. As John’s light flickered from one boy to another, he called out, ‘How many of you?’ ‘Thirteen,’ a boy answered. ‘Brilliant,’ he said. After 10 days trapped in desperate blackness, the boys and their coach were all alive. Each chapter of *Thirteen Lessons that Saved Thirteen Lives* tells one part of the edge-of-your-seat mission from Tham Luang but also imparts a life lesson, gleaned from John’s previous rescues and record-breaking cave dives, that can be applied to everyday obstacles and challenges. In this story of breathtaking courage and mental mastery, John reveals how responding positively to the statement, ‘But I can’t...’ by stating, ‘I can,’ led to one of the most incredible rescues in history. He hopes that his story will inspire the superhero in you. NATIONAL BESTSELLER • “A gripping American-on-the-run thriller . . . a brilliant coming-of-age tale and a touching exploration of father-daughter relationships.”—Newsweek “One part Quentin Tarantino, one part Scheherazade, and twelve parts wild innovation.”—Ann Patchett, #1 New York Times bestselling author of *Commonwealth* NAMED ONE OF PASTE’S BEST NOVELS OF THE DECADE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • The Washington Post • Paste Samuel Hawley isn’t like the other fathers in *Olympus*, Massachusetts. A loner who spent years living on the run, he raised his beloved daughter, Loo, on the road, moving from motel to motel, always watching his back. Now that Loo’s a teenager, Hawley wants only to give her a normal life. In his late wife’s hometown, he finds work as a fisherman, while Loo struggles to fit in at the local high school. Growing more and more curious about the mother she never knew, Loo begins to investigate. Soon, everywhere she turns, she encounters the mysteries of her parents’ lives before she was born. This hidden past is made all the more real by the twelve scars her father carries on his body. Each scar is from a bullet Hawley took over the course of his criminal career. Each is a memory: of another place on the map, another thrilling close call, another moment of love lost and found. As Loo uncovers a history that’s darker than she could have known, the demons of her father’s past spill over into the present—and together both Hawley and Loo must face a reckoning yet to come. Praise for *The Twelve Lives of Samuel Hawley* “A master class in literary suspense.”—The Washington Post “Tinti depicts brutality and compassion with exquisite sensitivity, creating a powerful overlay of love and pain.”—The New Yorker “Hannah Tinti’s beautifully constructed second novel . . . uses the scars on Hawley’s body—all twelve bullet wounds, one by one—to show who he is, what he’s done, and why the past chases and clings to him with such tenacity.”—The Boston Globe “The Twelve Lives of Samuel Hawley is an adventure epic with the deeper resonance of myth. . . .
