With great facts and practical projects, giving the reader a lot of information it's an ideal introduction for complete*

beginners, designed to inspire a life-long love of gardening. *The Gardener's Guide to Growing Hellebores* features a wealth of practical advice on the cultivation and propagation of these increasingly popular plants. The book contains jargon-free accounts of species in the wild, descriptions of the varieties currently being grown, advice on breeding your own, and most importantly, an extensive chapter on associating hellebores with other plants and arranging groupings for maximum effect in the garden. With contributions from other hellebore enthusiasts and accounts of the work of recent hellebore pioneers, this is a truly comprehensive and up-to-date account of these beautiful plants. No gardener who loves spring flowers will want to be without this lively, authoritative and inspirational book. From Canada's #1 garden team, a guide that makes growing your own fruits, vegetables and herbs simple, bountiful and fun. Nothing beats the taste and smell of a tomato freshly picked from your own garden. And there's a certain pride in knowing that the salad you just served—fresh strawberries and all—was harvested entirely from your backyard. But growing your own fruits, vegetables and herbs can be time-consuming and feel overwhelmingly complicated. Your eagerness to get growing in the spring can be rained out by seemingly endless seedlings and seed packs at your garden centre, all with cryptic planting instructions that leave you with withered plants rather than crunchy carrots. But it doesn't need to be that way! Frankie Flowers has decades of experience helping thumbs of all colours turn barren

patches and empty pots into bountiful harvests—and he can help you do the same. *Food to Grow* simplifies every growing decision you'll need to make. Frankie helps you evaluate your space, decide just how much time you want to invest and then make the smartest choices about which plants will give you the best bang for your buck. He guides you through the entire growing season from prepping and planning, to planting, weeding and harvesting (the best part!), and he shares not just which veggies, fruits and herbs have become Frankie's Favourites, but also which plants just aren't worth the effort. Loaded with gorgeous photography that will have you desperate to get digging, *Food to Grow* includes a detailed A-Z index of over fifty of Canada's most popular home crops. Whether you have space for a few pots or a back forty, *Frankie Flowers* will help you make your dream of home-grown treats a fun and tasty reality. Discover facts about 15 plants, explore what makes them unique, and learn how to grow them. Grow beauty. Grow friendship. Grow flavor. Grow plants! Discover 15 plants with incredible powers, then learn how to grow them. Meet each plant's surprising relations (did you know the tasty tomato is a cousin of deadly nightshade?) and discover their history (bromeliads defended themselves against dinosaurs!). Then, follow the step-by-step instructions to grow and care for each plant, whether you have a big backyard or a sunny windowsill. This fully illustrated guide to growing is the perfect introduction to plants for families everywhere. *The Gardeners' Guide*

*Book Growing and Harvesting Lettuce will provide needed information for the gardener to plant, grow and harvest this delectable crop in the vegetable salad garden.
