Mometrix Test Preparation's EMT Exam Study Guide 2019 & 2020: EMT Basic Exam Prep Secrets is the ideal prep solution for anyone who wants to pass their NREMT Emergency Medical Technician Exam. The exam is extremely challenging, and thorough test preparation is essential for success. Our study guide includes:

- Practice test questions with detailed answer explanations
- Tips and strategies to help you get your best test performance
- A complete review of all EMT test sections: Medical, Legal, and Ethical; Airway; Cardiology; Trauma; Medical Emergencies; Obstetrics and Pediatrics; Geriatrics; Operations.

Mometrix Test Preparation is not affiliated with or endorsed by any official testing organization. All organizational and test names are trademarks of their respective owners. The Mometrix guide is filled with the critical information you will need in order to do well on your EMT exam: the concepts, procedures, principles, and vocabulary that the National Registry of Emergency Medical Technicians (NREMT) expects you to have mastered before sitting for your exam.

The Medical, Legal, and Ethical section covers: Ryan White Law; Universal precautions; "Duty to act".

The Airway section covers: Normal breathing; Assessing respiration; Airway-clearing methods.

The Cardiology section covers: Anatomy and function; Heart attacks; CPR.

The Trauma section covers: Baseline vital signs; Rapid trauma assessment; Child vs. adult injuries.

The Medical Emergencies section covers: Behavioral call; Drug categories; Poisoning.

The Obstetrics and Pediatrics section covers: Imminent birth; Miscarriage; Pediatric patients.

The Geriatrics section covers: GEMS diamond; Physiology in geriatric patients; DNR.

The Operations section covers: Patient assessment process; Run report; Ambulance operations...and much more.

Our guide is full of specific and detailed information that will be key to passing your exam. Concepts and principles aren't simply named or described in passing, but are explained in detail. The Mometrix EMT study guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answer explanations, and that's another area where our guide stands out. The Mometrix test prep team has provided plenty of EMT practice test questions to prepare you for

what to expect on the actual exam. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear. We've helped hundreds of thousands of people pass standardized tests and achieve their education and career goals. We've done this by setting high standards for Mometrix Test Preparation guides, and our EMT Exam Study Guide 2019 & 2020: EMT Basic Exam Prep Secrets is no exception. It's an excellent investment in your future. Get the EMT review you need to be successful on your exam. With over 1,500 practice questions, the second edition of Emergency Medical Technician Exam Review is essential for anyone planning a career as an EMT. Designed to prepare students for the certification exam, questions are based on the EMT level of the National EMS Educational Standards and follow the American Heart Association Guidelines for ECC and CPR. In addition, a CD-ROM included in the back of the book contains two full-length practice exams that are fully updated for the new second edition. Emergency Medical Technician Exam Review features simple to complex questions based on realistic scenarios to ensure that students practice for success! Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Written to meet the DOT National Standard Curriculum The EMT-Basic Exam Review will assist anyone preparing to become certified as an EMT-Basic. There are 1,500 questions included in 33 chapters which cover the cognitive and affective objectives in the DOT National Standard Curriculum. The questions reflect the state and national EMS exams to better prepare learners for the exam. For those who want even more review a CD-ROM is included containing two fulllength practice exams with the rationales for the correct and incorrect answers. Kaplan's National Registry Paramedic Prep provides essential content and focused review to help you master the national paramedic exam. This second edition features comprehensive content review, board-style practice questions, and test-taking tips to help you face the exam with confidence. Essential Review Content is weighted to match the NRP so you can focus your study where it counts the most Concise review of the material tested on the exam, including physiology, pharmacology, respiratory emergencies, cardiac emergencies, shock, trauma, obstetrics and gynecology, pediatrics, the psychomotor exam, and more Full-color figures and tables to aid in understanding and retention Realistic practice questions with detailed answer explanations in each chapter Overview of the exam to help you avoid surprises on test day Expert Guidance We invented test prep—Kaplan (www.kaptest.com) has been helping students for 80 years, and our proven strategies have helped legions of students achieve their dreams Now completely updated, this best-selling guide offers test takers the advantage they need to ace the EMT exam, including: --ELEVEN practice exams based on the most recent DOT/NHTSA curriculum-PLUS a free online link to an additional

test --Strategies to help test takers score their best, from reducing test anxiety to understanding how standardized tests work

--Information on how to pinpoint and fill in the gaps in areas where more study is needed

Our dedicated professionals know how people think and learn, and have created our EMT book based on what research has shown to be the fastest, easiest, and most effective way to prepare for the exam. Unlike other study guides that are stamped out in a generic fashion, our EMT test prep manual is specifically tailored for your exact needs. This comprehensive study guide for the EMT-B exam is streamlined and concept driven in a concise, comprehensive, and effective package. A Study Guide including 50 Test Questions and Answers for the EMT Basic Exam (National Registry of Emergency Medical Technicians) If you can memorize these questions and answers, you are sure going to pass this exam in one sitting. Buy this book now EMT Basic Exam Practice Questions are the simplest way to prepare for the EMT Basic test. Practice is an essential part of preparing for a test and improving a test taker's chance of success. The best way to practice taking a test is by going through lots of practice test questions. Taking lots of practice tests helps ensure that you are not surprised or disappointed on your test day. Our EMT Basic Exam Practice Questions give you the opportunity to test your knowledge on a set of questions. You can know everything that is going to be covered on the test and it will not do you any good on test day if you have not had a chance to practice. Repetition is a key to success and using practice test questions allows you to reinforce your strengths and improve your weaknesses. Detailed answer explanations are also

included for each question. It may sound obvious, but you have to know which questions you missed (and more importantly why you missed them) to be able to avoid making the same mistakes again when you take the real test. That's why our EMT Basic Exam Practice Questions include answer keys with detailed answer explanations. These in-depth answer explanations will allow you to better understand any questions that were difficult for you or that you needed more help to understand. Think all EMT-B study guides are the same? Think again! With easy to understand lessons and practice test questions designed to maximize your score, you'll be ready. You don't want to waste time - and money! - having to study all over again because you didn't get effective studying in. You want to accelerate your education, not miss opportunities for starting your future career! Every year, thousands of people think that they are ready for the EMT Basic exam, but realize too late when they get their score back that they were not ready at all. They weren't incapable, and they certainly did their best, but they simply weren't studying the right way. There are a variety of methods to prepare for the EMT Basic Exam....and they get a variety of results. Trivium Test Preps EMT-B Study Guide provides the information, secrets, and confidence needed to get you the score you need - the first time around. Losing points on the EMT Basic exam can cost you precious time, money, and effort that you shouldn't have to spend. What is in the book? In our EMT-B study guide, you get the most comprehensive review of all tested concepts. The subjects are easy to understand, and fully-explained example questions to ensure that you master the material. Best of all, we show you how this information will be applied on the real exam; EMT Basic practice questions are included so that you can know, without a doubt, that you are prepared. Our study guide is streamlined and concept-driven - not filled with excess junk, silly attempts at humor, or confusing filler - so you get better results through more effective study time. Why spend days or even weeks reading through meaningless junk, trying to sort out the helpful information from the fluff? We give you everything you need to know in a concise, comprehensive, and effective package. It's EMT-Basic Exam Crunch Time! Get a plan to ace the exam—and make the most of the time you have left.
