UFO Sightings and Abductions by aliens were the beginning, the tip of the iceberg. Dolores Cannon's work in hypnosis has taken the study beyond abduction. This accumulation of 12 years of cases includes: * Cases of missing time * Spacecraft from other dimensions and planes of existence * Condensed or distorted time * The differences and functions of various alien races * And much more Dolores traces the phenomenon from the simple to the complex. Exploring areas untouched by other investigators, she makes the unbelievable become acceptable and understandable.

This sequel to The Convolved Universe - Book One provides metaphysical information obtained through numerous subjects by hypnotic past-life regression. THE BEGINNING What do you do when you discover information that is before its time? What do you do when your curiosity takes you on an adventure that is so bizarre that there is nothing "normal" to relate to? This is what happened to Dolores Cannon in 1968, long before she began her career as a past-life hypnotherapist and regressionist. Travel back with us to that time when the words "reincarnation, past-lives,

regression, walk-ins, New Age" were unknown to the general population. This is the story of two normal people, who accidentally stumbled across past-lives while working with a doctor to help a patient relax. It began so innocently, yet it crossed the boundaries of the imagination to open up an entirely new way of thinking at a time when such a thing was unheard of. It went totally against the belief systems of the time. It was so startling that they should have stopped, but their curiosity demanded that they continue to explore the unorthodox. The experiment changed the participants and

everyone involved, and their beliefs would never be the same. Dolores Cannon is now a world-renowned hypnotherapist who has explored thousands of cases in the forty years since 1968, and has written fifteen books about her discoveries. Her books are translated into more than 20 languages. She is teaching her unique form of hypnosis all over the world. When she lectures people ask, "How did you get started on all of this?" This is the story of her beginnings. The book was written in 1980, her very first book. It has laid dormant, gathering dust, until now, waiting. Now is the time for it to come

forth. Enjoy the adventure! Dolores Cannon uses information obtained from regressive hypnosis to formulate a provocative viewpoint on the ancient astronaut theory of human origins. Her findings indicate that the earth was seeded eons ago by travellers from outer space. These visits by ancient extraterrestrials did not end with their intervention in human evolution. They have continued up to the present day resulting in a whole class of contemporary humans who have been subject to alien abduction. This is the fourth volume in the series in the wildly

civilizations used and is being brought back now. Ancient mysteries such as: Atlantis, Lemuria, the original Stonehenge, and the creation of life on Earth are explored. Through regressive hypnosis a lost legend of the history of mankind has been retrieved from the recesses of time. Did the American Indians descend from the inhabitants of an alien spacecraft that crashed in the Alaska-Canada region thousands of years ago? Starcrash indicates that aliens continued to come to Earth, some intentionally and by accident, throughout our history. In order to adjust to harsh

conditions they were forced to interbreed with the local aborigines. This was the only way to insure the survival of their race. Does their blood still flow in the veins of certain American Indian tribes? New York Times bestselling author David Wilcock's latest captivating work of nonfiction, exploring new hidden truths about extraterrestrials, dreams, sacred science, channeling your Higher Self, and Ascension What happens when a UFO researcher suddenly comes into telepathic contact with the very beings he has been so avidly studying, after years of increasingly

provocative dreams? What happens when these telepathic "readings" begin predicting the future with astonishing precision—and speaking about an incredible upcoming event in which all life in our solar system will undergo a spontaneous transfiguration? David Wilcock is a master at weaving together cutting-edge alternative science, shocking insider information, and his own personal experiences to reveal stunning truths about humanity, positive and negative extraterrestrials, lost civilizations, and the universe we share. In

Awakening in the Dream, David once again combines his extensive research, the Law of One series, new insider revelations, and his own connection with the divine to bring humanity closer to full disclosure than ever before—as well as to help us activate our full potential on the eve of Ascension. A New York Times bestselling author, TV personality, filmmaker, lecturer, and consciousness expert, David is the perfect person to guide us through the hidden realities of our world. With its myriad information, anecdotes, "big picture" comparative analysis with over six hundred

references, and trustworthy messages channeled directly from the highest-level angelic sources, including a remarkable set of future prophecies built into the Great Pyramid itself, Awakening in the Dream promises to be his most astounding book yet. Magic in the blood. Danger in the streets. Lord Crane has never had a lover quite as elusive as Stephen Day. He knows Stephen's job as justiciar requires secrecy, but the magician is doing his disappearing act more than seems reasonable—especially since Crane will soon return to his home in China. When a blackmailer

threatens to expose their illicit relationship, there's only one thing stopping Crane from leaving the country he loathes: Stephen. Stephen has problems of his own. As he investigates a plague of giant rats sweeping London, his sudden increase in power, boosted by his blood-and-sex bond with Crane, is rousing suspicion that he's turned warlock. With all eyes on him, the threat of exposure grows. Stephen could lose his friends, his job and his liberty over his relationship with Crane. He's not sure if he can take that risk much longer. Crane isn't sure if he can ask him to. The rats are closing in, and

something has to give... Book 2 of the Charm of Magpies series. From the national bestselling and award-winning author of the Vampire Earth saga comes the first in a fantastic new series. Dancing with Angels in Heaven is the fifth book in the pentalogy of the author's encounters with his spirit guide that began when he was confronted on the street by a homeless man named Albert, who turned out to be a wise spirit in disguise. The author's first four books, Dancing on a Stamp, Dancing Forever with Spirit, Dance of Heavenly Bliss, and Dance of Eternal Rapture, recount his dialogue and astral

trips with his guide, who took him to the Spirit Realm and other planets in our galaxy. In his fifth book, the author recalls a trip to the Spirit Side to observe an orientation class about planet Earth for souls planning to incarnate on our planet. In this session, souls learn about the origin of the universe, the true nature of souls, the preparation of Life Plans for each new incarnation, the purpose of a human journey on Earth, the role of spirit guides and guardian angels in our lives, the joyful transition of souls back to the Spirit Side in the afterlife, and the illuminating aspects of the Life Review we will all enjoy after leaving

our bodies behind. The book confirms that God (Source) does not make rules for us to follow and does not judge or punish souls for what they did on Earth, which means that all souls return to the Spirit Side regardless of what they did during their lives. In the Spirit Realm, he was thrilled to meet several famous historical figures, including Albert Einstein, Marie Antoinette, and Mother Teresa, who recalled the wisdom they had gained from their lives on Earth. The author describes an astral excursion to a distant planet inhabited with intelligent reptiles who are able to convert energy from their sun into

sustenance for their bodies, as well as a trip to Earth in a parallel universe where humans learned to drastically reduce pollution by developing a technique to teleport people and goods from place to place without burning fossil fuel. On the Earth plane, the author travelled to the underground caverns in Area 51 where he saw the spacecraft that crashed near Roswell, New Mexico in 1947, along with the bodies of the little aliens who perished in the mishap. Albert confirmed to the author that these aliens are one of several advanced and benevolent ET races who have been visiting our

planet for eons. And his most fascinating experience was listening to a conversation with three wise Masters, Jesus, Mohammad, and Moses, who discussed returning to Earth some day as a much-needed messiah to lead humans onto the path of spiritual enlightenment. The evidence in this book may not ultimately give you the “smoking gun” you are looking for on your journey, but I guarantee it will give you a box of bullets when you find it. In 1996, John Greenewald, Jr. began researching the secret inner workings of the U.S. Government at the age of fifteen. He targeted such agencies as the

CIA, FBI, Pentagon, Air Force, Army, Navy, NSA, DIA, and countless others. Greenewald utilized the Freedom of Information Act (FOIA) to gain access to more than two million pages of documents. This archive includes information relating to UFOs, the JFK Assassination, chemical, biological, and nuclear weapons, and top secret aircraft. He took the millions of pages, and over the course of more than two decades, has built an archive known around the world, as The Black Vault. Inside The Black Vault: The Government’s UFO Secrets Revealed takes you on a journey within the

secret world of unidentified aerial phenomenon that has plagued the military since at least the 1940s. Declassified records prove that the UFO topic is one of the most highly classified and most elusive subjects the U.S. Government has ever dealt with. Each chapter explores various agencies and their documents, and Greenwald breaks down the meaning of why some of the most important documents are relevant to proving a massive cover-up. Along with declassified documents, Greenwald outlines the struggle it took him to get them. No other topic has

proven so difficult, in more than 8,000 FOIA requests that he has filed. He explores why that might be and meets skeptics and debunkers head on, outlining why some of their more prominent rebuttals for it all cannot be true. Dolores Cannon has accumulated information about the death experience and what lies beyond, through 16 years of hypnotic research and past-life therapy. While revealing these experiences hundreds of subjects reported the same memories when experiencing their death, the spirit realm and their rebirth. Recorded and dictated word for

word, the subjects reveal enlightening wisdom that is hidden in the subconscious of all humankind. Embraced worldwide as key spiritual teachers of our times, the Pleadians are back, with another bold and controversial look at our highest purpose on Earth. Earth: Pleadian Keys to the Living Library is their handbook to inspired living, calling on us to restore and return value to the human being, and to recognize the Goddess energies and the power of blood as connections to our DNA and our heritage. Using wit, wisdom, and deep compassion, they entice us to explore

the corridors of time through the concept of the Game Masters; to awaken the crucial codes for multidimensional perspective; and to redream the Living Library of Earth. Their teachings are significantly arranged in twelve chapters to trigger a deeper understanding of our ancestral lineage. Earth probes the memories hidden deep within us to reveal our crucial roles in the transformational process unfolding in our times. A guide to accessing your own Akashic Records. Flung to freedom as their mother battles a group of slave-trading dwarves, young Wistala and her gray, scaleless brother, Auron, find themselves alone in the Upper World. And when Auron sacrifices himself so that she may live, Wistala must overcome her grief and fear to find others of her kind- and bring her wrath to bear on those who would destroy them. This guide for young readers describes what worry is, some things that cause it,

and how to deal with it. This is a story of a young girl who was moved from where she grew up, to a new place in the country where she knew no one. Here she encounters a very special friend to help her adapt. Many of us lived previous lives as keepers of sacred knowledge that was taught in the ancient mystery schools. Much of this knowledge was lost through time due to disasters and destruction or death. The knowledge was reserved for a select few who devoted their lives to understanding and teaching it. UFO sightings and abductions by aliens were the beginning, the tip

of the iceberg. Dolore Cannon's work in Hypnosis has taken the study beyond abduction. Dolores traces the phenomenon from the simple to the complex. Exploring areas untouched by other investigators, she makes the unbelievable become acceptable and understandable! Danger in the air. Lovers on the brink. With the judiciary understaffed, a series of horrifying occult murders to be investigated, and a young student flying off the rails, magical law enforcer Stephen Day is under increasing stress. And the strain is starting to show in his relationship with his aristocratic lover, Lord Crane.

Crane chafes at the restrictions of England's laws, and there's a worrying development in the blood-and-sex bond he shares with Stephen. A development that makes a sensible man question if they should be together at all. Then a devastating loss brings the people he most loves into bitter conflict. Old enemies, new enemies, and unexpected enemies are painting Stephen and Crane into a corner, and the pressure threatens to tear them apart... Book 3 of the Charm of Magpies series. "Mommy, I used to be a tall baseball player." "Yes, you will be a tall

baseball player someday." "With a look of exasperation, he stomped his foot and hollered. "No! I was a tall baseball player—tall like Daddy!" What was my son trying to say to me? Did he mean . . . he couldn't mean . . . was he trying to tell me that he was a grown-up in a previous lifetime? At the tender age of two, baseball prodigy Christian Haupt began sharing vivid memories of being a baseball player in the 1920s and '30s. From riding cross-country on trains, to his fierce rivalry with Babe Ruth, Christian described historical facts about the life of American hero and baseball legend Lou

Gehrig that he could not have possibly known at the time. Distraught by her son's uncanny revelations, Christian's mother, Cathy, embarked on a sacred journey of discovery that would shake her beliefs to the core and forever change her views on life and death. In this compelling and heartwarming memoir, Cathy Byrd shares her remarkable experiences, the lessons she learned as she searched to find answers to this great mystery, and a story of healing in the lives of these intertwined souls. The Boy Who Knew Too Much will inspire even the greatest skeptics to consider the

possibility that love never dies. Did an Italian monk, out of a burning love of music, invent a time machine in this century -- a machine that would extend his senses far back into time? According to Mr. Krassa, Father Alfredo Pellegrino Ernetti, born in 1926 and who died mysteriously in 1996, developed the apparatus over a period of 40 years. Ernetti, a professor of Archaic Music, was obsessed with the notion of finding out what an Old Roman opera, Thyestes, sounded like when played with musical instruments of that period. Driven by his passion, he developed a theoretical basis so

brilliant he was able to gather a team of distinguished scientists who would bring life to his time machine, The Chronovisor. Your students and users will find biographical information on approximately 300 modern writers in this volume of Contemporary Authors(R). Authors in this volume include: Diane Arbus Nina Kiriki Hoffman Michael Moore This volume contains 143 quatrains interpreted by the great master Nostradamus himself. Dolores Cannon is a regressionist and psychic researcher who has developed her own unique method of hypnosis

that has enabled her to gain the most efficient release of information from her subjects. Since 1979, she has regressed and catalogued information gained from hundreds of volunteers. A lord in danger. A magician in turmoil. A snowball in hell. Exiled to China for twenty years, Lucien Vaudrey never planned to return to England. But with the mysterious deaths of his father and brother, it seems the new Lord Crane has inherited an earldom. He's also inherited his family's enemies. He needs magical assistance, fast. He doesn't expect it to turn up angry. Magician Stephen Day has good

reason to hate Crane's family. Unfortunately, it's his job to deal with supernatural threats. Besides, the earl is unlike any aristocrat he's ever met, with the tattoos, the attitude...and the way Crane seems determined to get him into bed. That's definitely unusual. Soon Stephen is falling hard for the worst possible man, at the worst possible time. But Crane's dangerous appeal isn't the only thing rendering Stephen powerless. Evil pervades the house, a web of plots is closing round Crane, and if Stephen can't find a way through it-they're both going to die. Book 1 of the Charm of Magpies series. Dolores has

accumulated information about the Death experience and what lies beyond through 16 years of hypnotic research and past-life therapy. While retrieving past-life experiences, hundreds of subjects reported the same memories when experiencing their death, the spirit realm, and their rebirth. This book also explores: * Guides and guardian angels* Ghosts and poltergeists* Planning your present lifetime and karmic relationships before your birth* The significance of bad lifetimes* Perceptions of God and the Devil* And much more This book summarizes

THE BEST insights of thirty-seven of the world's most authoritative sources. It provides readers with a vast cross-section of information and perspectives on this initiation into a divinely ordained, new beginning for our world! The authors of this prophetic anthology explain what's happening around us today and what "ascension" is all about. Each chapter adds dimension, reassurance and excitement about this exciting transition. The persistent memory of a horrible death, that reached across time and space, and caused a 22 year old American girl to seek past-life therapy, revealed the dramatic story

of a Japanese man who was killed in the atomic bombing of Hiroshima. There have been many stories of pain, death and destruction told by survivors of the Hiroshima bombing. This is the eyewitness account of one who did not survive! This case revealed startling information about the Japanese side of the war. Research into the bombing also revealed terrible truths that the public was not aware of at the time of this dramatic ending of World War II. Eyewitness accounts of the secrets of the mystery school of the Essenes at Qumran; and Jesus' and Joseph of Arimathea's

connection with the Essenes. The information was gained through regressive hypnosis. * Is it possible that you are living in other universes simultaneously with this one? * Do you travel back and forth between other dimensions without your conscious knowledge? * Could it be possible that you are only a splinter or fragment of a much larger soul? * Do parallel universes exist side-by-side with this one? * Are you living all your past and future lives at the same time? * What is the God Source? These questions and many more are explored in this long-awaited sequel to The Custodians. This

information proceeded beyond abduction into complicated metaphysics, creating the need to explore more mind-expanding We are children of the stars. This is our legacy and our heritage. In the history of the cosmos, Earth is a young planet. Our souls, on the other hand, have been around forever and will continue to be around forever. Thus Earth is not our only home. We have lived many lives in unusual environments before deciding to journey here and learn the lessons of Earth. After our schooling is completed on this planet, we will journey onward to discover new

worlds to explore. The memories of these soul journeys are recorded in our subconscious, and in Legacy from the Stars hypnotherapist Dolores Cannon shows that they can be retrieved through regressive hypnosis. She reports dramatic cases where the subjects relived other lifetimes in strange environments -- inhabitants of other planets. After reading her latest book, you may agree that "we are all extraterrestrials," and Earth is merely a stop-over in our long adventure. "I feel it is one of the best approaches I have found to grasp the most jarring enigma humanity

has ever faced."
—George Noory, host of Coast to Coast AM "We cannot separate the earth from its greater cosmic environment. What is needed is a new story and Alan Steinfeld's Making Contact is part of that story."
—Deepak Chopra, Author, Total Meditation How can we prepare for an event that is literally beyond anything humanity has ever faced? Making Contact presents multiple perspectives on what no longer can be denied: UFOs and their occupants are visiting our world. The book answers questions which remain in the wake of the recent Pentagon's disclosures as to

who and why these beings are here. The volume contains original writings by the leading experts of the phenomena such as: Linda Moulton Howe, Earthfiles reporter, Whitley Strieber best-selling author of Communion, Professor John E. Mack, former head of the Harvard Medical school of psychiatry and an alien abduction investigator, Darryl Anka internationally known for his communication with the extraterrestrial Bashar, Nick Pope, former UK Ministry of Defense UFO investigator, Grant Cameron expert on American presidents and UFOs, Drs. J.J. and

Desiree Hurtak, globalists and founders of the worldwide organization, The Academy for Future Science, Caroline Cory, director of Superhuman and ET: Contact, Mary Rodwell, author of the New Human about star-seed children, Henrietta Weekes, actress and writer, expressing the poetic aspects of making contact. Alan Steinfeld, contributes and curates the collection with 30 years of experience with the subject. The Foreword by George Noory of Coast to Coast AM kicks off the volume with his veteran overview of the need to wake up to the "new realities of extraterrestrial

existence." At this critical juncture in the government's official acknowledgement of the reality of UFOs/UAPs, scientists, politicians and mainstream news outlets have no idea what to make of these startling revelations or the outpouring of sightings and "contact" experiences currently being reported on a global scale. The book stands as the most comprehensive clarification to date on the intent and intelligence behind the phenomena. The variety of viewpoints expressed in the volume provide a solid foundation for the "preparation" of

the greatest challenge to ever face humankind. Making Contact stands as the essential handbook for embracing the most exalted moment in history: Meeting the cosmic others. In this book you will discover what the messages from the different body systems mean and how you can heal any situation by understanding the message that is being delivered and acting appropriately on that message. This is a secret language that is now being revealed. It is no longer a mystery. Discover for yourself what YOU are trying to say to YOURSELF. Mind, Body, Spirit. Sequel to Jesus and the Essenes. The past-

life memories of two women capture a true and compelling portrait of Jesus the man, from the healing miracles he performed to the gentle philosophy he preached. This is an INSIDER view, direct from Jesus' time, deep in feeling tones and profound in implications, giving a sense of how things truly were. This book includes drawings of the Temple and Old Jerusalem, and includes scenes at the Temple in Jerusalem, visits to homes and leper colonies, political intrigues leading to the crucifixion, and also the personal feelings of those who met him. The realism of this information is

astounding. Book Five in "The Convoluted Universe" series provides metaphysical information obtained through numerous subjects by hypnotic past-life regression.
