Domestic Abuse Disclosure Schemes Oct 12 2021 This book draws on empirical work to examine the debates surrounding domestic violence disclosure schemes (also known as Clare's Law), focussing on England and Wales with comparisons to similar jurisdictions. Clare's Law allows any member of the public the right to ask the police if their partner may pose a risk to them. This book sets out a coherent methodology for analysing these schemes which are growing in popularity. It discusses their pros and cons and the challenges with operating and regulating them. It ultimately seeks to examine whether the disclosure of information concerning the criminal history of one person to that person's intimate partner will ultimately increase the likelihood of keeping their partner safe. It speaks to academics working in the domestic violence / regulation/ criminal justice/ criminology fields as well as by policy makers in front line services and government agencies.

*Disclosure of Tax and VAT Avoidance Schemes* Sep 11 2021 The 2004 Budget introduced far-reaching legislation on Tax Avoidance Schemes. In theory, anybody using such a scheme must declare it to the relevant authority; in addition, a register of types of scheme will be maintained. Tolley's Disclosure of Tax and VAT Avoidance Schemes enables the practitioner to meet their legal obligations under the new legislation, explaining broad and generalist legislation in practical, hands-on terms. The only book on the market dealing with this area, it ensures the practitioner complies fully with disclosure requirements and suggests alternative solutions to current schemes. Essential reading for any tax adviser, providing crucial assistance with fulfilling new legal responsibilities and avoiding prosecution.
