*Notes of a Twenty-five Years' Service in the Hudson's Bay Territory* May 20 2022 This two volume set is an autobiographical account of the author's 25 years working with the Hudson's Bay Company. Volume one includes the beginning of McLean's career with the Hudson's Bay Company in 1820 to his post in New Caledonia. Labrador is referenced several times in this volume, with regards to the boundaries of the Hudson's Bay Company's territories, and also to the language spoken by the natives there. Volume two includes descriptions of McLean's journey to Norway house and those posts following it as well as an in-depth discussion of his expedition to the interior of Labrador to find furs and trading opportunities. In his chapters about Labrador, McLean describes the area itself, the inhabitants (including the Nascopie Indians, Esquimaux, and Europeans), the climate, and the languages spoken there.

**Five Years, Four Fronts** Oct 01 2020 After Hitler's invasions of Poland and France came the Russian Front—and that's when the real war started. An infantryman who rose from the enlisted ranks to regimental command in combat, Georg Grossjohann fought on four different fronts during World War II, but saw most of his fighting—from 1941 to 1944—against Russians in the Soviet Union and Romania. He provides shattering glimpses of the horror and chaos of the war, as well as profound insights into everyday life in the Wehrmacht. Five Years, Four Fronts chronicles the combat experiences of Grossjohann and his men as they triumphantly roll across Poland, France, and the sunny steppes of the Ukraine, only to ultimately sustain grinding defeats in the endless, freezing plains of the Soviet Union and the grim, dark Vosges Mountains of France. Grossjohann was a soldier's soldier, respected by his men, undaunted by his superiors, and, as can be observed in this raw, brutally honest account, not afraid to call the shots as he saw them.
