*intermediate level 19 year olds from several European and Japanese universities is currently studying on an exchange programme at a British university. They need to improve their reading skills as they tend to tunnel-read and to look up unknown words in the dictionary too often when faced with long, challenging texts. They are very fluent in informal speaking but need to develop more formal group discussion skills. They have expressed a desire to learn more idiomatic expressions. This book explores what writing for pleasure means, and how it can be realised as a much-needed pedagogy whose aim is to develop children, young people, and their teachers as extraordinary and life-long writers. The approach described is grounded in what global research has long been telling us are the most effective ways of teaching writing and contains a description of the authors' own research project into what exceptional teachers of writing do that makes the difference. The authors describe ways of building communities of committed and successful writers who write with purpose, power, and pleasure, and they underline the importance of the affective aspects of writing teaching, including promoting in apprentice writers a sense of self-efficacy, agency, self-regulation,*

***volition, motivation, and writer-identity. They define and discuss 14 research-informed principles which constitute a Writing for Pleasure pedagogy and show how they are applied by teachers in classroom practice. Case studies of outstanding teachers across the globe further illustrate what world-class writing teaching is. This ground-breaking text is essential reading for anyone who is concerned about the current status and nature of writing teaching in schools. The rich Writing for Pleasure pedagogy presented here is a radical new conception of what it means to teach young writers effectively today. Mastering Skills takes a fresh approach to the teaching of grade-specific skills. Each book uses a wide range of activities to spark students' interest in learning. As students complete the activities, they develop the skills they need to meet academic standards in reading, writing, math, social studies and science. Both teachers and parents can use the books to introduce new concepts, to assess learning and skill development, and to reinforce familiar knowledge. The versatile activities can be used for individual practice, test preparation, or homework assignments. Complete answer keys are provided. Book jacket.***
