*five Disputed Questions on Logic Experience and the Absolute Saint Bonaventure's Disputed Questions on the Knowledge of Christ The Collected Works of St. Thomas Aquinas. The Disputed Questions on Truth Public and Private Education in America: Examining the Facts On the Power of God On Evil*

*On Evil Dec 23 2019 The De Malo represents some of Aquinas' most mature thinking on goodness, badness, and human agency. In it he examines the full range of questions associated with evil: its origin, its nature, its relation to good, and its compatibility with the existence of an omnipotent, benevolent God. This edition offers Richard Regan's new, clear readable English translation, based on the Leonine Commission's authoritative edition of the Latin text. Brian Davies has provided an extensive introduction and notes. (Please note: this edition does not include the Latin text).*

*Essays on Some Disputed Questions in Modern Dec 03 2020 Excerpt from Essays on Some Disputed Questions in Modern: International Law Expedition of 1882, refers in eulogistic terms to the ably planned and well executed operations whereby our fleet seized the Suez Canal. He*

*then adds, The inference to Americans is Obvious, that the neutrality Of any canal joining the waters of the Atlantic and Pacific Oceans will be maintained, if at all, by the nation which can place and keep the strongest ships at each extremity. NO doubt the gallant Commander is right, so far as physical force is concerned; but, with regard to the legal aspect Of the case, I have contended that all the states interested in the canal must concur in its neutralization, before the status of neutrality can be conferred upon it. Here again my view receives confirmation from current authority; for I see in the news papers that the International Peace and Arbitration Conference, assembled at Berne early in the present month, resolved that a guarantee Of all the maritime powers was necessary in order to effect the neutralization of interoceanic canals. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.*

*Who is Jesus? May 08 2021 New Testament scholars have long debated the historical identity of Jesus and the development of Christology within the church's history. In Who Is Jesus? Carl Braaten reviews the various historical Jesus quests, arguing that it is time for the current ("third") quest to admit failure. Against the implication that "the real Jesus has been lost and needs to be found," Braaten maintains that the only real Jesus is the One presented in the canonical Gospels and that "any other Jesus is irrelevant to Christian faith." He draws on a wealth of historical resources to address such contentious questions as these: What can we actually know about Jesus of Nazareth? Did Jesus really rise from the dead? Is Jesus unique -- the one and only way of salvation? Why did Jesus have to die on the cross? Was Jesus the founder of the Christian church? What does Jesus have to do with politics?*

*Experience and the Absolute May 27 2020 Does the philosophy of Martin Heidegger represent the emergence*

*of a secular anthropology that requires religious thought to redefine the religious dimension in human existence? In this critical response, Lacoste confronts the ultimate definition of human nature, the humanity of the human. He explores that definition through an analysis of the "absolute" as a phenomenological datum. Lacoste establishes a conception of human nature that opens possibilities for religious experience and religious identity in view of Heidegger's profound challenge. He develops a phenomenology of the liturgy, and subjects the categories of "experience," "place," and "human existence" to careful examination. Making a strong case for the affective nature of religious experience, he sides with Schleiermacher against Hegel in associating religion with affectivity rather than logic. Such affectivity, he claims, can be more rational than reason as framed in Hegelian logic.*

*Thomas Aquinas: Disputed Questions on the Virtues Aug 11 2021 The great medieval philosopher Thomas Aquinas (1224/6-1274) was Dominican regent master in theology at the University of Paris, where he presided over a series of academic debates on ethical topics. This volume offers new translations of disputed questions on the nature of virtue. The introduction explains how Aquinas' theory of virtue fits into his conception of ethics as a whole, and clarifies Aquinas's views by explaining the institutional and intellectual context in which the disputed questions were debated.*

*Aquinas's Disputed Questions on Evil Jun 20 2022*

*Thomas Aquinas's Disputed Questions on Evil is a careful and detailed analysis of the general topic of evil,*

*including discussions on evil as privation, human free choice, the cause of moral evil, moral failure, and the so-called seven deadly sins. This collection of ten, specially commissioned new essays, the first book-length English-language study of Disputed Questions on Evil, examines the most interesting and philosophically relevant aspects of Aquinas's work, highlighting what is distinctive about it and situating it in relation not only to Aquinas's other works but also to contemporary philosophical debates in metaphysics, ethics, and philosophy of action. The essays also explore the history of the work's interpretation. The volume will be of interest to researchers in a broad range of philosophical disciplines including medieval philosophy and history of philosophy, as well as to theologians.*

*Seven Questions in Dispute Feb 14 2022 The chapters forming the content of this volume appeared, primarily, as a series of articles in the columns of The Sunday School Times, and are not written from a sectarian or denominational standpoint. The principles and propositions discussed are fundamental. The differences which raise the issues considered, show a line of cleavage that runs through all denominations. As modernism attacks all that is vital in the Christian religion, the real issue presented is: Shall Christianity remain Christian? - Preface.*

*Aquinas's Disputed Questions on Evil Mar 18 2022 This collection of specially commissioned new essays explores the philosophical issues and subjects of Aquinas's major work.*

*Public and Private Education in America: Examining the Facts Feb 23 2020* This work is part of a series that uses evidence-based documentation to examine the veracity of claims and beliefs about high-profile issues in American culture and politics. Each book in the Contemporary Debates series is intended to puncture rather than perpetuate myths that diminish our understanding of important policies and positions; to provide needed context for misleading statements and claims; and to confirm the factual accuracy of other assertions. This particular volume examines beliefs, claims, and myths about public and private K-12 education in the United States. Issues covered include categories of public and private schools and variations in academic performance and socioeconomic status therein; controversies surrounding school choice, including school vouchers and charter schools; accountability and assessment of private and public schools; debates about school environment, safety, and curricula; and teacher and administrator quality. All of these issues are examined in individualized entries, with objective responses grounded in up-to-date evidence.

*Was Hitler a Darwinian? Apr 06 2021* In tracing the history of Darwin's accomplishment and the trajectory of evolutionary theory during the late nineteenth and early twentieth centuries, most scholars agree that Darwin introduced blind mechanism into biology, thus banishing moral values from the understanding of nature. According to the standard interpretation, the principle of survival of the fittest has rendered human behavior, including moral behavior, ultimately selfish. Few doubt that Darwinian theory, especially as construed by the master's German

disciple, Ernst Haeckel, inspired Hitler and led to Nazi atrocities. In this collection of essays, Robert J. Richards argues that this orthodox view is wrongheaded. A close historical examination reveals that Darwin, in more traditional fashion, constructed nature with a moral spine and provided it with a goal: man as a moral creature. The book takes up many other topics—including the character of Darwin's chief principles of natural selection and divergence, his dispute with Alfred Russel Wallace over man's big brain, the role of language in human development, his relationship to Herbert Spencer, how much his views had in common with Haeckel's, and the general problem of progress in evolution. Moreover, Richards takes a forceful stand on the timely issue of whether Darwin is to blame for Hitler's atrocities. Was Hitler a Darwinian? is intellectual history at its boldest.

*Disputed Questions Dec 27 2022 "Reflecting Thomas Merton's lifelong examination of the relationship between the monastic, contemplative life and the need for spiritual expression in the secular world, these essays explore the coming together of the active and the contemplative life and the relationship of persons to social organizations. Ranging from an account of the Greek monastic community on Mount Athos to a look at the spiritually destructive power of racism, Merton's writing manages to be both lively and profound as he leads the reader through the hard questions of modern existence, bringing together traditional religious values with a concern for the spiritual needs of the present day." --cover matter.*

*Christianity and World Religions Jan 28 2023 An engaging and accessible introduction to Christianity's relationship with other world religions, addressing the questions of why the reality, and vitality, of other religions has become a challenge, and showing how Christianity is equipped to deal with religious plurality at both the doctrinal and social level. Timely and accessible, this book tackles the question of why the reality, and vitality, of other religions has become a challenge for Christianity Makes a decisive contribution to debates about the clash between Islam and the West, arguing that the major threat to religious freedoms come from secularism, and that Islam and Christianity both have the resources to develop a vibrant and pluralist public square; one informed by intellectual rigor and debate Considers the wider issue of how modernity has defined 'religion', and provides a substantial critique of secular ways of controlling religions Shows how Christianity is very well suited to deal with religious plurality at the doctrinal and social level Addresses the core issues and describes the various answers that have been proposed in recent years - making it an ideal introduction to the field, and one which will stimulate ideas and discussions*

*Thomas Aquinas's Quodlibetal Questions Mar 30 2023 Thomas Aquinas was one of the most significant Christian thinkers of the middle ages and ranks among the greatest philosophers and theologians of all time. In the mid-thirteenth century, as a teacher at the University of Paris, Aquinas presided over public university-wide debates on questions that could be put forward by anyone about*

*anything. The Quodlibetal Questions are Aquinas's edited records of these debates. Unlike his other disputed questions, which are limited to a few specific topics such as evil or divine power, Aquinas's Quodlibetal Questions contain his treatment of hundreds of questions on a wide range of topics--from ethics, metaphysics, philosophy of mind, and philosophy of religion to dogmatic theology, sacramental theology, moral theology, eschatology, and much more. And, unlike his other disputed questions, none of the questions treated in his Quodlibetal Questions were of Aquinas's own choosing--they were all posed for him to answer by those who attended the public debates. As such, this volume provides a window onto the concerns of students, teachers, and other interested parties in and around the university at that time. For the same reason it contains some of Aquinas's fullest, and in certain cases his only, treatments of philosophical and theological questions that have maintained their interest throughout the centuries.*

*Marriage and the Catholic Church Jul 22 2022 In this collection of theological essays, Michael Lawler confronts difficult questions in the Catholic theology of marriage. Lawler addresses questions about marriage and sacrament, faith and sacrament, divorce and remarriage, cohabitation, and Catholic models of marriage honestly, historically, accurately, and pastorally. He identifies and explores debated issues, embraces a position on them, and sustains his position with reasoned Catholic insight and pastoral sensitivity. With an excellent command of the sources, he offers a fresh look at the Catholic theology of marriage for a new millennium.*

*Twenty-five Disputed Questions on Logic Jun 28 2020 Albert of Saxony was one of the great logicians of the Middle Ages, on a par with William Ockham and John Buridan. The Twenty-Five Disputed Questions on Logic treat of central issues in logic, both then and now, such as the nature of meaning, of universals, of truth, and of tense and modality; and the quality and quantity of propositions, the role of negation, and the relations of contradiction and equivalence between them. Dr.*

*Fitzgerald has studied Albert's work extensively, and previously edited the Twenty-Five Disputed Questions from the original manuscripts. This translation makes available for the first time in English this careful and exemplary examination of logical notions by an outstanding medieval thinker.*
